CALCUTTA RIOTS FLAME UP ANEW

Police Open Fire On Six Occasions As Battling Continues

ACID-TOSSINGS, ASSAULTS AND STABBINGS REPORTED

CALCUTTA, Oct. 26.—(AP)—Additional British troops were moved into the Calcutta area tonight and others were placed on the alert as continued rioting in the city between Hindus and Moslems brought death to at least 26 persons and injuries to at least 50.

A Bengal government press note said that police had opened fire on at least six occasions today. Gunshots echoed through various sections of the city tonight and there were continual movements of military police and fire brigade trucks, and ambulances.

In addition to stabbings, assaults and acid-throwing, there were reports of arson and looting in north Calcutta, including the burning of several small houses and boats along the Hooghly river.

The Indian National Ambulance Corps and fire brigade personnel rescued nearly 200 persons from "dangerous" areas.

The transportation in Calcutta remained near a standstill as taxicab, bus and streetcar drivers refused to work until the government provided sufficient protection against hooliganism.

Lt. Gen. F. R. Bucher, commander of British eastern command headquarters in Calcutta, told a press conference that "four battalions and a regiment have been stationed in Calcutta to deal with any situation that may arise here."

Bucher added that he had expressed to the Bengal government willingness to provide military protection for public vehicles on the road and to arrange convoys in dangerous sections of the city.

The strife-torn Noakhali and Tipperah districts of Eastern Bengal appeared to be quieting. Brig. P. M. Thapar, commanding military operations in the area, told a reporter that the situation was "well in hand" and that no incidents had been reported since Oct. 22.

Bucher said the big immediate

EXTENDS TIME ON 2 SUGAR STAMPS

Spare Stamps No. 9 And 10 Will Be Valid Through Nov. 30

WASHINGTON, Oct. 26.—(AP)—Housewives will have another 30 days to use their canning sugar stamps, the OPA announced tonight.

Instead of expiring at the end of this month, spare stamps No. 9 and 10 will continue valid through November 30. Each is good for five pounds.

The action completes a series of moves designed to offset local and regional sugar shortages resulting from the maritime strike. Earlier this week arrangements were made to ship western beet sugar to the east.

OPA officials had opposed this on two grounds. They said it would be a strike-breaking activity, and that railroad shipments from the west with additional freight costs might upset the ceiling prices.

Agriculture department officials eliminated part of these objections by agreeing that government funds will come out of the Commodity Credit Corporation which is authorized to buy and sell foods at a loss as part of its program of keeping farm and food products at a stable price level.

The OPA announcement said tonight it had agreed to movement of "western beet sugar into eastern deficit areas" in order "to permit housewives to receive their fair share of sugar."

It added that extension of the valid date of the stamps "will permit housewives who have been unable to obtain home canning sugar to finish putting up the last fruits of the canning season."

The regular table sugar stamp, spare No. 51 in ration books, remains good for five pounds until the end of this year.

Sugar is the only food still rationed at consumer levels. Each rationbook holder was allotted 25 pounds this year, on the basis of three stamps, each valid for four months, and the two canning stamps.

TRUMAN AND WIFE GO TO 'SHANGRI LA'

WASHINGTON, Oct. 26.—(AP)—President and Mrs. Truman drove to the Catoctin Mountains in western Maryland today for an overnight visit to "Shangri La," the presidential camp.

They arrived safely at the camp shortly after 5 p. m., the White House reported, after a 2-hour drive to the camp, located near Thurmont, Md., 70 miles from Washington. They are to return to the White House after lunch tomorrow.

PEGGY JOYCE FRANTOM

In accordance with custom, the Louisiana State Firemen's Association will have a pretty girl resident of its convention city as sponser during its annual meeting here this week. She is Miss Peggy Joyce Frantom, 14-year-old daughter of Capt. and Mrs. Robert L. Frantom, 309 Bell avenue, and a freshman at Neville High School. Her father is captain of No. 1 company at Central Station. Miss Frantom, who was chosen for the honor by Chief Harvey L. Special Assistant Is Accused Of Violating Department Rules

By Brack G. Curry

WASHINGTON, Oct. 26.—(AP)—Attorney General Clark was reported planning to handle the mass sedition cases personally today following his summary dismissal of Prosecutor O. John Rogge in a policy row.

Clark fired Rogge as his special assistant because of a speech by Rogge reporting alleged Nazi schemes to influence American elections and naming public figures. Clark declared Rogge violated justice department rules by quoting from a report in which Rogge had recommended dismissal of the sedition cases.

Rogge said in Seattle that Clark had told him the report would not be made public. Rogge added that his purpose was to tell the American public about "Fascism" and "I propose to continue to tell about it."

In a letter to Rogge made public by the justice department, Clark said certain statements made by Rogge in a speech at Swarthmore College Tuesday night "could only have come from your report."

"It therefore appears," Clark added, "That you willfully violated the long-standing rules and regulations of the department of justice which make reports confidential."

An official close to Clark told a reporter the attorney general "form now on will handle the sedition cases himself." He declined to elaborate, but this would indicate that Clark personally will review the mass of evidence and determine whether the government will ask for a new trial. That was Rogge's function as special assistant to Clark.

The first trial, in which 30 persons were charged with conspiracy to undermine the morale of the armed forces, began on April 17, 1942. It ended in a mistrial four and a half months later with the death of Presiding Judge Edward E. Eicher.

Rogge was sent to Europe by Clark last spring to ferret out new evidence in preparation for a new trial. When he returned, he wrote a 391-page report based on interviews with former Nazi officials and captured documents.

Rogge submitted the report to Clark on Sept. 28. Clark's letter disclosed

CIO CANCELS PLAN FOR TWO PARISHES

Badly Beaten At Urania, Organizers Run Out On Clarks Election

From its announced program to "organize the whole South" the C. I. O. has crossed off Caldwell and LaSalle parishes as "hopeless,' it was revealed here yesterday. The reason was obtained in telephone conversations with C. C. Shepherd, president of the Louisiana Central Lumber Company at Clarks, and Quintin T. Hardtner, president of the Urania Lumber Company at Urania.

It was at Urania on October 15 that the C. I. O. suffered one of the worst defeats it ever has met in its organization efforts. The little town had been filled with "international representatives" of the Phillip Murray group for weeks, and at their behest Field Inspector Ormsbee of the New Orleans office of the National Labor Relations board came to Urania and set the date for a plant election to determine the simple question as to whether the 250 employes eligible to vote wanted the C. I. O. as its bargaining agency. The result was 211 ballots against and only 34 for the proposal.

"One of the organizers told me before the election that if they lost at our plant they would not go through with the one that had been arranged for the Clarks plant, 15 miles north of us, for October 21," said Mr. Hardtner, and that is just what occured.

What happened at Clarks was told by Mr. Shepherd. "For a period of ten weeks our plant had been overrun by C. I. O. agents from Winnfield, Olla and New Orleans," he said, "and our 650 employes, who had never been organized, were solicited. Then came Ormsbee on October 11 and he set the plant election date for the 21st. On the next day, the 12th, the C. I. O. gang came in force and with a loud-

FARMERS MOSTLY HOLDING COTTON

Flow To Market Drops To Mere Trickle Since Drop In Prices

NEW ORLEANS, Oct. 26.—(AP)—The flow of cotton to market has subsided to a mere trickle in most parts of the South since the drastic price break of last week, with farmers holding onto the staple in hopes of a rebound on the exchange boards.

The withholding movement is apparent everywhere in the belt, a survey showed today, although the degree of the selling slack varies somewhat. Sales were down to 10 percent of normal in a number of areas. In some places only farmers in need of immediate cash were reported disposing of their product.

There was a difference of opinion as to whether present withholdings of cotton by farmers would itself be a major factor in forcing prices back to the point from which they started the

TRUMAN BUYS OWN PRIVATE, LAVISH RAILWAY CAR FOR $10

By Douglas B. Cornell

WASHINGTON, Oct. 26.—(AP)—For the first time in the history of White House travels, the president of the United States has his own private railroad car, Charles G. Ross, press secretary, disclosed today.

Although lavishly fitted, the car set the taxpayers back a mere $10.

It is a veritable rolling fortress, with tough armor plate and three-inch-thick windows of bullet-proof glass. It weighs 286,520 pounds; an ordinary steel passenger car weighs around 160,000 pounds.

Actually, the car has been assigned solely to presidential use since early in the war. But until last June it was owned by Association of American Railroads. The first trip under government ownership brought President Truman to Washington from New York Wednesday night.

The White House has a fleet of automobiles. It has an air corps plane, the Sacred Cow, reserved for presidential trips. It has a yacht, the Williamsburg. And if the president has a mind to, he can press a buzzer for his naval aide and say:

"Get me a cruiser. I've got to go to Potsdam."

But for rail travel, the chief executive relied through the years on regular Pullman Company equipment, the same private cars anybody could hire by paying the customary rates.

Early in the war, Michael F. Reilly, then head of the White House secret service detail, decided more protection was needed. Members of the Association of American Railroads chipped in on the cost and the Pullman Standard Car Manufacturing Company made over the old "Ferdinand Magellan."

The armor and other safeguards were added under supervision of the secret service and army ordnance experts. Elevators were installed on the rear platform for the crippled President Roosevelt.

At the rear of the car is a parlor with easy chairs, sofa and radio. In the center are several bedrooms, the

TROOPS AND INDIANS HUNT KILLERS OF AMERICAN BRIDE

Fatal Shooting Of Oklahoma Woman Starts Manhunt In Mexico

By Reginald L. Wood

MEXICO CITY, Oct. 26.—(AP)—Mexican troops with Indian guides fought their way through tangled underbrush today along the semi-tropical Blasas River in Mexico's biggest manhunt in recent years seeking the killers of Nan Peiker Beach, 19, of Tulsa, Okla., and New York City.

Nan, a bride of four months, was wounded fatally Wednesday night while sleeping in the arms of her husband, Charles Edward Beach, 28, New York City, commercial artist. The young people were on a honeymoon down the dangerous and desolate Blasas River, a trip few have dared to make and then only when heavily armed.

The troops searched the town of Tetela, not far from the scene of the shooting, for traces of loot taken from the young couple.

From Tetela, about 62 miles due west of the main Mexico City to Acapulco highway, troops followed Indian trails virtually unknown except to the natives of Guerrero, one of the wildest sections of the country. A plane aided searchers.

Beach said he and his wife had started early Wednesday morning from the tiny town of Blasas in the state of Guerrero, 110 miles southwest of Mexico City, in a homemade canvas-covered canoe. They paddled about 40 kilometers (25 miles) over rapids and along the picturesque Balsas which drops from the high plateaus near Taxco to the Pacific

BROWNIE SCOUT PROGRAM GROWS

Twin City Community Chest Aids With Needed Financing

Through increased financial aid given by the Twin City Community Chest the Brownie Scout Program has grown rapidly in Ouachita parish during the short period in which Girl Scouts have been organized in this community. This phase of their program is designed especially for girls from seven to ten years of age and originates the training program of the senior girls. Present requests for membership indicate that it will be necessary to organize many more groups to take care of the hundreds of little girls who are anxious to be Brownies.

At present this popular young group is under the leadership of twenty leaders whose interest is and understanding of children at this age has been responsible for the success of this phase of the program. These girls who make up nine troops have not only the satisfaction of "belonging" and the pleasure of congenial companionship their own age, but also an opportunity to learn simple homemaking skills, to enjoy experiences not possible elsewhere for many, such as trips to the woods, camping, and working on committees. Service to others is stressed. A part of each Brownie meeting is planning how each Brownie might help at home during the following week for "Helping other people, especially those at home" is an important part of the Brownie promise. So that they may be of real help they learn in their meetings how to set a table, make a bed, keep their rooms tidy, and other simple skills. Dramatization is always

LITTLE CHANGE IN AIR PILOT STRIKE

WASHINGTON, Oct. 26.—(AP)—Chairman Frank Douglass of the national mediation board said today he foresaw no development this weekend in the six-day strike of 1,400 pilots that has tied up Trans World Airline.

Douglass held a second private conference with President Jack Frye of the company and later said there was nothing new to report.

Douglass said he would meet this afternoon with David L. Behncke, president of the Air Line Pilots Association (A. F. of L.), whose T. W. A. members are striking in support of higher demands by the 400 first and second pilots assigned to four-engine planes.

Hope for action which would bring resumption of flying over the company's 28,000 miles of routes continued to center on the White House, but there was no indication of any disposition to enter the six-day old dispute.

GIVEN 199 YEARS IN GIRL'S DEATH

DANVILLE, Ill., Oct. 26.—(AP)—Robert Beatty, 21-year-old Allerton, Ill., farm youth, today was sentenced to 199 years in the Illinois state penitentiary at Menard for murdering Lois Nelson, 19, in a lover's lane last summer. The sentence was passed by Circuit Judge Casper Platt.

Mr. and Mrs. Arvid Nelson, parents of the girl, testified Wednesday that they did not want to see Beatty executed but did wish to see him confined to "an institution" for the rest of his life.

Beatty changed his plea from innocent to guilty Wednesday. At that time, Judge Platt took the case under advisement after Beatty's attorneys asked that the youth's life be spared because "he is a psy-neurotic and was under the influence of alcohol at the time of the stabbing."

Previously John E. Unger, assistant state's attorney, said Beatty signed a statement that he stabbed Miss Nelson seven times because she resisted his advances in a park the night of Aug. 17. The youth subsequently led law officers to the body.

EAST AND GULF SEA STRIKE ENDS

Work To Begin Monday On 1,181 Ships Bottled Up In Ports

MASTERS GET CHOICE IN UNION MEMBERSHIP ISSUE

NEW YORK, Oct. 26.—(AP)—East and gulf coast ship operators signed an agreement today with leaders of the A. F. L. Masters, Mates and Pilots, who had been on strike for 26 days, and the U. S. maritime commission announced work would begin Monday on 1,181 ships bottled up in east and gulf coast ports.

Frederick Livingston, U. S. conciliator, announced the agreement. The A. F. L. union said membership meeting would be held here and in various other ports tomorrow to ratify the agreement, with results to be tabulated Monday.

The agreement does not affect the west coast but probably will have an effect on any settlement reached there.

The M. M. P. members sought and obtained wage increases, but the union's main point of disagreement with the operators was over a demand that ship masters be members of the union.

Under the signed agreement masters can be members of the union but are not required to be members. It was agreed "the master shall, at all times and for all purposes, be the representative of the company" and that neither side would discriminate against masters because they were or were not members of the union.

Members of the Marine Engineers Beneficial Association, C. I. O., also have been on strike. They signed an agreement earlier this week with operators but asked the maritime commission's assurance that terms of the agreement would be applied to government-owned ships before they would go back to work.

The maritime commission said today members of M. E. B. A. also

2 CITIES PLAN NAVAL TRIBUTE

171st Anniversary Is Being Celebrated Here Today

Monroe and West Monroe join the nation today in honoring the United States navy on the 171st anniversary of its establishment by the Continental Congress.

Since the anniversary falls on Sunday this year, emphasis was placed on memorial services for naval service personnel who died in defense of the nation, particularly in World War II.

Churches throughout Monroe and West Monroe will join in this phase of the observance, which will be highlighted at the First Presbyterian church by the attendance of Captain Victor C. Barringer at the 11 a. m. service.

Captain Barringer, a native of Monroe, was assigned here as the sea service's official representative in connection with Navy Day. Besides attending the memorial service at the Presbyterian church, he is scheduled to deliver a radio address at 6:30 p. m. today at KMLB.

An open house at the Lotus club from 5 to 7 p. m. Monday has been planned in the captain's honor. That day he will speak at KNOE at 2:15 p. m.

Present and former naval service personnel, of Monroe and West Monroe, marines and coast guardmen as well as sailors, in full uniform, will escort Captain Barringer at the religious services today.

He will be presented when he speaks at KMLB by Commander Warren F.

SCOTLAND YARD CONFRONTED BY THREE MORE GEM THEFTS

By Glenn Williams

LONDON, Oct. 26.—(AP)—Scotland Yard's general staff, already without a trace of the stolen $80,000 jewels of the Duchess of Windsor, was confronted with three more mysteries today—the disappearance or theft of $63,200 in gems and furs from St. James Palace and the boudoirs of two American-born titled women.

The thieves who have got away with $300,000 of jewelry and furs in the past two months in Britain's post-war crime wave added these three coups to one of the most amazing records ever entered in Scotland Yard's cross indexed archives:

1. Stole $3,200 worth of diamonds from fabulous St. James Palace, housing personnel of the royal household. The victim was American-born Lady Piers Legh.

Sir Piers is the one-time equerry to the Prince of Wales who became King of England and Duke of Windsor.

2. Looted the home of Kathleen, the Marchioness of Hartingdon, who is the daughter of Joseph P. Kennedy, the blitz-time United States ambassador to the court of St. James. The loss was estimated at $40,000 in gems.

3. Robbed the Orme Square home of J. Harvey and his daughter, R. Betty Levington, of $20,000 in pearls and two mink coats.

A Scotland Yard pronouncement on the St. James Palace case raised speculation that it might have been an "inside" job. The detectives said that case was "not a burglary—the jewels have only been reported stolen."

The British Press Association speculated that a pre-war gang of "country house thieves" might have picked up commando training during the war to accomplish the "cat" burglaries of the Duchess of Windsor's apartment and a similar string of baffling crimes.

To cope with the mounting thefts, Scotland Yard sent six Labrador retrievers into the mounted police school in the hope their hunting noses

'Reckless' Use By Russia Deplored

U. N. Members See Little Possibility At This Time Of Elimination; 13 Nations' Representatives Speak

By Larry Hauck

NEW YORK, Oct. 26.—(AP)—The United Nations Assembly wound up its first week of debate today with the explosive issue of the veto still the number one question and with increasing signs that pressure might force a sharp definition of the uses of the voting power.

It was apparent after addresses by the first 13 nations and several tense committee sessions that there was little possibility at this time for a charter revision to eliminate the veto. Rather the drive appeared aimed at forcing Russia, which has used the veto nine times in the security council, to agree to some modifications in its use.

Norway and Chile today joined in the campaign for a limitation of some sort. Previous speakers have deplored "excessive" and "reckless" uses of the veto.

Halvard M. Lange of Norway said the time was not ripe to revise the charter, but he called on the big powers to reach agreement among themselves and "to exercise the veto as it was planned to be—a safeguard to be used only in the last resort."

Turkish Delegate Huseyin Ragip Baydur said the will of the majority always has prevailed for mankind and there was no reason to make the veto an exception, but added:

"Nevertheless, if, for a period of transition, it may not be found possible entirely to eliminate the veto, we should at least consider means of limiting the field of its application."

Chilean Delegate Felix Nieto Del Rio said his country had opposed the veto from the first, but did not find there were sufficient grounds to justify a change now. He commented that "it is reasonable to expect that the big powers will make as little use as possible of their veto right."

Nearly 40 countries remain to speak in the general debate and most observers expected all to make some comments on the question as a prelude to full-scale debate on the problem before the full assembly next month.

Norway meanwhile thrust the Spanish question back into the spotlight with a proposal for a complete discussion of the controversial question before the 51-nation body.

"We feel," Lange said, "that ways and means must be found through common action of the United Nations to make every effort to assist the democratic forces of Spain, in their struggle to regain, without the horrors of another civil war, freedom and constitutional government."

The fourth speaker in today's short session, which adjourned at 12:30, was C. Abayomi Cassell, the Liberian delegate. He did not mention any of the controversial issues but called on the world to find methods to block those who do wrong.

The assembly continues its general debate on Monday with France and China scheduled to speak. Great Britain already has taken the floor, the United States has indicated it may stand on President Truman's speech while Russia has made no reservation to speak.

Others on the tentative Monday program included Egypt, Czechoslovakia, New Zealand, Syria, Ethiopia, Poland, White Russia and Saudi Arabia.

The U. N. secretariat hopes to wind up the debate by Wednesday when activities will be shifted to interim headquarters at Lake Success for the meetings of committees and sub-committees. More than 400 such sessions are on the calendar with regular plenary meetings of the assembly due to begin again at Flushing Nov. 25.

However, during the committee stage plenary sessions will be called as material is ready for consideration on the floor and sessions have been set up tentatively for Nov. 11, 16 and 22.

U. S. COOL TOWARD WORLD FOOD BOARD

WASHINGTON, Oct. 26.—(AP)—An official American attitude of coolness and caution was adopted today toward a proposed United Nations food board with wide controls over production, prices and distribution.

The United States will enter an international conference on the plan here Monday committed for or against it. But a governmental decision to go slow was adopted, officials said, after a series of meetings this week attended by representatives of the state and agriculture departments, national farm organizations and consumer goods.

Sharp opposition to the proposed control board was expressed by some government officials as well as by farm leaders. They expressed concern that it might be too powerful and become strong enough in time to dictate farm production policies for this and other countries.

The proposal, advanced by Director-General Sir John Boyd Orr of the United Nations food and agriculture organization, will be taken up by a preparatory commission charged with formulating a long-term world food program.

The reason was obtained in telephone conversations with C. C. Shepherd, president of the Louisiana Central Lumber Company at Clarks, and Quintin T. Hardtner, president of the Urania Lumber Company at Urania.

It was at Urania on October 15 that the C. I. O. suffered one of the worst defeats it ever has met in its organization efforts. The little town had been filled with "international representatives" of the Phillip Murray group for weeks, and at their behest Field Inspector Ormsbee of the New Orleans office of the National Labor Relations board came to Urania and set the date for a plant election to determine the simple question as to whether the 250 employes eligible to vote wanted the C. I. O. as its bargaining agency. The result was 211 ballots against and only 34 for the proposal.

"One of the organizers told me before the election that if they lost at our plant they would not go through with the one that had been arranged for the Clarks plant, 15 miles north of us, for October 21," said Mr. Hardtner, and that is just what occured.

What happened at Clarks was told by Mr. Shepherd. "For a period of ten weeks our plant had been overrun by C. I. O. agents from Winnfield, Olla and New Orleans," he said, "and our 650 employes, who had never been organized, were solicited. Then came Ormsbee on October 11 and he set the plant election date for the 21st. On the next day, the 12th, the C. I. O. gang came in force and with a loud-

Special Assistant Is Accused Of Violating Department Rules

By Brack G. Curry

WASHINGTON, Oct. 26.—(AP)—Attorney General Clark was reported planning to handle the mass sedition cases personally today following his summary dismissal of Prosecutor O. John Rogge in a policy row.

Clark fired Rogge as his special assistant because of a speech by Rogge reporting alleged Nazi schemes to influence American elections and naming public figures. Clark declared Rogge violated justice department rules by quoting from a report in which Rogge had recommended dismissal of the sedition cases.

Rogge said in Seattle that Clark had told him the report would not be made public. Rogge added that his purpose was to tell the American public about "Fascism" and "I propose to continue to tell about it."

In a letter to Rogge made public by the justice department, Clark said certain statements made by Rogge in a speech at Swarthmore College Tuesday night "could only have come from your report."

"It therefore appears," Clark added, "That you willfully violated the longstanding rules and regulations of the department of justice which make reports confidential."

An official close to Clark told a reporter the attorney general "form now on will handle the sedition cases himself." He declined to elaborate, but this would indicate that Clark personally will review the mass of evidence and determine whether the government will ask for a new trial. That was Rogge's function as special assistant to Clark.

The first trial, in which 30 persons were charged with conspiracy to undermine the morale of the armed forces, began on April 17, 1942. It ended in a mistrial four and a half months later with the death of Presiding Judge Edward E. Eicher.

Rogge was sent to Europe by Clark last spring to ferret out new evidence in preparation for a new trial. When he returned, he wrote a 391-page report based on interviews with former Nazi officials and captured documents.

Rogge submitted the report to Clark on Sept. 28. Clark's letter disclosed

FARMERS MOSTLY HOLDING COTTON

Flow To Market Drops To Mere Trickle Since Drop In Prices

NEW ORLEANS, Oct. 26.—(AP)—The flow of cotton to market has subsided to a mere trickle in most parts of the South since the drastic price break of last week, with farmers holding onto the staple in hopes of a rebound on the exchange boards.

The withholding movement is apparent everywhere in the belt, a survey showed today, although the degree of the selling slack varies somewhat. Sales were down to 10 percent of normal in a number of areas. In some places only farmers in need of immediate cash were reported disposing of their product.

There was a difference of opinion as to whether present withholdings of cotton by farmers would itself be a major factor in forcing prices back to the point from which they started the

TRUMAN BUYS OWN PRIVATE, LAVISH RAILWAY CAR FOR $10

By Douglas B. Cornell

WASHINGTON, Oct. 26.—(AP)—For the first time in the history of White House travels, the president of the United States has his own private railroad car, Charles G. Ross, press secretary, disclosed today.

Although lavishly fitted, the car set the taxpayers back a mere $10.

It is a veritable rolling fortress, with tough armor plate and three-inch-thick windows of bullet-proof glass. It weighs 286,520 pounds; an ordinary steel passenger car weighs around 160,000 pounds.

Actually, the car has been assigned solely to presidential use since early in the war. But until last June it was owned by Association of American Railroads. The first trip under government ownership brought President Truman to Washington from New York Wednesday night.

The White House has a fleet of automobiles. It has an air corps plane, the Sacred Cow, reserved for presidential trips. It has a yacht, the Williamsburg. And if the president has a mind to, he can press a buzzer for his naval aide and say:

"Get me a cruiser. I've got to go to Potsdam."

But for rail travel, the chief executive relied through the years on regular Pullman Company equipment, the same private cars anybody could hire by paying the customary rates.

Early in the war, Michael F. Reilly, then head of the White House secret service detail, decided more protection was needed. Members of the Association of American Railroads chipped in on the cost and the Pullman Standard Car Manufacturing Company made over the old "Ferdinand Magellan."

The armor and other safeguards were added under supervision of the secret service and army ordnance experts. Elevators were installed on the rear platform for the crippled President Roosevelt.

At the rear of the car is a parlor with easy chairs, sofa and radio. In the center are several bedrooms, the

TROOPS AND INDIANS HUNT KILLERS OF AMERICAN BRIDE

Fatal Shooting Of Oklahoma Woman Starts Manhunt In Mexico

By Reginald L. Wood

MEXICO CITY, Oct. 26.—(AP)—Mexican troops with Indian guides fought their way through tangled underbrush today along the semi-tropical Blasas River in Mexico's biggest manhunt in recent years seeking the killers of Nan Peiker Beach, 19, of Tulsa, Okla., and New York City.

Nan, a bride of four months, was wounded fatally Wednesday night while sleeping in the arms of her husband, Charles Edward Beach, 28, New York City, commercial artist. The young people were on a honeymoon down the dangerous and desolate Blasas River, a trip few have dared to make and then only when heavily armed.

The troops searched the town of Tetela, not far from the scene of the shooting, for traces of loot taken from the young couple.

From Tetela, about 62 miles due west of the main Mexico City to Acapulco highway, troops followed Indian trails virtually unknown except to the natives of Guerrero, one of the wildest sections of the country. A plane aided searchers.

Beach said he and his wife had started early Wednesday morning from the tiny town of Blasas in the state of Guerrero, 110 miles southwest of Mexico City, in a homemade canvas-covered canoe. They paddled about 40 kilometers (25 miles) over rapids and along the picturesque Balsas which drops from the high plateaus near Taxco to the Pacific

BROWNIE SCOUT PROGRAM GROWS

Twin City Community Chest Aids With Needed Financing

Through increased financial aid given by the Twin City Community Chest the Brownie Scout Program has grown rapidly in Ouachita parish during the short period in which Girl Scouts have been organized in this community. This phase of their program is designed especially for girls from seven to ten years of age and originates the training program of the senior girls. Present requests for membership indicate that it will be necessary to organize many more groups to take care of the hundreds of little girls who are anxious to be Brownies.

At present this popular young group is under the leadership of twenty leaders whose interest is and understanding of children at this age has been responsible for the success of this phase of the program. These girls who make up nine troops have not only the satisfaction of "belonging" and the pleasure of congenial companionship their own age, but also an opportunity to learn simple homemaking skills, to enjoy experiences not possible elsewhere for many, such as trips to the woods, camping, and working on committees. Service to others is stressed. A part of each Brownie meeting is planning how each Brownie might help at home during the following week for "Helping other people, especially those at home" is an important part of the Brownie promise. So that they may be of real help they learn in their meetings how to set a table, make a bed, keep their rooms tidy, and other simple skills. Dramatization is always

LITTLE CHANGE IN AIR PILOT STRIKE

WASHINGTON, Oct. 26.—(AP)—Chairman Frank Douglass of the national mediation board said today he foresaw no development this weekend in the six-day strike of 1,400 pilots that has tied up Trans World Airline.

Douglass held a second private conference with President Jack Frye of the company and later said there was nothing new to report.

Douglass said he would meet this afternoon with David L. Behncke, president of the Air Line Pilots Association (A. F. of L.), whose T. W. A. members are striking in support of higher demands by the 400 first and second pilots assigned to four-engine planes.

Hope for action which would bring resumption of flying over the company's 28,000 miles of routes continued to center on the White House, but there was no indication of any disposition to enter the six-day old dispute.

GIVEN 199 YEARS IN GIRL'S DEATH

DANVILLE, Ill., Oct. 26.—(AP)—Robert Beatty, 21-year-old Allerton, Ill., farm youth, today was sentenced to 199 years in the Illinois state penitentiary at Menard for murdering Lois Nelson, 19, in a lover's lane last summer. The sentence was passed by Circuit Judge Casper Platt.

Mr. and Mrs. Arvid Nelson, parents of the girl, testified Wednesday that they did not want to see Beatty executed but did wish to see him confined to "an institution" for the rest of his life.

Beatty changed his plea from innocent to guilty Wednesday. At that time, Judge Platt took the case under advisement after Beatty's attorneys asked that the youth's life be spared because "he is a psy-neurotic and was under the influence of alcohol at the time of the stabbing."

Previously John E. Unger, assistant state's attorney, said Beatty signed a statement that he stabbed Miss Nelson seven times because she resisted his advances in a park the night of Aug. 17. The youth subsequently led law officers to the body.

EAST AND GULF SEA STRIKE ENDS

Work To Begin Monday On 1,181 Ships Bottled Up In Ports

MASTERS GET CHOICE IN UNION MEMBERSHIP ISSUE

NEW YORK, Oct. 26.—(AP)—East and gulf coast ship operators signed an agreement today with leaders of the A. F. L. Masters, Mates and Pilots, who had been on strike for 26 days, and the U. S. maritime commission announced work would begin Monday on 1,181 ships bottled up in east and gulf coast ports.

Frederick Livingston, U. S. conciliator, announced the agreement. The A. F. L. union said membership meeting would be held here and in various other ports tomorrow to ratify the agreement, with results to be tabulated Monday.

The agreement does not affect the west coast but probably will have an effect on any settlement reached there.

The M. M. P. members sought and obtained wage increases, but the union's main point of disagreement with the operators was over a demand that ship masters be members of the union.

Under the signed agreement masters can be members of the union but are not required to be members. It was agreed "the master shall, at all times and for all purposes, be the representative of the company" and that neither side would discriminate against masters because they were or were not members of the union.

Members of the Marine Engineers Beneficial Association, C. I. O., also have been on strike. They signed an agreement earlier this week with operators but asked the maritime commission's assurance that terms of the agreement would be applied to government-owned ships before they would go back to work.

The maritime commission said today members of M. E. B. A. also

2 CITIES PLAN NAVAL TRIBUTE

171st Anniversary Is Being Celebrated Here Today

Monroe and West Monroe join the nation today in honoring the United States navy on the 171st anniversary of its establishment by the Continental Congress.

Since the anniversary falls on Sunday this year, emphasis was placed on memorial services for naval service personnel who died in defense of the nation, particularly in World War II.

Churches throughout Monroe and West Monroe will join in this phase of the observance, which will be highlighted at the First Presbyterian church by the attendance of Captain Victor C. Barringer at the 11 a. m. service.

Captain Barringer, a native of Monroe, was assigned here as the sea service's official representative in connection with Navy Day. Besides attending the memorial service at the Presbyterian church, he is scheduled to deliver a radio address at 6:30 p. m. today at KMLB.

An open house at the Lotus club from 5 to 7 p. m. Monday has been planned in the captain's honor. That day he will speak at KNOE at 2:15 p. m.

Present and former naval service personnel, of Monroe and West Monroe, marines and coast guardmen as well as sailors, in full uniform, will escort Captain Barringer at the religious services today.

He will be presented when he speaks at KMLB by Commander Warren F.

SCOTLAND YARD CONFRONTED BY THREE MORE GEM THEFTS

By Glenn Williams

LONDON, Oct. 26.—(AP)—Scotland Yard's general staff, already without a trace of the stolen $80,000 jewels of the Duchess of Windsor, was confronted with three more mysteries today—the disappearance or theft of $63,200 in gems and furs from St. James Palace and the boudoirs of two American-born titled women.

The thieves who have got away with $300,000 of jewelry and furs in the past two months in Britain's postwar crime wave added these three coups to one of the most amazing records ever entered in Scotland Yard's cross indexed archives:

1. Stole $3,200 worth of diamonds from fabulous St. James Palace, housing personnel of the royal household. The victim was American-born Lady Piers Legh.

Sir Piers is the one-time equerry to the Prince of Wales who became King of England and Duke of Windsor.

2. Looted the home of Kathleen, the Marchioness of Hartingdon, who is the daughter of Joseph P. Kennedy, the blitz-time United States ambassador to the court of St. James. The loss was estimated at $40,000 in gems.

3. Robbed the Orme Square home of J. Harvey and his daughter, R. Betty Levington, of $20,000 in pearls and two mink coats.

A Scotland Yard pronouncement on the St. James Palace case raised speculation that it might have been an "inside" job. The detectives said that case was "not a burglary—the jewels have only been reported stolen."

The British Press Association speculated that a pre-war gang of "country house thieves" might have picked up commando training during the war to accomplish the "cat" burglaries of the Duchess of Windsor's apartment and a similar string of baffling crimes.

To cope with the mounting thefts, Scotland Yard sent six Labrador retrievers into the mounted police school in the hope their hunting noses

'Reckless' Use By Russia Deplored

U. N. Members See Little Possibility At This Time Of Elimination; 13 Nations' Representatives Speak

By Larry Hauck

NEW YORK, Oct. 26.—(AP)—The United Nations Assembly wound up its first week of debate today with the explosive issue of the veto still the number one question and with increasing signs that pressure might force a sharp definition of the uses of the voting power.

It was apparent after addresses by the first 13 nations and several tense committee sessions that there was little possibility at this time for a charter revision to eliminate the veto. Rather the drive appeared aimed at forcing Russia, which has used the veto nine times in the security council, to agree to some modifications in its use.

Norway and Chile today joined in the campaign for a limitation of some sort. Previous speakers have deplored "excessive" and "reckless" uses of the veto.

Halvard M. Lange of Norway said the time was not ripe to revise the charter, but he called on the big powers to reach agreement among themselves and "to exercise the veto as it was planned to be—a safeguard to be used only in the last resort."

Turkish Delegate Huseyin Ragip Baydur said the will of the majority always has prevailed for mankind and there was no reason to make the veto an exception, but added:

"Nevertheless, if, for a period of transition, it may not be found possible entirely to eliminate the veto, we should at least consider means of limiting the field of its application."

Chilean Delegate Felix Nieto Del Rio said his country had opposed the veto from the first, but did not find there were sufficient grounds to justify a change now. He commented that "it is reasonable to expect that the big powers will make as little use as possible of their veto right."

Nearly 40 countries remain to speak in the general debate and most observers expected all to make some comments on the question as a prelude to full-scale debate on the problem before the full assembly next month.

Norway meanwhile thrust the Spanish question back into the spotlight with a proposal for a complete discussion of the controversial question before the 51-nation body.

"We feel," Lange said, "that ways and means must be found through common action of the United Nations to make every effort to assist the democratic forces of Spain, in their struggle to regain, without the horrors of another civil war, freedom and constitutional government."

The fourth speaker in today's short session, which adjourned at 12:30, was C. Abayomi Cassell, the Liberian delegate. He did not mention any of the controversial issues but called on the world to find methods to block those who do wrong.

The assembly continues its general debate on Monday with France and China scheduled to speak. Great Britain already has taken the floor, the United States has indicated it may stand on President Truman's speech while Russia has made no reservation to speak.

Others on the tentative Monday program included Egypt, Czechoslovakia, New Zealand, Syria, Ethiopia, Poland, White Russia and Saudi Arabia.

The U. N. secretariat hopes to wind up the debate by Wednesday when activities will be shifted to interim headquarters at Lake Success for the meetings of committees and sub-committees. More than 400 such sessions are on the calendar with regular plenary meetings of the assembly due to begin again at Flushing Nov. 25.

However, during the committee stage plenary sessions will be called as material is ready for consideration on the floor and sessions have been set up tentatively for Nov. 11, 16 and 22.

Mr. and Mrs. S. F. Gremillion, 1008 North Third street, were among the many persons who listened in over KMLB Friday at 1:30 p. m. to the bride and groom program originating in Hollywood, Calif. They had reason to be interested as their son, Levy Gremillion, now living in Hollywood, was best man at the ceremony. The contracting parties were Miss Marie Darling, bride, and a Mr. Venable, groom. Mr. Gremillion, while not employed in motion pictures or in radio work, has lived in Hollywood for three years and was so well acquainted with the bride that he was selected for the role which was suggested by her to the groom-to-be. The local man is well known here, is a graduate of St. Matthew's Parochial School, of Northeast Junior College and during the war served in the navy. The groom in the wedding had been confined in a Jap prison for several years, it was explained.

U. S. COOL TOWARD WORLD FOOD BOARD

WASHINGTON, Oct. 26.—(AP)—An official American attitude of coolness and caution was adopted today toward a proposed United Nations food board with wide controls over production, prices and distribution.

The United States will enter an international conference on the plan here Monday committed for or against it. But a governmental decision to go slow was adopted, officials said, after a series of meetings this week attended by representatives of the state and agriculture departments, national farm organizations and consumer goods.

Sharp opposition to the proposed control board was expressed by some government officials as well as by farm leaders. They expressed concern that it might be too powerful and become strong enough in time to dictate farm production policies for this and other countries.

The proposal, advanced by Director-General Sir John Boyd Orr of the United Nations food and agriculture organization, will be taken up by a preparatory commission charged with formulating a long-term world food program.

OPTIMIST CLUB HOLDS LUNCHEON

The Monroe Optimist Club held its weekly luncheon in Hotel Frances, Friday noon, with President C. C. Bell, Jr., presiding.

The film "Secret Battle" was shown during the program, which observed Navy Day. Fred Fudickar, Jr., who served as a lieutenant in the navy, and who was decorated in the South Pacific campaign, gave a resume of the picture. Showing a night-time naval engagement, the film depicted the use of radar in finding the exact location of enemy ships, and in automatic setting of guns for firing. Operating the motion picture projector was Chief Regan, now on recruiting service for the navy.

Optimist Sylvian Masur, of the Boy's Work Committee, reported that his committee took 21 boys to the football game last Friday.

Guests for the luncheon were G. B. Folds, of the West Monroe Lions Club; Al O. Ware, and Don Brennan, New York.

JR. RED CROSS PLANNING WORK

Local Educators Meet For Formulation Of Year's Program

Prominent educators of Ouachita parish met at Red Cross Headquarters Thursday evening to make plans for a parish-wide Junior Red Cross Student Council. It was decided that each school in the parish will elect a boy and girl to serve as member of the Ouachita Council. Council members will plan and direct Junior Red Cross activities. The first council meeting will be Saturday, November 2, at 9:30 a.m., Red Cross Chapter, 200 South Grand Street.

School representatives recognize the educational value and resources of this organization which is the largest youth organization in the world and makes no distinction in race, color or creed. It was stressed that to become enlightened citizens of tomorrow, boys and girls must learn to recognize, understand and work toward a solution of problems in their communities.

A flexible and adaptable program was proposed and is divided as follows:

(1) Community service, as conservation, salvage, beautification of school grounds, first-aid and accident prevention, and health and many others

(2) National activities—Boys and girls learn to render unselfish service, develop creative and manipulative skills, by their services to veteran hospitals, children's hospitals and national children's fund.

(3) International activities — Give further training in citizenship, understanding of fellow man and his rights. The gift box is prepared by students and sent to children in devastated countries. Other important phases are the international correspondence and medical supplies.

Mrs. Forest Seaman, Junior Red Cross chairman, gave a resume of the scope of Junior Red Cross work, stating that there are 20,000 Junior Red Cross groups in the United States.

The following were present:

Mrs. Chrissie Williams, parish school supervisor.

Miss Eleona Brinsmade, city school, visiting teacher.

Miss Frances Wilson, Ouachita Parish High School.

Miss Gertrude Gregory and Joe Craig, Ouachita Parish Grammar School.

Mr. and Mrs. G. S. Manning, Calhoun.

Kermit Youngblood, Louisiana Training Institute.

Mrs. Mulhearn, St. Matthews School.

Miss Virginia Butler, Central Grammar School.

Miss Annie Laurie Breard and Mrs. Orrie Rust, Barkdull Faulk School.

TIMBER BRINGS PROFIT TO UNION PARISH MAN

BATON ROUGE, Oct. 26.—(AP)—As a success story in farm forestry, the state university agriculture extension division cites the experience of Doyle Smith, of Farmerville:

About eight years ago he bought 64 acres of timber land for about $10 an acre. This year he was offered $750 for the timber on it—a neat return, it seemed. But Smith checked with a farm forester.

Acting on expert advice, he sold the trees ready for cutting, either as lumber or pulpwood, for $1,056 and had plenty of young timber left.

In fact, he has refused $1,100 for the residue, figuring that in a few years he'll harvest another really substantial timber "crop."

JOINT CLEAN-UP MEETING SLATED

Representatives Of Civic And Service Clubs To Meet Monday Night

Another joint meeting of representatives of various civic and service clubs of Monroe, who are backing a "clean-up movement" designed to give the city a beauty treatment, is scheduled for tomorrow night at 7:30 o'clock on the roof of Hotel Virginia.

The naming of a permanent chairman to lead the clean-up expedition heads the business on tap for tomorrow, and C. K. Crandall, temporary chairman who led the initial meeting two weeks ago, last night announced that the steering committee appointed by him has decided on a list of possible permanent chairmen whose names will be submitted at tomorrow's meeting.

In addition to the election of a chairman, other division leaders needed in the campaign, such as committeemen, may also be named.

The clean-up program was first discussed by the Rotary Club which made the project one of its aims for the year. But the Rotary figured the maximum results could be obtained with the support of all other such groups in the city.

Crandall, representing the Rotary Club, called the meeting two weeks ago, explained his organization's proposal, and received the unanimous support of other club representatives present.

Steps toward bringing about a general cleaning up and beautifying of Monroe will get underway as soon as the organization is complete.

CORNERSTONE TO BE LAID SUNDAY

The cornerstone of the new Chapel Hill Baptist Church will be laid with appropriate exercises this afternoon at 3 o'clock, announces the pastor, Rev. A. D. Langston.

Rev. L. T. Hastings, pastor of the First Baptist Church in Monroe, will be the speaker of the occasion. There will be special music and the public is cordially invited to attend.

This suburban church has enjoyed a rapid growth under the ministry of Rev. Langston and it is now well along with its program of erecting a new and completely modern edifice. When completed the church will have cost $35,000 or more and will be the equal of any similar church in the Twin Cities, states the pastor.

OPTIMIST CLUB HOLDS LUNCHEON

The Monroe Optimist Club held its weekly luncheon in Hotel Frances, Friday noon, with President C. C. Bell, Jr., presiding.

The film "Secret Battle" was shown during the program, which observed Navy Day. Fred Fudickar, Jr., who served as a lieutenant in the navy, and who was decorated in the South Pacific campaign, gave a resume of the picture. Showing a night-time naval engagement, the film depicted the use of radar in finding the exact location of enemy ships, and in automatic setting of guns for firing. Operating the motion picture projector was Chief Regan, now on recruiting service for the navy.

Optimist Sylvian Masur, of the Boy's Work Committee, reported that his committee took 21 boys to the football game last Friday.

Guests for the luncheon were G. B. Folds, of the West Monroe Lions Club; Al O. Ware, and Don Brennan, New York.

JR. RED CROSS PLANNING WORK

Local Educators Meet For Formulation Of Year's Program

Prominent educators of Ouachita parish met at Red Cross Headquarters Thursday evening to make plans for a parish-wide Junior Red Cross Student Council. It was decided that each school in the parish will elect a boy and girl to serve as member of the Ouachita Council. Council members will plan and direct Junior Red Cross activities. The first council meeting will be Saturday, November 2, at 9:30 a.m., Red Cross Chapter, 200 South Grand Street.

School representatives recognize the educational value and resources of this organization which is the largest youth organization in the world and makes no distinction in race, color or creed. It was stressed that to become enlightened citizens of tomorrow, boys and girls must learn to recognize, understand and work toward a solution of problems in their communities.

A flexible and adaptable program was proposed and is divided as follows:

(1) Community service, as conservation, salvage, beautification of school grounds, first-aid and accident prevention, and health and many others

(2) National activities—Boys and girls learn to render unselfish service, develop creative and manipulative skills, by their services to veteran hospitals, children's hospitals and national children's fund.

(3) International activities — Give further training in citizenship, understanding of fellow man and his rights. The gift box is prepared by students and sent to children in devastated countries. Other important phases are the international correspondence and medical supplies.

Mrs. Forest Seaman, Junior Red Cross chairman, gave a resume of the scope of Junior Red Cross work, stating that there are 20,000 Junior Red Cross groups in the United States.

The following were present:

Mrs. Chrissie Williams, parish school supervisor.

Miss Eleona Brinsmade, city school, visiting teacher.

Miss Frances Wilson, Ouachita Parish High School.

Miss Gertrude Gregory and Joe Craig, Ouachita Parish Grammar School.

Mr. and Mrs. G. S. Manning, Calhoun.

Kermit Youngblood, Louisiana Training Institute.

Mrs. Mulhearn, St. Matthews School.

Miss Virginia Butler, Central Grammar School.

Miss Annie Laurie Breard and Mrs. Orrie Rust, Barkdull Faulk School.

Mrs. May Sapp, Lida Benton School.

Mrs. T. W. Parrish, Sherrouse School.

J. W. Rutledge, Crosley School.

Mrs. D. F. Dennis, Drew School.

Mrs. Clyde Cook, Millsaps School.

Mrs. Lena McKinney, Ransom

Mrs. Lena McKinney, Mrs. Taunton Veazey and Mrs. Forest Seaman, Ransom School.

The canteen, Mrs. C. E. Faulk, chairman, and composed also of Mrs Harry Black and Mrs. D. L. Nicol, prepared and served a delicious supper.

TIMBER BRINGS PROFIT TO UNION PARISH MAN

BATON ROUGE, Oct. 26.—(AP)—As a success story in farm forestry, the state university agriculture extension division cites the experience of Doyle Smith, of Farmerville:

About eight years ago he bought 64 acres of timber land for about $10 an acre. This year he was offered $750 for the timber on it—a neat return, it seemed. But Smith checked with a farm forester.

Acting on expert advice, he sold the trees ready for cutting, either as lumber or pulpwood, for $1,056 and had plenty of young timber left.

In fact, he has refused $1,100 for the residue, figuring that in a few years he'll harvest another really substantial timber "crop."

TAPS NAP IN TAVERN; WALLET, $190 VANISH

A man identifying himself as J. N. Robinson interrupted his drinking in the Trenton Street Bar Friday afternoon to take a nap on a chair, he told West Monroe police, and when he awoke several hours later he was in a room at Hotel Alvis in Monroe with his billfold missing.

The wallet had contained $190, personal papers and a railroad ticket to Sherman, Tex., the complainant said.

JOINT CLEAN-UP MEETING SLATED

Representatives Of Civic And Service Clubs To Meet Monday Night

Another joint meeting of representatives of various civic and service clubs of Monroe, who are backing a "clean-up movement" designed to give the city a beauty treatment, is scheduled for tomorrow night at 7:30 o'clock on the roof of Hotel Virginia.

The naming of a permanent chairman to lead the clean-up expedition heads the business on tap for tomorrow, and C. K. Crandall, temporary chairman who led the initial meeting two weeks ago, last night announced that the steering committee appointed by him has decided on a list of possible permanent chairmen whose names will be submitted at tomorrow's meeting.

In addition to the election of a chairman, other division leaders needed in the campaign, such as committeemen, may also be named.

The clean-up program was first discussed by the Rotary Club which made the project one of its aims for the year. But the Rotary figured the maximum results could be obtained with the support of all other such groups in the city.

Crandall, representing the Rotary Club, called the meeting two weeks ago, explained his organization's proposal, and received the unanimous support of other club representatives present.

Steps toward bringing about a general cleaning up and beautifying of Monroe will get underway as soon as the organization is complete.

CORNERSTONE TO BE LAID SUNDAY

The cornerstone of the new Chapel Hill Baptist Church will be laid with appropriate exercises this afternoon at 3 o'clock, announces the pastor, Rev. A. D. Langston.

Rev. L. T. Hastings, pastor of the First Baptist Church in Monroe, will be the speaker of the occasion. There will be special music and the public is cordially invited to attend.

This suburban church has enjoyed a rapid growth under the ministry of Rev. Langston and it is now well along with its program of erecting a new and completely modern edifice. When completed the church will have cost $35,000 or more and will be the equal of any similar church in the Twin Cities, states the pastor.

FIRMS HERE TO STRESS AIR MAIL

Nation-Wide Observance To Receive Hearty Cooperation Locally

Business firms are planning special programs to stimulate volume during National Air Mail Week October 27-November 2, Postmaster James R. Wooten declared.

Inauguration of the new five-cent United States flag rate October 1 immediately brought a sharp rise in air mail volume, Postmaster Wooten said. Rapid air mail service, offered for the first time at a low postage rate, should stimulate commerce, business leaders here believe. For that reason, they are encouraging large air-mailings during the nation-wide air mail promotion week.

"We have long advocated lower air mail rates," said T. H. Scott, president of the Chamber of Commerce, "believing that rapid service between customers and manufacturers and distributors would foster commerce.

"The post office department has taken a leaf from the book of American business, reducing the air-mail rate from eight cents to five cents an ounce and simultaneously offering better and faster service. The post office has borrowed the proven principle that by getting more customers for a good product at a reduced cost the unit cost of delivery is cut. A lower price requires one thing to succeed—larger volume.

"Business men want to have the five-cent rate continued. A policy of enlightened self-interest suggests that all of us promote air mail during this period when the new low rate is being tested.

Meanwhile, Postmaster Wooten reported, air mail letters are being received at the post office with incorrect postage affixed. The five-cent rate applies anywhere that the American flag flies, including all United States possessions. It is also applicable to the armed forces abroad, and to Canada and Mexico.

LA. CIVIL SERVICE TO GIVE TESTS

Seventeen candidates for top level clerical, stenographic, and typing positions in the state classified service will be interviewed here Thursday and Friday by a special oral examining board selected by the department of state civil service.

Persons to be interviewed have previously passed the written examinations for clerk III, typist clerk III, and stenographer clerk IIII, which are the highest levels in these types of positions in the state service. Candidates will be scored on an evaluation of personality characteristics which are necessary in these important positions. The interviews, which are to be held in room 109, Fine Arts Building at Northeast Junior College, will count as 30 per cent of the person's final examination score.

The board will consist of Louie Mathis, director of the Bish-Mathis Institute; Ray Rhymes, personnel officer of the E. A. Conway Memorial Hospital; and H. K. Touchstone. Louis Newman, representing the department of state civil service, will serve as coordinator.

Morning Coughs
Often Due to Bronchial Asthma

Do you cough and cough, especially mornings and at night? At times do you feel like you were tearing yourself to pieces trying to get rid of strangling mucus and still you choke, gasp for breath, wheeze and often can't sleep? The cause of these devitalizing symptoms may be recurring attacks of Bronchial Asthma. In such cases, the very first dose of Mendaco, a physician's prescription, usually goes right to work thru the blood helping relax that clogged up stuffy feeling in the bronchial tubes, then helps Nature loosen and remove thick, strangling phlegm. This helps you get good fresh air into your lungs and promotes restful sleep, which is a natural aid to greater energy. Mendaco is not a smoke, injection or spray, but is in tasteless tablets which you take exactly according to simple directions at meals. Mendaco must satisfy in every way or your money back is guaranteed. Don't cough and choke, don't lose sleep another night, because of recurring attacks of Bronchial Asthma, without trying Mendaco. Ask your druggist for Mendaco today.

CHURCH-OPERATED HOSPITAL SOUGHT

Sponsors Of New 250-Bed Institution Also Consider Federal Aid Plan

The possibility that a religious organization can be interested in the building and operation of a hospital to better serve the Twin Cities and Northeast Louisiana was announced Saturday by the Chamber of Commerce hospital committee, which a week ago declared the need of a 250-bed institution to meet health requirements here.

At a conference at Hotel Virginia Friday noon, the announcement said, the committee authorized its chairman, P. E. Massey, to name a subcommittee to discuss the idea with representatives of various church groups.

Doctors present at the meeting said to have expressed the view that a large majority of the medical profession of the Twin Cities is strongly behind this movement to provide a new hospital, because existing facilities are over-crowded.

Investigation is being made of the possibility of federal aid and credit through the RFC to assist in financing the proposed new hospital, Mr. Massey said.

It was pointed out that a church order could operate a hospital much more economically than a privately owned institution or one existing on the legal basis of a non-profit corporation, inasmuch as the former would be tax-free and would have other advantages.

Present at the committee meeting in addition to Chairman Massey were Dr. John Snellings, Dr. Scott Hamilton, Dr. J. W. Cummins, Dr. Henson Coon, C. C. Whittelsey, William Mintz, C. C. Boardman, Walter Savage, Henry Biedenharn, A. O. Evans and George D. Holland.

Our Treasured 'Jitterbug'

We all get exasperated with our municipal light and power plant at times when, through no fault of its own but because of bungling in its operation, it temporarily lets its patrons down with annoying and expensive "blackouts." But, after all, it must be admitted that the institution is the Monroe public's most valued possession, for it provides more than half of the money required for the operation of the city.

The recently issued auditor's report for the fiscal year ending last April 26 shows that for the second consecutive year the light and power utility netted above a half-million dollars. The exact figure was $518,175.97, with total revenues of $750,661.94 and operating expenses of $232,485.97. The city's revenues from all other sources, including $112,172.28 in general fund taxes and $107,463.37 in business license fees, totaled only $229,831.17. But for the light and power plant and the two other publicly owned Monroe utilities, the bus system and the waterworks department, there would have had to have been a vast increase in taxes to make up the total municipal operating expense of $1,259,001.63.

The waterworks department was a few thousand dollars under its average for recent years in turning in a net profit of only $28,903.32 for the year as compared to $32,174.76 for the previous year and $36,339.49 for the 12 months ending April 26, 1944.

The bus system, which made a net profit of more than $86,000 in the last full war year with its revenues augmented by the Selman Field line and its 10-cent fares, dropped to $48,000 for the 1945 fiscal year and to $13,575.60 last year. The system was never, and will not be, a money-maker in peacetime but, with the citizens getting the advantage of the 5-cent fare and free transfers, that's quite all right.

And so Monroe, grateful to the city officials of many years ago who had the foresight to provide them, is proud indeed of her three publicly owned utilities.

A TURN FOR THE BETTER

A slight break in the deadlock over atomic energy control—a deadlock esentially Russo-American—is visible in the meetings of Committee 2 of the Atomic Energy Commission at Lake Success. The break came with the committee's decision to postpone political discussion for the present and concentrate on fact-finding. Then followed the presentation of a Russian plan by Prof. S. P. Alexandrov.

Professor Alexandrov started at the beginning with his proposal of a world inventory of uranium deposits—known, probable and possible resources. The Soviet scientist would also gather information on methods and efficiency of mining and milling the ore. Thus international control would begin with a detailed knowledge of actual and potential uranium deposits, and of the probable amount of metal that could be produced from them.

Any evidence of the Soviet government's desire for agreement and cooperation is encouraging. But there is little more encouragement to be found at the moment. For the Alexandrov plan, while it appears entirely sensible, scarcely brings the discussion to the threshold of the real difficulties.

The first of these is the American proposal for international inspection of atomic energy plants. Russia has been dead set against that since it first was introduced, and shows no sign of budging. The Russian view is that this inspection would be a violation of sovereignty. The Russian counter-proposal is the rather naive one of national inspection.

Some consider that the Soviet stand reflects the Moscow government's unwillingness to open its gates to outsiders who might pick up industrial and military knowledge which the government wants kept secret. Others feel that Moscow fears the possibility that outsiders might implant "dangerous" political and economic ideas in Russian minds. Neither speculation seems illogical

At any rate, the Russian alternative to international inspection is simply a gentleman's agreement by all nations that none will manufacture atomic weapons. This is all very gallant and trusting, but scarcely a comforting guarantee of the world's safety from so terrible a weapon as the atomic bomb. Gentlemen's agreements have a notoriously poor record for preventing wars in the past.

Beyond the deadlock of inspection lies the barrier of the veto. Here too Russia is adamant in refusing any suggestion of modification such as the American plan contains.

In short, the Russian plan for atomic energy control offers a beautiful setup for any nation already possessing the atomic bomb, and a splendid chance for other nations to go ahead with research on the weapon. Beyond a national word of honor and a toothless treaty, any country could produce bombs without official outside interference, and any one of the Big Five found producing them could veto any action against it.

These differences must be faced and settled when the inevitable discussion of politics is resumed. Nevertheless, it is heartening to see the Soviet government making a positive gesture toward their solution. It denotes a change in the too familiar petulant attitude. And such a change must precede any real progress toward solving the whole great problem of world peace.

Washington appeasers are pikers, at that, compared to their contemporaries in Stockholm, who agreed to make weapons for Russia and thus ended the barrage of rockets.

Washington continues to insist there is plenty of everything. But there are a few skeptics who continue to ask, "Where?"

Heart-tugs galore in a problem drama that never lacks interest . . . FAIR: Republic's "Affairs of Geraldine" (Jane Withers-James Lydon). Frothy but good fun . . . BEST PERFORMANCE: Claude Rains in "Deception."

Lana Turner came up with an announcement the other day that she's through with "glamour roles." "I got a big chance to do some real acting in 'The Postman Always Rings Twice'," she said, "and I'm not going to slip back if I can help it." Well, I wish the little lady lots of luck in her campaign to become a serious actress. But if she wants to be convincing, it strikes me that Lana would be wise to live a bit more "seriously" off-screen, as well as before the cameras.

Barbara Stanwyck went job-hunting the other day and landed the role of narrator of a new picture based on the good work done by Philadelphia's famous Variety Club. She announced that her entire salary (in her case, that means plenty) will be turned over to the club to help finance its work of finding homes for orphaned children and providing proper medical attention for the under-privileged. My lowest bow to her! It's heart-warming to find that she remembers her own lonely, unhappy childhood vividly enough to want to use her success in behalf of other unfortunate youngsters.

Charles Bickford recently launched a blast at the annual Academy Awards, branding them as "untruthful and unfair." Said he: "If the public only knew how much politics went into selecting the winners, Awards would be done away with." I take issue with Bickford. While I haven't always been in complete accord with the Academy's selections, and while there undoubtedly is considerable political maneuvering each year before the ballots are cast, the fact still remains that the Award system has given Hollywood actors and actresses additional incentive to better their work. And I defy Bickford to name a single Award winner whose performance wasn't far above par.

I see by the trade papers that a certain producer who makes a specialty of pictures "exposing" things, is now going to film one exposing fascistic organizations in America. I have no brief against that—but I wonder why no Hollywood "exposer" has yet taken the path of least resistance and produced a picture about the dangers of Communistic infiltration. His research problem would be so much simpler for he wouldn't need to go out of Hollywood for his applauding facts.

SUNDAY SCHOOL LESSON

The Sunday School Lesson for Nov. 3
Scripture: Acts 15:23-29; Galatians 5:13-18

By William E. Gilroy, D. D.

Freedom and brotherhood are terms that need a lot of thought and careful definition in the difficult times in which we are living. And there is no better guide to accurate and workable definitions than the Apostle Paul.

Paul makes a great deal of freedom. He had been a legalist, and the meaning of his Christian conversion had been the discovery of a new freedom, as religion became for him a matter of the heart, of faith and love, rather than of formal observance without spiritual reality.

When he lists the fruit of the Spirit "love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance" — his comment is: "Against such there is no law."

That is the essence of Paul's philosophy of freedom. It is essentially and inevitably associated with goodness.

To Paul liberty did not mean freedom to do as one pleases. The liberty of which he wrote was liberty through the discipline of law and the fulfillment, with love, of law.

"The law is our schoolmaster," he says, "to bring us to Christ;" and "Christ," he says, "is the end of the law for every one that believeth."

What Paul says concerning liberty in relation to the Jewish law is true of liberty in relation to all law. Their relationship to liberty makes laws either a curse or a blessing.

The freedom to do right is very real freedom, and all laws that suppress or repress that freedom are bad. Freedom to do right is a precious heritage in a world in which perversions and tyrannies are rife.

Freedom and brotherhood were associated in Paul's religion, for the life of love that meant freedom was the fulfilling of the law.

"All the law is fulfilled in one word, even this. Thou shalt love they neighbor as thyself." That is brotherhood, and it is brotherhood without limitation.

Some have claimed that Paul's preaching and practice of brotherhood were related only to the community of Christians. Paul did regard Christians as having a special obligation to one another.

But "neighbor" meant to him what Jesus intended it to mean when He told the Parable of the Good Samaritan.

OUR CHILDREN

CHRISTMAS IS COMING

This is the time to start the children on Christmas plans. Talk over gifts they want to make to friends and relatives, plan for buying and for making them. Gifts that children make are a source of pleasure to themselves and to those who receive them. Grandma would rather have a crooked little Christmas card cut and decorated by her little grandchild than the finest gift that the shop offers. She has lots of flower holders, handkerchiefs and bedroom slippers but she will have just that one card in a lifetime. Let her have it.

The older children need to think over their lists and consult their fathers and mothers about them. They will have secrets which must be preserved and surprises that must be hidden because that is the way of Christmas. They will want to do impossible things, and that too, is to be expected. Frequent conferences, always in secret, will help tremendously and save many a mistake that would mar a child's high day.

Many children save pennies and small change during the year and want to spend it for Christmas gifts. They should be allowed to do so under guidance. That means a talk before shopping day. After the child has been advised and his ideas made clear, he should be allowed to do his own shopping if that is possible. Children of eight years on should be able to do that and so add to the joy of the experience. The younger ones can be watched from a distance, not to see what they buy so much as to protect them in the crowded shops.

Giving is a fine experience for children and the giving should be their own expression of generosity. There is little good for the child in presenting a gift that father or mother bought, packaged and presented in his name. He needs to feel the personal warmth that is the reward of giving with affectionate lavishness. A bit of himself must go with the gift or it has no value for him or for its recipient.

Encourage children to make their gifts thoughtfully and to keep them simple. Costly gifts have no relation to children who have no money for such things. Teach them to think about the people they want to please and make something that they can use, that they will enjoy.

A 12-year-old boy noticed his grandmother trying to scrape the garden soil off her shoes and stored an idea for her Christmas gift. He bought three scrubbing brushes, picked up three bits of wood and made a fine foot scraper of them. One brush nailed to the bottom board, one to each side board, the whole box painted brown with her border, and Granny had only to insert a foot between the brushes rub her foot back and forth and have clean shoes. Cost, fifty cents. Result, great happiness.

* * *

When you open the door for guests, is your child with you? Why introducing a child in this way to strangers is a good practice is explained in Dr. Patri's helpful booklet No. 304, "Your Child and Other People."

M'KENZIE TO TALK ON AIR MAIL WEEK

As a feature of the inauguration of Air Mail Week, Representative Charles E. McKenzie will make an address over KNOE this morning at 9:45. Mr. McKenzie was author of the bill, HR 5560 which became Public Law 730, which reduced the air mail rate from eight cents to five cents, and which was passed by the 79th Congress.

Mr. McKenzie recalled that the first air mail was flown from New York to Mineola in 1911, with Capt. Paul Beck as pilot and Postmaster General Hitchcock dropping the first pouch of mail. In 1912, he said, Congress appropriated $50,000 to start an experimental service, and that the actual service was begun on May 15, 1918, from New York to Washington by way of Philadelphia.

In 1919, the first leg of what was to become transcontinental service was established from Chicago to Cleveland; then the second leg was started in July of the same year from New York to Chicago, and service was extended from Chicago to Omaha in 1920, with later developments spanning the nation.

Mr. McKenzie's bill was signed by President Truman on August 14 and the new rate become effective on October 1.

News BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate)
(Reproduction In Whole or In Part Strictly Prohibited)

WASHINGTON, Oct. 26—Strange things are done in Washington but the strangest is on the budget. Actually Mr. Truman is economizing upward. He is cutting by increasing. He is saving by enlarging appropriations. Actually! Honest!

The president took hold of the budget, you may remember, last August 3. It was a firm grip. The headlines said his grasp, or you might say, clutch, at the situation was "the greatest economy move since the Hoover administration." That economy upped the budget from $36 billions (yes billions) where it was last January to $41.5 billions, a savings which adds up backwards.

That is all past history. Now we are in for some more economy—upward I mean. The press has been unofficially informed officially that the navy budget is to be slashed $700,000,000 more than its original (August) $650,000,000 "slash" and "the presidential economy drive will be $1,350,000,000."

They do not say how much more this will cost, but a check at the budget bureau will show you all economy is tending upward, and by this I do not mean to say enlarging, but merely costing more money than may be saved. Mr. Truman, it is far more authoritatively said, in private, is limiting national defense (the largest budget item) to $13.2 billions, or $8 billions for the army and $5.2 billions for the navy. But unused balances of old appropriations give the services a total of about $22.9 billions, an amount about $9.7 billions more than the appropriated and officially suggested figure. The usual combined figure used for these services is about $18 billions, but these above stated come from budget authorities. Mr. Truman's cuts, "slashes," have been made in the unused balances of old budgets and not in the current appropriations, I am informed. This was the "slash" so widely advertised. Actually what the president did was to tell his navy and war secretaries in a confidential letter to limit their expenditures further—meaning to the utmost in consonance with the necessities of their office.

Of course even with his economy upward he will still be spending more than $12 billions (yes billions) above the pre-war year of 1936. In those days, defense cost only $1.2 billions for both army and navy. (The Russian advertising of economy has not been added up here yet.)

Now this is not as surprising or confusing as it sounds. Actually the position of Mr. Truman's budget is somewhat like my own and yours. I am economizing, but it is costing me much more to live. I am forced to do the same thing he is doing, namely pay more for less, so much more that no matter how much I economize, my budget runs up.

I wonder if the entire nation and the world is not in the same fix. The world talks of developing a high wage-high price level as ideal, and I agree it is not only ideal but a necessity. The strikes (and I do not mean the political C. I. O. strikes against Dewey in Albany or the Lewis-promised strike on the eve of election) only indicate a demand by unions to get ahead of the price fluctuating economy. Yet the unions are always dissatisfied with their last strike, and always planning a new one to get a new wage increase, which will force prices even higher and cause plans for a third strike they have not yet envisaged—but will.

Now all this talk of budgets (like strikes) is silly in a fluctuating economy. What the budget needs is the same thing that the unions really need if they only knew it—namely a stable economy.

Budgets are and will be loose and inexact in these days. Economy is simultaneously demanded (and may not be carried far enough) to keep the budget from running away with itself and to keep tax necessities down. But actually you cannot say that an expenditure will be limited to this or that exact figure below appropriations—not with any confidence. You may have to pay more for less than intended. You do not follow the dictates of people who knew nothing of defense in such matters. You take the expert advice of those who know the subject—and use your own judgment.

In these considerations therefore, I cannot find it in my heart to criticize Mr. Truman on the budget—and I cannot find anything except confusion in the budget bureau as you have seen. I recommend the country do the same thing I am doing—namely putting the budget into a secondary category and devoting myself primarily to the hope that the administration will establish a stabilized wage-price economy.

Then maybe someone may add up something and trust in the result.

PISTOL SHOOT WILL BE HELD HERE TODAY

The Ouachita Rifle and Pistol club will hold its first pistol match on the Selman Field range today, starting at 1 p. m., it was announced yesterday.

Four matches will be fired, two in .22 calibre and two in center fire.

John Zufall, secretary-treasurer of the club, will donate a trophy to the aggregate winner. The trophy will be rotated, and will be fired for again in one month.

Plans are being made for the Northeast Louisiana shoot which will be held here in November.

R. B. Alexander is president of the local club.

CHINESE ANNOUNCE CAPTURE OF ANTUNG

NANKING, Oct. 26—(AP)—The government announced today the quick capture of Antung, strategic Manchurian port opposite Russian-held northern Korea, and was continuing its attacks on the Communist base of Chefoo, leading observers to take a forlorn view of current efforts to settle China's civil war.

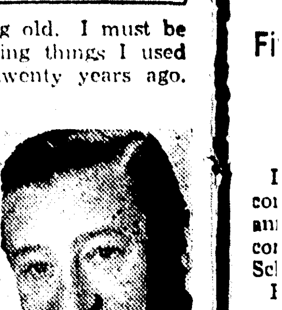
General Marshall, American special envoy, conferred in Nanking for three hours with Gen. Chou En-Lai, chief Communist negotiator.

Chinese minority party leaders who arranged the renewed negotiations were still hopeful, and Sun Fo, a conciliatory member of the Kuomintang (government party) insisted he was "not pessimistic."

The unabated conflict, marked by government successes, caused other Chinese to take a dolorous view, however.

Some said the situation left General Marshall as a mediator with nothing to mediate and predicted he might soon end his mission with a formal announcement of failure. Such reports have been frequent for months but never have materialized.

Pitching Horseshoes
By Billy Rose



Billy Rose

I guess I'm getting old. I must be—I find myself saying things I used to resent hearing twenty years ago. I thought the fellows who said them were fuddy-duddies.

Like, for instance, the other night we got to talking about Al Jolson. Jackie Gleason, a young comedian, said he was fed up with the Jolson legend. He had never seen Al work, but he doubted whether the Singing Fool on his best day could fracture an audience like Frank Sinatra. I took the floor, and told this talented tot that Jolson coming down the runway at the old Winter Garden was like the Twentieth Century making up time on a level stretch of track. And then I caught myself—"Rose, you're getting old. You're talking like the whiskerinos who used to rave about Harry Lauder and Honey Boy Evans. Order up a nice hot cup of tea—it'll rest you."

But I guess when you're up around the halfway mark, you cling to an old favorite like you do to an old easy chair. Last night I went to the Music Hall and saw "The Jolson Story." Al doesn't even appear. He's portrayed by a charming kid named Larry Parks, but whenever Parks goes into a song, it's Jolson's voice on the sound track. It's the slickest dubbing job ever done by the movie magicians. Al, by proxy, sings some of the great songs of the past twenty years. And for my money, Al by proxy is ten times as exciting as Crosby, Sinatra and Como in person. I guess I'm getting old.

Maybe I'd feel different if today's singers had a crack at yesterday's songs. With a few exceptions, I don't get much of a lift out of the current crop of ditties. I don't think there's been a knock-'em-down, kick-'em-in-the-subconscious song written in years. Over There, Smiles, Let Me Call You Sweetheart, Down by the Old Mill Stream—I've seen crowds get drunk with the sound of them. I've seen them stop dancing, sing together, laugh together, cry together. Tin Pan Alley these days writes for the dance band rather than the song-singer. Little boys and girls with trick adenoids whisper the words into microphones. I don't think one out of ten could earn coffee money in the old days. I guess I'm getting old.

I feel the same way about today's producers. There are a dozen good craftsmen, but name me a single great showman on the street. I don't think the Cautious Nellies of 1946 (me included) measure up to inspired maniacs like Ziegfeld, Dillingham, Gest, Belasco, Roxy, and Thompson and Dundy of the old Hippodrome. These were impresarios in the grand sense, wild, extravagant, touched-in-the-head. Their shows didn't succeed or fail. They exploded above the clouds or went down like the "Titanic."

I'm writing this piece in Ziggy's old theater. I'm here because I bought it—not because I rate it. What piece of madness can I look back to that compares with the story of Ziegfeld and the petticoats?

In one of his shows, the Glorified Girls wore petticoats of fine Irish lace that cost $600 apiece—about two thousand Truman dollars. The audience never got to see these hand-tatted petticoats—they were hidden by huge bouffant skirts. When one of the backers—I think it was J. Leonard Replogle—beefed about squandering that kind of money for an item the audience never saw, Flo smiled and said, "My girls know they're wearing Irish lace, and it does something to the way they walk."

I think Rodgers and Hammerstein are distinguished producers — but they're not Ziegfeld. I guess I'm getting old.

I've got another beef. There isn't a matinee idol on Broadway. The gals around here could use a couple of one-chin, original-teeth-and-hair actors. As soon as a guy with that certain thing shows up, a movie scout hits him over the head with a sock full of gold and mails him out to Louis B. Mayer.

A run-of-the-male lad called Francis Lederer hit the town a few seasons back. The critics so-so'd his show, but the girls finally had someone to go gaga over. To accommodate the chicks who wanted to see a romantic rooster, he wound up giving four matinees a week.

When that Englishman Olivier came over, a lot of guys named Herman couldn't figure why they were being called "Laurence" as their girls kissed them.

It isn't that the theater faces a manpower shortage. There are plenty of boys around, but no Barrymores; plenty of actors who can make the girls applaud, but none who can make them whistle.

OK. OK. I'll go quietly. Where does a fellow apply for Social Security? Getting old.

SCIENCE LECTURE SCHEDULED HERE

"Christian Science: The Science of Divine Mind," is the title of a free lecture to be given at the Ouachita Parish High School Tuesday, Octob 29, at 8 p.m. The lecturer will b Florence Middaugh, C. S., of Los Angeles, Calif., who is a member of th board of lectureship of the moth church, The First Church of Chris Scientist, in Boston, Mass.

In arranging for the lecture, th members of the First Church Christ, Scientist, in Monroe, believ they are providing a means for reaching many people with answers to frequent questions about Christia Science—what it teaches, how it heals why thousands have become its adherents. A cordial welcome is extended to the public to attend.

Our Treasured 'Jitterbug'

We all get exasperated with our municipal light and power plant at times when, through no fault of its own but because of bungling in its operation, it temporarily lets its patrons down with annoying and expensive "blackouts." But, after all, it must be admitted that the institution is the Monroe public's most valued possession, for it provides more than half of the money required for the operation of the city.

The recently issued auditor's report for the fiscal year ending last April 26 shows that for the second consecutive year the light and power utility netted above a half-million dollars. The exact figure was $518,175.97, with total revenues of $750,661.94 and operating expenses of $232,485.97. The city's revenues from all other sources, including $112,172.28 in general fund taxes and $107,463.37 in business license fees, totaled only $229,831.17. But for the light and power plant and the two other publicly owned Monroe utilities, the bus system and the waterworks department, there would have had to have been a vast increase in taxes to make up the total municipal operating expense of $1,259,001.63.

The waterworks department was a few thousand dollars under its average for recent years in turning in a net profit of only $28,903.32 for the year as compared to $32,174.76 for the previous year and $36,339.49 for the 12 months ending April 26, 1944.

The bus system, which made a net profit of more than $86,000 in the last full war year with its revenues augmented by the Selman Field line and its 10-cent fares, dropped to $48,000 for the 1945 fiscal year and to $13,575.60 last year. The system was never, and will not be, a money-maker in peacetime but, with the citizens getting the advantage of the 5-cent fare and free transfers, that's quite all right.

And so Monroe, grateful to the city officials of many years ago who had the foresight to provide them, is proud indeed of her three publicly owned utilities.

A TURN FOR THE BETTER

A slight break in the deadlock over atomic energy control—a deadlock esentially Russo-American—is visible in the meetings of Committee 2 of the Atomic Energy Commission at Lake Success. The break came with the committee's decision to postpone political discussion for the present and concentrate on fact-finding. Then followed the presentation of a Russian plan by Prof. S. P. Alexandrov.

Professor Alexandrov started at the beginning with his proposal of a world inventory of uranium deposits—known, probable and possible resources. The Soviet scientist would also gather information on methods and efficiency of mining and milling the ore. Thus international control would begin with a detailed knowledge of actual and potential uranium deposits, and of the probable amount of metal that could be produced from them.

Any evidence of the Soviet government's desire for agreement and cooperation is encouraging. But there is little more encouragement to be found at the moment. For the Alexandrov plan, while it appears entirely sensible, scarcely brings the discussion to the threshold of the real difficulties.

The first of these is the American proposal for international inspection of atomic energy plants. Russia has been dead set against that since it first was introduced, and shows no sign of budging. The Russian view is that this inspection would be a violation of sovereignty. The Russian counter-proposal is the rather naive one of national inspection.

Some consider that the Soviet stand reflects the Moscow government's unwillingness to open its gates to outsiders who might pick up industrial and military knowledge which the government wants kept secret. Others feel that Moscow fears the possibility that outsiders might implant "dangerous" political and economic ideas in Russian minds. Neither speculation seems illogical.

At any rate, the Russian alternative to international inspection is simply a gentleman's agreement by all nations that none will manufacture atomic weapons. This is all very gallant and trusting, but scarcely a comforting guarantee of the world's safety from so terrible a weapon as the atomic bomb. Gentlemen's agreements have a notoriously poor record for preventing wars in the past.

Beyond the deadlock of inspection lies the barrier of the veto. Here too Russia is adamant in refusing any suggestion of modification such as the American plan contains.

In short, the Russian plan for atomic energy control offers a beautiful setup for any nation already possessing the atomic bomb, and a splendid chance for other nations to go ahead with research on the weapon. Beyond a national word of honor and a toothless treaty, any country could produce bombs without official outside interference, and any one of the Big Five found producing them could veto any action against it.

These differences must be faced and settled when the inevitable discussion of politics is resumed. Nevertheless, it is heartening to see the Soviet government making a positive gesture toward their solution. It denotes a change in the too-familiar petulant attitude. And such a change must precede any real progress toward solving the whole great problem of world peace.

Washington appeasers are pikers, at that, compared to their contemporaries in Stockholm, who agreed to make weapons for Russia and thus ended the barrage of rockets.

Washington continues to insist there is plenty of everything. But there are a few skeptics who continue to ask, "Where?"

Heart-tugs galore in a problem drama that never lacks interest. . . . FAIR: Republic's "Affairs of Geraldine" (Jane Withers-James Lydon). Frothy but good fun . . . BEST PERFORMANCE: Claude Rains in "Deception."

Lana Turner came up with an announcement the other day that she's through with "glamour roles." "I got a big chance to do some real acting in 'The Postman Always Rings Twice'," she said, "and I'm not going to slip back if I can help it." Well, I wish the little lady lots of luck in her campaign to become a serious actress. But if she wants to be convincing, it strikes me that Lana would be wise to live a bit more "seriously" off-screen, as well as before the cameras.

Barbara Stanwyck went job-hunting the other day and landed the role of narrator of a new picture based on the good work done by Philadelphia's famous Variety Club. She announced that her entire salary (in her case, that means plenty) will be turned over to the club to help finance its work of finding homes for orphaned children and providing proper medical attention for the under-privileged. My lowest bow to her! It's heart-warming to find that she remembers her own lonely, unhappy childhood vividly enough to want to use her success in behalf of other unfortunate youngsters.

Charles Bickford recently launched a blast at the annual Academy Awards, branding them as "untruthful and unfair." Said he: "If the public only knew how much politics went into selecting the winners, Awards would be done away with." I take issue with Bickford. While I haven't always been in complete accord with the Academy's selections, and while there undoubtedly is considerable political maneuvering each year before the ballots are cast, the fact still remains that the Award system has given Hollywood actors and actresses additional incentive to better their work. And I defy Bickford to name a single Award winner whose performance wasn't far above par.

I see by the trade papers that a certain producer who makes a specialty of pictures "exposing" things, is now going to film one exposing fascistic organizations in America. I have no brief against that—but I wonder why no Hollywood "exposer" has yet taken the path of least resistance and produced a picture about the dangers of Communistic infiltration. His research problem would be so much simpler for he wouldn't need to go out of Hollywood for his applauding facts.

SUNDAY SCHOOL LESSON

The Sunday School Lesson for Nov. 3
Scripture: Acts 15:23-29; Galatians 5:13-18

By William E. Gilroy, D. D.

Freedom and brotherhood are terms that need a lot of thought and careful definition in the difficult times in which we are living. And there is no better guide to accurate and workable definitions than the Apostle Paul.

Paul makes a great deal of freedom. He has been a legalist, and the meaning of his Christian conversion had been the discovery of a new freedom, as religion became for him a matter of the heart, of faith and love, rather than of formal observance without spiritual reality.

When he lists the fruit of the Spirit—"love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance" — his comment is: "Against such there is no law."

That is the essence of Paul's philosophy of freedom. It is essentially and inevitably associated with goodness.

To Paul liberty did not mean freedom to do as one pleases. The liberty of which he wrote was liberty through the discipline of law and the fulfillment, with love, of law.

"The law is our schoolmaster," he says, "to bring us to Christ;" and "Christ," he says, "is the end of the law for every one that believeth."

What Paul says concerning liberty in relation to the Jewish law is true of liberty in relation to all law. Their relationship to liberty makes laws either a curse or a blessing.

The freedom to do right is very real freedom, and all laws that suppress or repress that freedom are bad. Freedom to do right is a precious heritage in a world in which perversions and tyrannies are rife.

Freedom and brotherhood were associated in Paul's religion, for the life of love that meant freedom was the fulfilling of the law.

"All the law is fulfilled in one word, even this: Thou shalt love they neighbor as thyself." That is brotherhood, and it is brotherhood without limitation.

Some have claimed that Paul's preaching and practice of brotherhood were related only to the community of Christians. Paul did regard Christians as having a special obligation to one another.

But "neighbor" meant to him what Jesus intended it to mean when He told the Parable of the Good Samaritan.

OUR CHILDREN

CHRISTMAS IS COMING

This is the time to start the children on Christmas plans. Talk over gifts they want to make to friends and relatives, plan for buying and for making them. Gifts that children make are a source of pleasure to themselves and to those who receive them. Grandma would rather have a crooked little Christmas card cut and decorated by her little grandchild than the finest gift that the shop offers. She has lots of flower holders, handkerchiefs and bedroom slippers but she will have just that one card in a lifetime. Let her have it.

The older children need to think over their lists and consult their fathers and mothers about them. They will have secrets which must be preserved and surprises that must be hidden because that is the way of Christmas. They will want to do impossible things, and that too, is to be expected. Frequent conferences, always in secret, will help tremendously and save many a mistake that would mar a child's high day.

Many children save pennies and small change during the year and want to spend it for Christmas gifts. They should be allowed to do so under guidance. That means a talk before shopping day. After the child has been advised and his ideas made clear, he should be allowed to do his own shopping if that is possible. Children of eight years on should be able to do that and so add to the joy of the experience. The younger ones can be watched from a distance, not to see what they buy so much as to protect them in the crowded shops.

Giving is a fine experience for children and the giving should be their own expression of generosity. There is little good for the child in presenting a gift that father or mother bought, packaged and presented in his name. He needs to feel the personal warmth that is the reward of giving with affectionate lavishness. A bit of himself must go with the gift or it has no value for him or for its recipient.

Encourage children to make their gifts thoughtfully and to keep them simple. Costly gifts have no relation to children who have no money for such things. Teach them to think about the people they want to please and make something that they can use, that they will enjoy.

A 12-year-old boy noticed his grandmother trying to scrape the garden soil off her shoes and stored an idea for her Christmas gift. He bought three scrubbing brushes, picked up three bits of wood and made a fine foot scraper of them. One brush nailed to the bottom board, one to each side board, the whole box painted brown with her border, and Granny had only to insert a foot between the brushes rub her foot back and forth and have clean shoes. Cost, fifty cents. Result, great happiness.

* * *

When you open the door for guests, is your child with you? Why introducing a child in this way to strangers is a good practice is explained in Dr. Patri's helpful booklet No. 304, "Your Child and Other People."

M'KENZIE TO TALK ON AIR MAIL WEEK

As a feature of the inauguration of Air Mail Week, Representative Charles E. McKenzie will make an address over KNOE this morning at 9:45. Mr. McKenzie was author of the bill, HR 5560 which became Public Law 730, which reduced the air mail rate from eight cents to five cents, and which was passed by the 79th Congress.

Mr. McKenzie recalled that the first air mail was flown from New York to Mineola in 1911, with Capt. Paul Beck as pilot and Postmaster General Hitchcock dropping the first pouch of mail. In 1912, he said, Congress appropriated $50,000 to start an experimental service, and that the actual service was begun on May 15, 1918, from New York to Washington by way of Philadelphia.

In 1919, the first leg of what was to become transcontinental service was established from Chicago to Cleveland; then the second leg was started in July of the same year from New York to Chicago, and service was extended from Chicago to Omaha in 1920, with later developments spanning the nation.

Mr. McKenzie's bill was signed by President Truman on August 14 and the new rate become effective on October 1.

News
BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate)
(Reproduction In Whole or In Part Strictly Prohibited)

WASHINGTON, Oct. 26—Strange things are done in Washington but the strangest is on the budget. Actually Mr. Truman is economizing upward. He is cutting by increasing. He is saving by enlarging appropriations. Actually! Honest!

The president took hold of the budget, you may remember, last August 3. It was a firm grip. The headlines said his grasp, or you might say, clutch, at the situation was "the greatest economy move since the Hoover administration." That economy upped the budget from $36 billions (yes billions) where it was last January to $41.5 billions, a savings which adds up backwards.

That is all past history. Now we are in for some more economy—upward I mean. The press has been unofficially informed officially that the navy budget is to be slashed $700,000,000 more than its original (August) $650,000,000 "slash" and "the presidential economy drive will be $1,350,000,000."

They do not say how much more this will cost, but a check at the budget bureau will show you all economy is tending upward, and by this I do not mean to say enlarging, but merely costing more money than may be saved. Mr. Truman, it is far more authoritatively said, in private, is limiting national defense (the largest budget item) to $13.2 billions, or $8 billions for the army and $5.2 billions for the navy. But unused balances of old appropriations give the services a total of about $22.9 billions, an amount about $9.7 billions more than the appropriated and officially suggested figure. The usual combined figure used for these services is about $18 billions, but these above stated come from budget authorities. Mr. Truman's cuts, "slashes," have been made in the unused balances of old budgets and not in the current appropriations, I am informed. This was the "slash" so widely advertised. Actually what the president did was to tell his navy and war secretaries in a confidential letter to limit their expenditures further—meaning to the utmost in consonance with the necessities of their office.

Of course even with his economy upward he will still be spending more than $12 billions (yes billions) above the pre-war year of 1936. In those days, defense cost only $1.2 billions for both army and navy. (The Russian advertising of economy has not been added up here yet.)

Now this is not as surprising or confusing as it sounds. Actually the position of Mr. Truman's budget is somewhat like my own and yours. I am economizing, but it is costing me much more to live. I am forced to do the same thing he is doing, namely pay more for less, so much more that no matter how much I economize, my budget runs up.

I wonder if the entire nation and the world is not in the same fix. The world talks of developing a high wage-high price level as ideal, and I agree it is not only ideal but a necessity. The strikes (and I do not mean the political C. I. O. strikes against Dewey in Albany or the Lewis-promised strike on the eve of election) only indicate a demand by unions to get ahead of the price fluctuating economy. Yet the unions are always dissatisfied with their last strike, and always planning a new one to get a new wage increase, which will force prices even higher and cause plans for a third strike they have not yet envisaged—but will.

Now all this talk of budgets (like strikes) is silly in a fluctuating economy. What the budget needs is the same thing that the unions really need if they only knew it—namely a stable economy.

Budgets are and will be loose and inexact in these days. Economy is simultaneously demanded (and may not be carried far enough) to keep the budget from running away with itself and to keep tax necessities down. But actually you cannot say that an expenditure will be limited to this or that exact figure below appropriations—not with any confidence. You may have to pay more for less than intended. You do not follow the dictates of people who know nothing of defense in such matters. You take the expert advice of those who know the subject—and use your own judgment.

In these considerations therefore, I cannot find it in my heart to criticize Mr. Truman on the budget—and I cannot find anything except confusion in the budget bureau as you have seen. I recommend the country do the same thing I am doing—namely putting the budget into a secondary category and devoting myself primarily to the hope that the administration will establish a stabilized wage-price economy.

Then maybe someone may add up something and trust in the result.

PISTOL SHOOT WILL BE HELD HERE TODAY

The Ouachita Rifle and Pistol club will hold its first pistol match on the Selman Field range today, starting at 1 p. m., it was announced yesterday.

Four matches will be fired, two in .22 calibre and two in center fire.

John Zufall, secretary-treasurer of the club, will donate a trophy to the aggregate winner. The trophy will be rotated, and will be fired for again in one month.

Plans are being made for the Northeast Louisiana shoot which will be held here in November.

R. B. Alexander is president of the local club.

CHINESE ANNOUNCE CAPTURE OF ANTUNG

NANKING, Oct. 26.—(AP)—The government announced today the quick capture of Antung, strategic Manchurian port opposite Russian-held northern Korea, and was continuing its attacks on the Communist base of Chefoo, leading observers to take a forlorn view of current efforts to settle China's civil war.

General Marshall, American special envoy, conferred in Nanking for three hours with Gen. Chou En-Lai, chief Communist negotiator.

Chinese minority party leaders who arranged the renewed negotiations were still hopeful, and Sun Fo, a conciliatory member of the Kuomintang (government party) insisted he was "not pessimistic."

The unabated conflict, marked by government successes, caused other Chinese to take a dolorous view, however.

Some said the situation left General Marshall as a mediator with nothing to mediate and predicted he might soon end his mission with a formal announcement of failure. Such reports have been frequent for months but never have materialized.

Pitching Horseshoes

By Billy Rose

I guess I'm getting old. I must be—I find myself saying things I used to resent hearing twenty years ago. I thought the fellows who said them were fuddy-duddies.

Billy Rose

Like, for instance, the other night we got to talking about Al Jolson. Jackie Gleason, a young comedian, said he was fed up with the Jolson legend. He had never seen Al work, but he doubted whether the Singing Fool on his best day could fracture an audience like Frank Sinatra. I took the floor, and told this talented tot that Jolson coming down the runway at the old Winter Garden was like the Twentieth Century making up time on a level stretch of track. And then I caught myself—"Rose, you're getting old. You're talking like the whiskerinos who used to rave about Harry Lauder and Honey Boy Evans. Order up a nice hot cup of tea—it'll rest you."

But I guess when you're up around the halfway mark, you cling to an old favorite like you do to an old easy chair. Last night I went to the Music Hall and saw "The Jolson Story." Al doesn't even appear. He's portrayed by a charming kid named Larry Parks, but whenever Parks goes into a song, it's Jolson's voice on the sound track. It's the slickest dubbing job ever done by the movie magicians. Al, by proxy, sings some of the great songs of the past twenty years. And for my money, Al by proxy is ten times as exciting as Crosby, Sinatra and Como in person. I guess I'm getting old.

Maybe I'd feel different if today's singers had a crack at yesterday's songs. With a few exceptions, I don't get much of a lift out of the current crop of ditties. I don't think there's been a knock-'em-down, kick-'em-in-the-subconscious song written in years. Over There, Smiles, Let Me Call You Sweetheart, Down by the Old Mill Stream—I've seen crowds get drunk with the sound of them. I've seen them stop dancing, sing together, laugh together, cry together. Tin Pan Alley these days writes for the dance band rather than the song-singer. Little boys and girls with trick adenoids whisper the words into microphones. I don't think one out of ten could earn coffee money in the old days. I guess I'm getting old.

I feel the same way about today's producers. There are a dozen good craftsmen, but name me a single great showman on the street. I don't think the Cautious Nellies of 1946 (me included) measure up to inspired maniacs like Ziegfeld, Dillingham, Gest, Belasco, Roxy, and Thompson and Dundy of the old Hippodrome. These were impresarios in the grand sense, wild, extravagant, touched-in-the-head. Their shows didn't succeed or fail. They exploded above the clouds or went down like the "Titanic."

I'm writing this piece in Ziggy's old theater. I'm here because I bought it—not because I rate it. What piece of madness can I look back to that compares with the story of Ziegfeld and the petticoats?

In one of his shows, the Glorified Girls wore petticoats of fine Irish lace that cost $600 apiece—about two thousand Truman dollars. The audience never got to see these hand-tatted petticoats—they were hidden by huge bouffant skirts. When one of the backers—I think it was J. Leonard Replogle—beefed about squandering that kind of money for an item the audience never saw, Flo smiled and said, "My girls know they're wearing Irish lace, and it does something to the way they walk."

I think Rodgers and Hammerstein are distinguished producers — but they're not Ziegfeld. I guess I'm getting old.

I've got another beef. There isn't a matinee idol on Broadway. The gals around here could use a couple of one-chin, original-teeth-and-hair actors. As soon as a guy with that certain thing shows up, a movie scout hits him over the head with a sock full of gold and mails him out to Louis B. Mayer.

A run-of-the-male lad called Francis Lederer hit the town a few seasons back. The critics so-so'd his show, but the girls finally had someone to go gaga over. To accommodate the chicks who wanted to see a romantic rooster, he wound up giving four matinees a week.

When that Englishman Olivier came over, a lot of guys named Herman couldn't figure why they were being called "Laurence" as their girls kissed them.

It isn't that the theater faces a manpower shortage. There are plenty of boys around, but no Barrymores; plenty of actors who can make the girls applaud, but none who can make them whistle.

OK. OK. I'll go quietly. Where does a fellow apply for Social Security? Getting old.

SCIENCE LECTURE SCHEDULED HERE

"Christian Science: The Science of Divine Mind," is the title of a free lecture to be given at the Ouachita Parish High School Tuesday, October 29, at 8 p.m. The lecturer will be Florence Middaugh, C. S., of Los Angeles, Calif., who is a member of the board of lectureship of the mother church, The First Church of Christ, Scientist, in Boston, Mass.

In arranging for the lecture, the members of the First Church of Christ, Scientist, in Monroe, believe they are providing a means for reaching many people with answers to frequent questions about Christian Science—what it teaches, how it heals, why thousands have become its adherents. A cordial welcome is extended to the public to attend.

FRANKLIN PARISH BABY BEEF RESERVE CHAMPION AT FAIR

A Hereford steer, raised by Betty Jane Payne, of Franklin parish, was declared the baby beef reserve champion of the Louisiana State Fair at Shreveport and was sold at auction Friday for $1 per pound. The buyer, Frank Hemenway, Jr., of Shreveport, gave the girl owner $500 cash and permitted her to retain the animal as her property so that she might exhibit it at the 4-H Club Congress and International Livestock show at Chicago.

The same sum and conditions covered the sale of the grand champion baby beef, "General Ike," an Angus owned by Ewell Bickham, Jr., of East Baton Rouge parish. It was bid in at $1.50 per pound by the J. C. Penny and Big Chain Stores of Shreveport.

Among the owners of 26 head of 4-H Club calves that sold at an average of 45.69 cents per pound were Dennis Berry, J. B. Ealey and Brown McLemore, all of Franklin parish.

Mackenzie's Column

(Associated Press Foreign Affairs Analyst)

Winston Churchill says he has evidence to support his suggestion in the British House of Commons that Russie has more than 2,000,000 men on a war footing in Soviet-occupied Europe, and he described his speech as a "serious warning"—but leaves it to us to figure out its exact significance.

Britain's war-time prime minister gave us a clue. Referring to his sensational "iron curtain" address at Fulton, Mo., last spring, he declared that it had been "outpaced and overpassed by the movements of events," and added:

"At the time I did not believe that the Soviet government wanted war but that what they wanted was the fruits of war. I still fervently hope and trust that this is still correct, and on the whole I believe it is still correct."

Mr. Churchill left a most disquieting impression which was referred to by Minister of State Hector McNeil in discussing the outlook for European peace. Said Mr. McNeil:

"I cannot share the pessimism, if I do not misinterpret Mr. Churchill, which he offered in his speech."

So much for our premise. Now why should Moscow find it expedient to maintain so many troops in the occupied areas?

That's a momentous question, but fortunately there is more than one answer to it, or so it seems to me. If there were only one answer it would mean war, and Mr. Churchill wouldn't have been able to say that he still believed the Soviet Union didn't want war.

We are living in dangerous times, but there's no indication that Russia or any of the other powers want war. On the contrary there is every sign that they want peace. And we don't need to soar into the clouds to explain this pious hope.

There is no country in Europe which would be capable of waging a major war of aggression now. Potentially Russia is a titanic force, but she is exhausted from her efforts in the last conflict. She lacks the wherewithal to make big scale war.

Then why the great force of soldiers in occupied territories? The business of fighting-men isn't necessarily to fight. Their duties include preservation of order, the maintenance of their government's authority and, by their very presence in strong force, the prevention of any intrusion of occupied territories by other nations. There I believe we find the most logical answers to our query, although it's important to note that it is a vast economy for a government to have its standing army living off the land in other countries.

As a result of the war, Russia has extended her zone of influence westward into Central Europe, and has overrun most of the Balkin peninsula. She has created a great new politico-economic empire. But she is in process of consolidating that empire. Some of its units still are shaky. It's not difficult, therefore, to understand the presence of Soviet troops at strategic points in this area.

Then, too, some hair-trigger situations remain to be straightened out. One of these is the Soviet-Turkish dispute over control of the Dardanelles—and armed might is a strong argument. There is the Greek imbroglio. There is Austria, which Moscow is firmly bent on adding to its zone of influence, and most certainly won't move Soviet troops away until the matter is ironed out.

In short, Russia apparently figures that packing a gun gives added authority—and that's an argument which it is difficult to answer. The Communists are direct actionists. Thus far they have used their veto power to maintain their position in the U. N. Security Council, and they have used their armies to fortify their domination of eastern Europe.

But the horse-sense of it is that the Russians don't want another world war at this juncture. For that reason they are likely to try to avoid even a small war, because even a minor upheaval could develop into a global conflict.

That, I believe, is Moscow's present state of mind.

Players From Dozen Towns Expected To Compete For Title

Checker players from about a dozen north Louisiana towns are expected to compete in the north Louisiana championship tournament to be held here November 3, beginning at 10 a. m., at the Monroe Recreation Center, 113 Catalpa street, in the upstairs part of the building formerly occupied by the USO.

Among the towns expected to be represented are Monroe, West Monroe, Dubach, Choudrant, Bastrop, Delhi, Oak Grove, Columbia, Minden, Rayville and probably Ruston and Shreveport.

This will be the first checker tournament strictly for north Louisiana players since that held in the fall of 1945, although the Louisiana state tournament was held here last spring.

In most of the previous tournaments held here Choudrant and Dubach players have taken the lion's share of honors, with West Monroe next in line but there is a possibility that a player from some other town may win the championship this time. Simmie Whitman of Choudrant is the present holder of the north Louisiana title and R. H. Joiner of West Monroe holds the state title. Only the north Louisiana title will be at stake in this tournament.

The recreation hall is well equipped to handle the tournament, as it has an ample number of chairs and also has a large number of tables.

Those wishing to enter the tourney may do so simply by appearing at the recreation hall at the appointed time or they may communicate with W. G. Jasper, 806 North Fifth street, West Monroe.

PYTHIANS WILL HONOR WAR DEAD

Stonewall Lodge No. 8 Knights of Pythias, of Monroe, will honor members who made the supreme sacrifice in World War II Thursday night, October 31, at 7:30 p.m.

Lieutenant Milton Coverdale, Lieutenant John David Dumas, Lieutenant Leo Mark Mayo and Lieutenant Willie Stokes Heard were the ones who made that sacrifice. Their pictures will be unveiled in the lodge hall at this meeting. Honorable Judge Vinson M. Mouser, of Columbia, La., will deliver the memorial address.

In World War II there were 104 Knights of Pythias in service in the various lines and were located all over the world. Many of these Pythians are still in the service.

The public is cordially invited and the members of the families represented are especially invited to attend as honored guests of the Pythian lodge

ZEIDMAN INVITED TO SING AT FAIR

Irving Ziedman, talented Monroe singer, received a wire from W. R. Hirsch, general manager of the Louisiana State Fair at Shreveport, asking him to come there today and to present "Louisiana Bayou," popular song by Mrs. C. C. Mills, of Monroe, which was presented twice on the first two days of the fair by a Shreveport singer.

The song was so well received that Mr. Hirsch urged that it be given again and Mr. Zeidman stated Saturday that he will comply with the request.

ILL BASKIN MERCHANT COLLAPSES ON STREET

John A. Walton, 55, operator of the Walton Grocery at Baskin for 19 years, collapsed in the middle of DeSiard Street while crossing from an auto to the office of a doctor in the Ouachita Bank building at 10 a.m. Saturday and was taken to St. Francis Sanitarium in a Mulhearn ambulance.

Mr. Walton, ill for a week and his wife, who was with him when he fell, had been brought to Monroe by Mrs. Helen Jenkins, a Baskin trained nurse, in her car. Mrs. Walton accompanied her husband to the hospital in the ambulance and reported later he was "resting easy."

ZEIDMAN INVITED TO SING AT FAIR

Irving Ziedman, talented Monroe singer, received a wire from W. R. Hirsch, general manager of the Louisiana State Fair at Shreveport, asking him to come there today and to present "Louisiana Bayou," popular song by Mrs. C. C. Mills, of Monroe, which was presented twice on the first two days of the fair by a Shreveport singer.

The song was so well received that Mr. Hirsch urged that it be given again and Mr. Zeidman stated Saturday that he will comply with the request.

ILL BASKIN MERCHANT COLLAPSES ON STREET

John A. Walton, 55, operator of the Walton Grocery at Baskin for 19 years, collapsed in the middle of DeSiard Street while crossing from an auto to the office of a doctor in the Ouachita Bank building at 10 a.m. Saturday and was taken to St. Francis Sanitarium in a Mulhearn ambulance.

Mr. Walton, ill for a week and his wife, who was with him when he fell, had been brought to Monroe by Mrs. Helen Jenkins, a Baskin trained nurse, in her car. Mrs. Walton accompanied her husband to the hospital in the ambulance and reported later he was "resting easy."

L. T. HASTINGS

An Important Announcement . .

by Rev. L. T Hastings, Pastor

We are happy to present to our membership and to the community-at-large—

DAN GILBERT, LL. D.

Author-Journalist-Evangelist

Washington, D. C.

DAN GILBERT, LL. D.

The Public is Cordially Invited

Program of Speaking at the First Baptist Church as follows:

Tuesday night, Oct. 29, 7:30, subject: "Inside Washington, D. C.—Adventures of a Christian Newspaper Man in the Nation's Capitol."

Wednesday night, Oct. 30, subject: "What the Bible Tells Us About the Coming 'Atomic Age.'"

Thursday night, Oct. 31, subject: "How Can We Prove That the Bible is True and That Evolution is False?"

Friday night, Nov. 1, subject: "Hell Over Hollywood—The Truth About the Movies."

Saturday night, Nov. 2, subject: "How Atheism is Capturing American Youth."

Sunday, Nov. 3, 11:00 A. M., subject: "The Faith That Conquers." (Broadcast over KMLB).

1:30 P. M.—Speaking from studio of KMLB on "Baptist Crusade" program.

2:30 P. M.—(In Church auditorium), subject: "Stalin's Secret Plan to Destroy America." (The first 30 minutes will be broadcast over KNOE, 2:30-3:00).

7:30 P. M., subject: "What the Bible Tells Us About World War III." (This is his final message).

Dan Gilbert is director of the Christian Press Bureau of Washington, D. C., and America's foremost Christian journalist. He is the author of many books. At the age of 22 he wrote "Crucifying Christ in Our Colleges" which has been favorably reviewed by a larger number of religious magazines of all denominations than any other book published in the 20th century. Other books from his brilliant mind and facile pen include: "THE BIBLICAL BASIS OF THE CONSTITUTION," written when he was 24 and declared by Associate Justice Pierce Butler to be "one of the four best books on the Constitution yet written"; "A MANIFESTO OF CHRISTIAN YOUTH," concerning which a reviewer said, "Dan Gilbert is a young man himself, still under thirty, and he knows the viewpoint of youth, and his loyalty to the Book enables him to offer the only real solution to the problems of youth"; "THINKING YOUTH'S GREATEST NEED," about which one of the largest religious weekly papers said, "This is a remarkable book for youth. . . . Put it into the hands of boys and girls and modern fallacies will not have much weight after reading it. Every paragraph drives home the truth."

In view of Dan Gilbert's nation-wide reputation as a journalist, author and evangelist, the First Baptist Church of Monroe and pastor, L. T. Hastings, take great pride in introducing him to the Twin Cities and the country round-about. It is worth driving 100 miles to hear Dan Gilbert.

BROWNIE SCOUT

(Continued from First Page)

fun for these children and offers an excellent way to practice social graces.

The Girl Scout Day Camp in June and July gave Brownies an opportunity to do some real camping without going too far from home. There they had an opportunity to become familiar with the out-of-doors and learn to enjoy it. It offered an opportunity to put into practice many of the things they had learned about health and safety, about simple cooking, and about getting along with other people. Craft classes, too, helped them to develop skill with their hands. Even at camp, though, there was time to help others for they made toys for the children at Charity Hospital.

Each Brownie leader gives from three to five hours of her time each week to her troop in return for the satisfaction she enjoys in working with children and in rendering real service to her community. The Brownie leaders are: Mrs. Roy McCue, Mrs. E. B. Whitten, Mrs. Roy Byrd, Mrs. F. J. Brennan, Mrs. Travis Oliver, Jr., Mrs. E. K. Theus, Mrs. Lamar Ratcliff, Mrs. W. G. Bradley, Mrs. John Huffman, Mrs. H. M. Moak, Mrs. A. G. Olcott, Mrs. Gene Demmary, Mrs. M. C. DeLarot, Mrs. W. A. Cotton, Mrs. C. G. Pearce, Jr., Mrs. C. B. McAdams, Mrs. G. A. Miller, Mrs. Geo. Snelling, Jr., Mrs. Ed Pohlman and Mrs. Phillip Snider.

The Girl Scout work depends on finances from the Twin City Community Chest, and their request for an increased budget was carefully studied by the Finance Committee and finally approved by the Board of Directors of the Chest. The members of the board stated at that time that the worth of the Girl Scout program has been established and proven, and that additional funds were being made available in order that greater accomplishments might be gained in this area.

2 CITIES PLAN

(Continued from First Page)

Taylor, of the naval reserve, local Navy Day co-chairman. Congressman-elect Otto E. Passman, former naval lieutenant and Navy Day chairman, will make the presentation at KNOE.

Both Chairman Passman and Co-Chairman Taylor stressed the fact that every present and former member of the naval service residing in Monroe and West Monroe was invited to attend the open house at the Lotus club. "This is the first opportunity we of the navy, marine corps and coast guard have had to get together since the war ended," they said. "So let's turn out in force."

While Captain Barringer's talks over the two local radio stations will differ considerably, Co-Chairman Taylor said, they will deal generally with the navy, past, present and future, its accomplishment sand its needs.

Although today and Monday were the highlight days of the 171st anniversary program, local schools and luncheon clubs marked the occasion at assemblies the past week. Merchants of Monroe and West Monroe cooperated by displaying Navy Day posters and placards and two DeSiard street firms featured special displays.

Within 20 years after its introduction, soybean production in the United States reached 200,000,000 bushels in 1945.

HEAD NAVY DAY CELEBRATION

Capt. Victor C. Barringer, native Monroyan, is shown in the center of the above picture. He returned to Monroe Friday to represent the navy in the local observance of the sea service's 171st anniversary. At the left of the picture is Congressman-Elect Otto E. Passman, Navy day chairman; and at the right is Commander Warren Taylor, USNR, Navy day co-chairman.

DEATHS

BRUCE B. BAXTER

ST. JOSEPH, La., Oct. 26.—(Special)—The funeral of Bruce B. Baxter, fatally injured in a hunting accident near Beeville, Tex., was held in Corpus Christi, Tex. He was the only child of the late Bruce B. Baxter, of Murfreesboro, Tenn., and Mrs. Alice Baxter, of St. Joseph.

He was born in Chattanooga, Tenn., and came with his mother to St. Joseph to live in 1911. He was educated here and in Culver Military Academy, Culver, Ind., and graduated at the University of Virginia. Later he completed a law course, and in the recent war served with the rank of lieutenant. At the time of his death he was engaged with his father-in-law in the oil business in Beeville.

He leaves his wife; two children; his mother, Mrs. Alice Baxter, and his grandmother, Mrs. William Davidson, both of St. Joseph.

During the hour of the funeral, all stores in St. Joseph remained closed as a gesture of appreciation of the lifework of Mr. Baxter.

MRS. ANN ELIZABETH RHODES

WINNSBORO, La., Oct. 26.—(Special)—Mrs Ann Elizabeth Rhodes, 63, died at her residence here Saturday morning.

Mrs. Rhodes is survived by her husband, Mr. William Rhodes; a daughter, Mrs. Florence Thomas, Winnsboro; and two sons, Harrison Elmo Rhodes, Epps, and Otha Carr Rhodes, Winnsboro.

Mrs. Rhodes is a member of the Oak Grove Baptist church, and the funeral services will be held on Sunday afternoon at two o'clock at the Oak Grove Baptist church, with the Rev. T. G. Polk officiating. Burial will follow in the Oak Grove Cemetery under the direction of Mulhearn Funeral Home of Winnsboro.

Active pallbearers will be: J. T. Duckworth, Doyle Duckworth, Rudolph Guice, Glemon Prine, Orville Prine, and Willie Bryant.

W. A. BISHOP

The funeral of W. A. Bishop, 57, of South Fifth street and Lazarre avenue, West Monroe, was held and interment took place in Arant cemetery. He is survived by his wife; one son, J. C. Bishop, West Monroe; one daughter, Miss Willie Kate Bishop, Minden and four sisters, Mrs. Elizabeth Tawater, Jones, La.; Mrs. Alice Russell, Simsboro, La.; and Mrs. Mattie Jerrell, Chatham; and Mrs. Ruth Caldwell, California.

FARMERS

tumble of $25 to $30 per bale. Some brokers pointed out that most of the crop was already sold in the greater part of the belt.

The break last week toppled futures $25 a bale in three days, and caused the unprecedented closing of cotton exchanges for a day. It was attributed mostly to the liquidation of a large New Orleans holding.

No Barometer was available to indicate widespread hardship or loss among farmers because of the price drop. The Federal Land Bank of New Orleans indicated this might be reflected to some extent in next week's figures on loan repayments.

One authority, who did not wish to be quoted by name, pointed out that farmers had planted their crop in general expectation of prices of about 25 cents a pound. The advance up around 40 cents gave them unexpected profits, he said, and the drop did not mean they would suffer losses.

Others, however, noted an increase in farmers' operating expenses and living costs. Moreover, they said, the price rise in cotton had probably caused many to change their plans and to make expenditures which they had not previously calculated.

Federal Land Bank officials explained that it takes about two weeks for economic conditions in the field to be reflected in their tabulations of loan payments. Thus any results of the break will not be shown until next week.

A field worker of the Land Bank, who had just returned from Demopolis, Ala., said "the sale of cotton on which we have mortgages is less than ten percent of normal in that area."

Similar reports had been received from Land Bank field men in Greenville, Miss., and in northwest Louisiana.

In El Paso, Tex., a leading broker described sales as "negligible."

The president of the Memphis Cotton Exchange, Robert Hussey, said: "After the actual break, when the market was lowest, almost all producers held onto cotton in a determined way. Not only did they feel confident prices would go back up but they showed their confidence by not selling.

"The result has caused not only some increase in future prices but an increase in present premiums they're getting for cotton."

SEES NO CHANCE TO CONTROL COTTON MARKET

NEW ORLEANS, Oct. 26.—(AP)—The New Orleans Item quoted Robert E. Craig, II, vice-president of the New Orleans Cotton Exchange, today as saying that "no one person, or group of people can control the cotton market."

Craig was commenting in an interview on last week's $35-a-bale break in cotton futures, after which the exchanges closed for the Saturday session, while the long account of a New Orleans operator was being liquidated

High up members of the exchange identified the account as that of Thomas L. Jordan who, it was reported, transferred about 150,000 bales to a large spot firm.

Craig cited an attempt of the government to bolster prices in 1930.

"Following the 1929 crash," he said, "the government came into the cotton market with $500,000,000 and tried to keep cotton upwards of 16 cents a pound.

"With all of this money at their command the market still declined to six cents a pound. This and all other attempts to dictate cotton prices have failed."

Both Craig and Daniel T. Mangel, Jr., president of the New Orleans exchange, termed "ridiculous" a theory advanced by Sen. Elmer Thomas, Democrat, Oklahoma, before the Senate agriculture committee, that the break may be due to a political plot from which the Republicans might benefit.

They applied a similar label to a theory before the committee that blamed the drop in cotton on efforts of the Democratic administration to force price levels down.

The exchange officials said that the market was criticized earlier this year when the OPA failed to peg cotton at 27 cents a pound, and also now with cotton at 33 cents a pound.

Replying to a proposal that the exchanges undergo an overhauling, Mangel said:

"At this time we are making a survey of all rules and regulations. If we can spot a loop-hole of any sort, we'll close it up."

Mangel added that the New Orleans Cotton Exchange "has no financial interest in the price of cotton."

"The exchange only maintains a floor over which its members can trade, and in return, is supported by dues and assessments of those members," he said.

BROWNIE SCOUT

(Continued from First Page)

fun for these children and offers an excellent way to practice social graces.

The Girl Scout Day Camp in June and July gave Brownies an opportunity to do some real camping without going too far from home. There they had an opportunity to become familiar with the out-of-doors and learn to enjoy it. It offered an opportunity to put into practice many of the things they had learned about health and safety, about simple cooking, and about getting along with other people. Craft classes, too, helped them to develop skill with their hands. Even at camp, though, there was time to help others for they made toys for the children at Charity Hospital.

Each Brownie leader gives from three to five hours of her time each week to her troop in return for the satisfaction she enjoys in working with children and in rendering real service to her community. The Brownie leaders are: Mrs. Roy McCue, Mrs. E. B. Whitten, Mrs. Roy Byrd, Mrs. F. J. Brennan, Mrs. Travis Oliver, Jr., Mrs. E. K. Theus, Mrs. Lamar Ratcliff, Mrs. W. G. Bradley, Mrs. John Huffman, Mrs. H. M. Moak, Mrs. A. G. Olcott, Mrs. Gene Demmary, Mrs. M. C. DeLarot, Mrs. W. A. Cotton, Mrs. C. G. Pearce, Jr., Mrs. C. B. McAdams, Mrs. G. A. Miller, Mrs. Geo. Snelling, Jr., Mrs. Ed Pohlman and Mrs. Phillip Snider.

The Girl Scout work depends on finances from the Twin City Community Chest, and their request for an increased budget was carefully studied by the Finance Committee and finally approved by the Board of Directors of the Chest. The members of the board stated at that time that the worth of the Girl Scout program has been established and proven, and that additional funds were being made available in order that greater accomplishments might be gained in this area.

Taylor, of the naval reserve, local Navy Day co-chairman. Congressman-elect Otto E. Passman, former naval lieutenant and Navy Day chairman, will make the presentation at KNOE.

Both Chairman Passman and Co-Chairman Taylor stressed the fact that every present and former member of the naval service residing in Monroe and West Monroe was invited to attend the open house at the Lotus club. "This is the first opportunity we of the navy, marine corps and coast guard have had to get together since the war ended," they said. "So let's turn out in force."

While Captain Barringer's talks over the two local radio stations will differ considerably, Co-Chairman Taylor said, they will deal generally with the navy, past, present and future, its accomplishment sand its needs.

Although today and Monday were the highlight days of the 171st anniversary program, local schools and luncheon clubs marked the occasion at assemblies the past week. Merchants of Monroe and West Monroe cooperated by displaying Navy Day posters and placards and two DeSiard street firms featured special displays.

Within 20 years after its introduction, soybean production in the United States reached 200,000,000 bushels in 1945.

DEATHS

BRUCE B. BAXTER

ST. JOSEPH, La., Oct. 26.—(Special)—The funeral of Bruce B. Baxter, fatally injured in a hunting accident near Beeville, Tex., was held in Corpus Christi, Tex. He was the only child of the late Bruce B. Baxter, of Murfreesboro, Tenn., and Mrs. Alice Baxter, of St. Joseph.

He was born in Chattanooga, Tenn., and came with his mother to St. Joseph to live in 1911. He was educated here and in Culver Military Academy, Culver, Ind., and graduated at the University of Virginia. Later he completed a law course, and in the recent war served with the rank of lieutenant. At the time of his death he was engaged with his father-in-law in the oil business in Beeville.

He leaves his wife; two children; his mother, Mrs. Alice Baxter, and his grandmother, Mrs. William Davidson, both of St. Joseph.

During the hour of the funeral, all stores in St. Joseph remained closed as a gesture of appreciation of the lifework of Mr. Baxter.

MRS. ANN ELIZABETH RHODES

WINNSBORO, La., Oct. 26.—(Special)—Mrs Ann Elizabeth Rhodes, 63, died at her residence here Saturday morning.

Mrs. Rhodes is survived by her husband, Mr. William Rhodes; a daughter, Mrs. Florence Thomas, Winnsboro; and two sons, Harrison Elmo Rhodes, Epps, and Otha Carr Rhodes, Winnsboro.

Mrs. Rhodes is a member of the Oak Grove Baptist church, and the funeral services will be held on Sunday afternoon at two o'clock at the Oak Grove Baptist church, with the Rev. T. G. Polk officiating. Burial will follow in the Oak Grove Cemetery under the direction of Mulhearn Funeral Home of Winnsboro.

Active pallbearers will be: J. T. Duckworth, Doyle Duckworth, Rudolph Guice, Glemon Prine, Orville Prine, and Willie Bryant.

W. A. BISHOP

The funeral of W. A. Bishop, 57, of South Fifth street and Lazarre avenue, West Monroe, was held and interment took place in Arant cemetery. He is survived by his wife; one son, J. C. Bishop, West Monroe; one daughter, Miss Willie Kate Bishop, Minden and four sisters, Mrs. Elizabeth Tawater, Jones, La.; Mrs. Alice Russell, Simsboro, La.; and Mrs. Mattie Jerrell, Chatham; and Mrs. Ruth Caldwell, California.

TROOPS

where it spread out into alligator-infested swamps.

The young couple pitched camp about 5 p. m. and went to bed in a canoe tent about 8.15 p. m. after a cup of bouillon.

"The next thing I knew was the tremendous roar of the gun. Nan jumped and screamed and the tent was knocked down," Beach said.

Three men, their faces covered with handkerchiefs, shined a flashlight in the faces of Beach and his wife. By its light, Beach said he saw the gaping wound in Nan's left shoulder. She died in Beach's arms the next morning.

Beach said the men took his .22 calibre rifle, their clothing, cameras, medical supplies and food and then fled into the darkness.

"The only possible excuse for the attack," Beach told the Associated Press, "was that they desired her, so to speak, and got the wrong one when they shot. I don't see why they didn't kill us both."

Beach, still suffering from a bad case of nerves and chain-smoking cigarets, told the Associated Press this graphic story of his 11-hour fight to save the life of his pretty bride.

"After the men had fled I got Nan to the canoe which I had built at Taxco. She was suffering terrifically—she was terribly conscious all the time. I made her as comfortable as I could on an air mattress in the bottom of the canoe.

"It was chilly and we had only the clothes we had been sleeping in. I had on a pair of blue jeans and a flannel shirt and Nan had on her heavy shirt and a pair of brown shoes. She had taken off her hiking trousers when we went to bed."

Beach said he bandaged the wound "as best I could" to stop the spurting blood which had soaked her shirt.

"It was dark," he said, "awfully dark, with no moon to help me find my way along that river and over the shallow rapids. I paddled and paddled until I thought my arms would fall off. I knew if I kept on down the river sooner or later I would come to a town. Some times we would hit snags and then again low hanging trees would smash me in the face."

"'Ned,' Nan said as dawn came, 'I can't hold out any longer. Please Ned, take me ashore.' I told her 'Nan, darling, please try to make it. I can see some church spires. I'm going to get you to a doctor'."

"We got to the beach near the town," he said, "but Nan was in a coma. I picked her up and laid her on the beach and then started giving her artificial respiration. I called for help. I don't know what I said. I guess I just screamed at the top of my voice."

"Nan died in my arms there on the beach."

People came running and then brought the village priest from San Miguel Church, David Jaimes, and the doctor.

Not knowing that Nan had died and assuming she was Catholic the priest administered extreme unction.

"The doctor pronounced Nan dead," Beach said, "and later he told me that she couldn't have lived under any circumstances."

would be back at work on Monday but did not state whether the M. E. B. A. demand regarding government-owned ships had been accepted.

In their agreement with the A. F. L. union, operators conceded preferential hiring of union members and recognized the union as sole representative of licensed deck officials. Maintenance of membership will be required of mates.

Wage increases in the agreement provide a basic monthly wage on Liberty ships ranging from $581 for masters to $265 for fourth mates. This compares to a previous wage of $505 for masters to $230 for fourth mates.

The union had sought a 30 percent wage increase.

A new overtime rate of $1.60 an hour was set, an increase of 35 cents an hour. Night relief officers will receive overtime pay at $1.50 an hour, an increase of 35 cents, for routine watches while in port.

Terms of the agreement with M. E. B. A. never were announced officially but union spokesmen have said they got a 15 percent pay increase. They asked 35 percent.

The war shipping administration said 925 American flag ships were tied up on the east coast, including 412 in New York City, and that 256 ships on the gulf coast were strikebound and 314 on the Pacific coast.

A third union, the A. F. L. Seafarers International, has announced that it has signed an agreement with nine eastern ship companies, effective until Sept. 30, 1947.

This union struck Sept. 5 to protest a wage stabilization board ruling denying it a wage increase above the pattern then in effect. The A. F. L. Sailors Union of the Pacific also was involved in this strike but it ended Sept. 13 when the government worked out an interim agreement until the seafarers and operators could reach an understanding.

LUST AND GREED ARE CHARGED BY MURRAY

PHILADELPHIA, Oct. 26.—(AP)—Declaring that "inflation is here because of the last and greed of American business and industry," C. I. O. President Philip Murray said today the 900,000 members of the United Steel Workers of America will seek a pay increase "as soon as possible."

At the same time, he called upon all organized labor and the American people to defeat congressmen who "created the vicious legislation that killed price control."

Addressing a district convention of the steel workers union, which he also heads, the C. I. O. chieftain cited take-home cuts in pay which he estimated at 30 per cent due to reduced working hours and declared:

"The United Steel Workers are going to ask for wage increases. People need it. American industry is making sufficient profit to pay a very healthy increase to labor without increasing the cost of living."

Specific wage demands would have to be approved by the C. I. O. wage policy committee, which meets in December, Murray explained following his address. He waved aside questions as to how much the steel workers will ask.

Murray told the meeting the inflationary trend "in no way can be attributed to the measly increases given to labor this year."

During the war, he told the steel workers, assets of major business industries rose from $35,000,000,000 to $50,000,000,0000. The close of the war, he added, brought a decline in working hours and therefore a decrease in pay.

"Strange as it may seem," Murray said, "when the steel workers received their 18 1 2 cent boost, at a cost of $140,000,000 to the steel industry, the industry was allowed to raise prices netting $262,000,000."

Declaring an "evil coalition in Washington" destroyed the nation's economy, he said:

"Senator Taft, Republican, Ohio, Senator Wherry, Republican, Nebraska, and their kind killed OPA and now they are leading the campaign to convince the people that today's inflationary prices are a good thing for you—and for your belly."

"I feel that this winter the cost of food will go up even more," Murray said.

He denied that present scarcities are attributable to strikes.

There was no evidence to show how a burglar, if any, entered the palace, which is patrolled night and day by uniformed guardsmen carrying bayonetted rifles. A close guard, however, failed to stop the Windsor burglary at Ednam Lodge a few days ago.

Sir Piers and his wife live in an apartment near the famous clock tower built by Henry VIII when he was holding court there with his successive wives. The palace, occupied by the royal family for many years, now is used on state occasions only rarely.

Lady Legh was uncertain when the theft occurred. She wore the missing jewels Wednesday evening and they were discovered to be missing last night when she was dressing for a party.

The method at the Hartingdon house was that of a modernistic "Raffles" and followed the pattern of minute planning combined with exact knowledge of his victim's movements and secret hiding places for precious stones.

"The robbery took place during two hours when the house was empty," said Lady Hartingdon's housekeeper.

When he returned after a short absence, "I found the front door open. The lock did not look as if it had been forced," she reported. "I went to Lady Hartington's room and found the jewel case empty."

Lady Hartington, who lives on Smith Square, Westminster, only a few blocks from the houses of Parliament and Scotland Yard itself, cut short a country week-end with her brother-in-law, the present Marquis of Devonshire, and returned to London to confer with detectives.

The 26-year-old second daughter of former Ambassador Kennedy is now a widow. A month before D-day she was married to the Marquess of Hartington, son of the Duke of Devonshire. A major in the Coldstream Guards, he was killed in action in Europe four months later.

The baffled Harvey family believed the robbery there was committed while they dined.

"Several of us were in the house all evening," said Mrs. Harvey, "nothing was heard and we knew nothing about the robbery until someone went upstairs."

The upstairs had been ransacked, a trademark missing in the other robberies.

Nearly two-thirds of the $300,000 haul in the last two months was taken in four burglaries in the last 10 days.

Sandwiched between the Windsor and Hartington thefts was the robbery of $48,000 of gems and furs from Mrs. Vyvyan Van Damm, whose husband operates a burlesque show in London.

Beatrice Lillie, Canadian-born actress who now is Lady Peel, contributed $20,000 worth of gems to an earlier "cat" thief.

About the same time a burglar with feline instincts stole $16,000 worth of jewels from a Notting Hill residence after entering the bedroom by crawling over a long plank laid from a bomb-ruin next door.

There were other thefts of $2,500 of furs from a shop in Knightsbridge on Sept. 26, and a $12,000 fur raid on a home in surburban Golders Green in late August.

Another $20,000 theft of jewels from the Empire Bullion Company in London was reported recently.

The "Raffles" touch shown in the Hartington theft also was used against Hermione Gingold, a London comedienne, who was told by telephone "you are next on the list." She was.

One of the first thefts following the peculiar pattern of the series was the robbery of $13,000 worth of banknotes which might have been used to finance subsequent operations.

Dear Jes' Ramblin':

Did you know that Monroe has an airport just seven blocks from DeSiard street on South Grand and Miro? Well such is the case, but it is for these little "toy" planes, and on any pretty Sunday afternoon the traffic is very heavy.

There are fifteen or twenty boys in the Twin Cities who are using the tennis courts of the Parish High School at the rear of the gymnasium for a "landing field" and they extend a special invitation to come down and visit with them on Sunday. You will see Stanley Hodges and his "Ercoupe;" Tommy Mingledorff and his "Sweetheart;" Mickey Serex and his "Piper Cub;" Billy Morris and his "P. D. Q"; Bob Clay and his unnamed biplane; Fred Keller and his "Cub Trainer;" Billy Moore and his "Miss America," and several others.

It will surprise you to see the planes these boys build and fly without the aid of grown-ups or others more experienced. They welcomed spectators but would rather they would stay outside the fence because of the danger involved if a crowd gathers too close. This letter may be published in whole or in part in your column if you see fit. This project should be extended in the interest of juvenile delinquency and a larger field is badly needed.

Expecting to see you Sunday, we remain

CLARK

that Rogge recommended the dismissal of the sedition cases.

Then last Monday a columnist, Drew Pearson, began publication of what he represented as portions of the Rogge report. Clark's letter showed that he and Rogge had conferred about this. The letter said:

"On the day before your speech at Swarthmore, Pa., and during our discussion in reference to newspaper stories appearing that morning, which claimed quotations of your report, you stated to me that you had no intention of using the text or substance of your report in such speech and that it would be highly unethical to do so.

"A careful examination of those statements and the press release which you made to the news services on the day of your speech discloses direct quotations from the report referred to • • •."

Rogge, commenting in Seattle, said he had told Clark he "would not mention the report" but "I deny that anything was said about the use of the subject matter of my report being in any way unethical."

In the speech, Rogge said that the Nazis in 1940 had a "fantastic scheme to get John L. Lewis, the labor leader, to come out against the election of President Roosevelt. The scheme involved Hermann Goering, a Nazi agent by the name of Joachim Hertslet and William R. Davis, a promoter in the oil business." Lewis had no comment.

Rogge also contended that the Nazis "always preferred the one who opposed President Roosevelt. They preferred in turn Landon, Willkie and Dewey. They had a strong preference for Dewey. • • •."

Clark had no advance notice of the nature of Rogge's address. He first learned of Rogge's remarks in last Wednesday's newspapers. Then he asked a reporter for the complete text.

Rogge had distributed the text to wire services but he did not send copies to Clark or to the justice department public information section. Normally, addresses by department officials are distributed through this section.

CALCUTTA

problem of forces in East Bengal was that of refugees and that the urgent needs were food, clothing, medicine, well-organized refugee camps and money to help in the resettlement of those stranded by the disorders.

The commander said, "it is untrue to say that there was a general uprising of one community (Moslem or Hindu) against another in East Bengal, although arson, looting, murder, forcible conversion and abduction occurred.

"It was all the work of a thousand hoodlums who were well organized and had planned the method of attacks and the people's panic made their tasks easier."

Acharya Kripalani, president of the congress party, who returned to Calcutta today after a second tour of East Bengal, told a press conference:

"The refugee situation is critical. There are 50,000 refugees in Tipperah and Noakhali. There is a dearth of food, clothing and medicine and a bad hygienic condition. There is danger of epidemic at any moment."

TRUMAN

president's equipped with a complete bath. At the rear are a dining room and small kitchen.

It is not nearly as lavish as the royal train in England, or even the private train of the Canadian prime minister. But it is the president's own car.

The railroads were willing to let the government have it free. But a gift can't be accepted without an act of Congress. To keep out of its own red tape, the government bought the car for the nominal $10.

Now that the president has it, he can travel by train for less than it costs a newspaperman accompanying him. That's because there no longer is any Pullman charge on that one car.

Mr. Truman came down from New York Wednesday for $8.46, the price of a first class ticket plus tax. A reporter occupying half a drawing room paid $11.05.

A person chartering a private car has to buy 18 tickets and pay $90 a day for a minimum of three days.

The presidential car was acquired by the White House complete with linen, silver, sheets, blankets and other furnishings. A few knick knacks have been added.

A White House messenger, Samuel C. Mitchell, handles the car with the help of a couple of Filipino mess boys from the presidential yacht. "Mitch" was a Pullman porter aboard President Roosevelt's special trains for years.

When the private car is not in use, it is parked on a siding beneath the Bureau of Engraving and Printing. It's well guarded. The bureau prints money and stamps.

Mr. Truman probably won't use the special car much. Often he flies. So do many cabinet members and other federal functionaries.

Because the president is its commander-in-chief, the army foots the bill for the Sacred Cow, even when Secretary of State Byrnes or someone other than Mr. Truman uses it.

Aside from the president, nobody in the government has a personal plane any more. Until last spring, generals, admirals, the secretaries of war and navy, and others had planes for their exclusive use.

Now they dip into a pool. They get whatever plane is available.

Other cabinet officers can rent service planes because the president said last November they should have the same access to air transportation as the war and navy heads. The services charge cabinet officers who use the planes $65 an hour flying time for a two-engine plane and $130 an hour for a four-motor ship. But this interdepartmental bookkeeping is all the same to the taxpayer—it's all government money.

TROOPS

where it spread out into alligator-infested swamps.

The young couple pitched camp about 5 p. m. and went to bed in a canoe tent about 8:15 p. m. after a cup of boullion.

"The next thing I knew was the tremendous roar of the gun. Nan jumped and screamed and the tent was knocked down," Beach said.

Three men, their faces covered with handkerchiefs, shined a flashlight in the faces of Beach and his wife. By its light, Beach said he saw the gaping wound in Nan's left shoulder. She died in Beach's arms the next morning.

Beach said the men took his .22 calibre rifle, their clothing, cameras, medical supplies and food and then fled into the darkness.

"The only possible excuse for the attack," Beach told the Associated Press, "was that they desired her, so to speak, and got the wrong one when they shot. I don't see why they didn't kill us both."

Beach, still suffering from a bad case of nerves and chain-smoking cigarets, told the Associated Press this graphic story of his 11-hour fight to save the life of his pretty bride.

"After the men had fled I got Nan to the canoe which I had built at Taxco. She was suffering terrifically—she was terribly conscious all the time. I made her as comfortable as I could on an air mattress in the bottom of the canoe.

"It was chilly and we had only the clothes we had been sleeping in. I had on a pair of blue jeans and a flannel shirt and Nan had on her heavy shirt and a pair of brown shoes. She had taken off her hiking trousers when we went to bed."

Beach said he bandaged the wound "as best I could" to stop the spurting blood which had soaked her shirt.

"It was dark," he said, "awfully dark, with no moon to help me find my way along that river and over the shallow rapids. I paddled and paddled until I thought my arms would fall off. I knew if I kept on down the river sooner or later I would come to a town. Some times we would hit snags and then again low hanging trees would smash me in the face."

"'Ned,' Nan said as dawn came, 'I can't hold out any longer. Please Ned, take me ashore.' I told her 'Nan, darling, please try to make it. I can see some church spires. I'm going to get you to a doctor'."

"We got to the beach near the town," he said, "but Nan was in a coma. I picked her up and laid her on the beach and then started giving her artificial respiration. I called for help. I don't know what I said. I guess I just screamed at the top of my voice."

"Nan died in my arms there on the beach."

People came running and then brought the village priest from San Miguel Church, David Jaimes, and the doctor.

Not knowing that Nan had died and assuming she was Catholic the priest administered extreme unction.

"The doctor pronounced Nan dead," Beach said, "and later he told me that she couldn't have lived under any circumstances."

would be back at work on Monday but did not state whether the M. E. B. A. demand regarding government-owned ships had been accepted.

In their agreement with the A. F. L. union, operators conceded preferential hiring of union members and recognized the union as sole representative of licensed deck officials. Maintenance of membership will be required of mates.

Wage increases in the agreement provide a basic monthly wage on Liberty ships ranging from $581 for masters to $265 for fourth mates. This compares to a previous wage of $505 for masters to $230 for fourth mates. The union had sought a 30 percent wage increase.

A new overtime rate of $1.60 an hour was set, an increase of 35 cents an hour. Night relief officers will receive overtime pay at $1.50 an hour, an increase of 35 cents, for routine watches while in port.

Terms of the agreement with M. E. B. A. never were announced officially but union spokesmen have said they got a 15 percent pay increase. They asked 35 percent.

The war shipping administration said 925 American flag ships were tied up on the east coast, including 412 in New York City, and that 256 ships on the gulf coast were strike-bound and 314 on the Pacific coast.

A third union, the A. F. L. Seafarers International, has announced that it has signed an agreement with nine eastern ship companies, effective until Sept. 30, 1947.

This union struck Sept. 5 to protest a wage stabilization board ruling denying it a wage increase above the pattern then in effect. The A. F. L. Sailors Union of the Pacific also was involved in this strike but it ended Sept. 13 when the government worked out an interim agreement until the seafarers and operators could reach an understanding.

LUST AND GREED ARE CHARGED BY MURRAY

PHILADELPHIA, Oct. 26.—(AP)—Declaring that "inflation is here because of the lust and greed of American business and industry," C. I. O. President Philip Murray said today the 900,000 members of the United Steel Workers of America will seek a pay increase "as soon as possible."

At the same time, he called upon all organized labor and the American people to defeat congressmen who "created the vicious legislation that killed price control."

Addressing a district convention of the steel workers union, which he also heads, the C. I. O. chieftain cited take-home cuts in pay which he estimated at 30 per cent due to reduced working hours and declared:

"The United Steel Workers are going to ask for wage increases. People need it. American industry is making sufficient profit to pay a very healthy increase to labor without increasing the cost of living."

Murray told the meeting the inflationary trend "in no way can be attributed to the measly increases given to labor this year."

During the war, he told the steel workers, assets of major business industries rose from $35,000,000,000 to $50,000,000,0000. The close of the war, he added, brought a decline in working hours and therefore a decrease in pay.

George B. Lambert, formerly of Monroe, now with army service forces, New York University, writes to quote some current New York food prices thus: Hamburger, 95 cents per pound; T-bone steak (when you find it) $2.15 per pound; beef roast, $1.65 per pound. People, he writes, stand in line five to 12 hours to purchase meat at these prices, together with butter at a dollar a pound.

CLARK

(Continued from First Page)

that Rogge recommended the dismissal of the sedition cases.

Then last Monday a columnist, Drew Pearson, began publication of what he represented as portions of the Rogge report. Clark's letter showed that he and Rogge had conferred about this. The letter said:

"On the day before your speech at Swarthmore, Pa., and during our discussion in reference to newspaper stories appearing that morning, which claimed quotations of your report, you stated to me that you had no intention of using the text or substance of your report in such speech and that it would be highly unethical to do so.

'A careful examination of those statements and the press release which you made to the news services on the day of your speech discloses direct quotations from the report referred to * * *."

Rogge, commenting in Seattle, said he had told Clark he "would not mention the report" but "I deny that anything was said about the use of the subject matter of my report being in any way unethical."

In the speech, Rogge said that the Nazis in 1940 had a "fantastic scheme to get John L. Lewis, the labor leader, to come out against the election of President Roosevelt. The scheme involved Hermann Goering, a Nazi agent by the name of Joachim Hertslet and William R. Davis, a promoter in the oil business." Lewis had no comment.

Rogge also contended that the Nazis "always preferred the one who opposed President Roosevelt. They preferred in turn Landon, Willkie and Dewey. They had a strong preference for Dewey. * * *."

Clark had no advance notice of the nature of Rogge's address. He first learned of Rogge's remarks in last Wednesday's newspapers. Then he asked a reporter for the complete text.

Rogge had distributed the text to wire services but he did not send copies to Clark or to the justice department public information section. Normally, addresses by department officials are distributed through this section.

CALCUTTA

problem of forces in East Bengal was that of refugees and that the urgent needs were food, clothing, medicine, well-organized refugee camps and money to help in the resettlement of those stranded by the disorders.

The commander said, "it is untrue to say that there was a general uprising of one community (Moslem or Hindu) against another in East Bengal, although arson, looting, murder, forcible conversion and abduction occurred.

"It was all the work of a thousand hoodlums who were well organized and had planned the method of attacks and the people's panic made their tasks easier."

Acharya Kripalani, president of the congress party, who returned to Calcutta today after a second tour of East Bengal, told a press conference:

"The refugee situation is critical. There are 50,000 refugees in Tipperah and Noakhali. There is a dearth of food, clothing and medicine and a bad hygienic condition. There is danger of epidemic at any moment."

TRUMAN

president's equipped with a complete bath. At the rear are a dining room and small kitchen.

It is not nearly as lavish as the royal train in England, or even the private train of the Canadian prime minister. But it is the president's own car.

The railroads were willing to let the government have it free. But a gift can't be accepted without an act of Congress. To keep out of its own red tape, the government bought the car for the nominal $10.

Now that the president has it, he can travel by train for less than it costs a newspaperman accompanying him. That's because there no longer is any Pullman charge on that one car.

Mr. Truman came down from New York Wednesday for $8.46, the price of a first class ticket plus tax. A reporter occupying half a drawing room paid $11.05.

A person chartering a private car has to buy 18 tickets and pay $90 a day for a minimum of three days.

The presidential car was acquired by the White House complete with linen, silver, sheets, blankets and other furnishings. A few knick knacks have been added.

A White House messenger, Samuel C. Mitchell, handles the car with the help of a couple of Filipino mess boys from the presidential yacht. "Mitch" was a Pullman porter aboard President Roosevelt's special trains for years.

When the private car is not in use, it is parked on a siding beneath the Bureau of Engraving and Printing. It's well guarded. The bureau prints money and stamps.

Mr. Truman probably won't use the special car much. Often he flies. So do many cabinet members and other federal functionaries.

Because the president is its commander-in-chief, the army foots the bill for the Sacred Cow, even when Secretary of State Byrnes or someone other than Mr. Truman uses it.

Aside from the president, nobody in the government has a personal plane any more. Until last spring, generals, admirals, the secretaries of war and navy, and others had planes for their exclusive use.

Now they dip into a pool. They get whatever plane is available.

Other cabinet officers can rent service planes because the president said last November they should have the same access to air transportation as the war and navy heads. The services charge cabinet officers who use the planes $65 an hour flying time for a two-engine plane and $130 an hour for a four-motor ship. But this inter-departmental bookkeeping is all the same to the taxpayer—it's all government money.

Dinner Party In Honor Of Clergy

Clergymen Of The Twin Cities Guests At Annual Dinner Party In Cameo Room

Members of the advertising and editorial staff of the News-Star—World Publishing Corporation deemed it not only a pleasure but a privilege to be seated at the dinner table with members of the Twin City clergy when Mr. Wilson Ewing, publisher of the News-Star—World extended his annual courtesy to these esteemed gentlemen.

The dinner held in the Cameo room of the Virginia hotel was festive and gay and surrounded with an atmosphere of sincere cordiality. These gentlemen whose lives touch closely the sorrowing and the gay, the weak and the strong and who are always ready to give a helping hand, a kind word and spiritual advice, were in a festive mood on this occasion and sang lustily during the interval before dinner with Reverend C. S. Caldwell of Ruston, at the piano. The fact was disclosed to those on the side lines that the Christian concept of the brotherhood of man is a joyous pattern of living for these gentlemen of the clergy.

When Kipling wrote the lines of one who could "walk with kings nor lose the common touch" he must have had the clergy in mind. This particular group of men and especially those who sat at the flower adorned table as the dinner guests of Mr. Ewing, are a happy composite of energy, cheerfulness, wit and profound erudition.

Mrs. Irene Reid, advertising manager, presided as toastmistress. She was the personification of wit and charm and was responsible for the atmosphere of informality that makes these annual dinner parties such a splendid success.

Each clergyman introduced himself and gave the name of the church he represented. Rev. L. T. Hastings, pastor of the First Baptist church was introduced by Mrs. Reid and responded in inimitable manner with a short talk that bordered on the serious side. He said in many respects the press and the church were closely related.

Rev. Ernest Holloway, pastor of the First Presbyterian church was another speaker introduced by Mrs. Reid, who always has something worthwhile to say. Rev. Father John Marsh of St. Matthew's Catholic church can always be depended upon to have something of interest to say and on this occasion spoke with characteristic sincerity of purpose.

Following dinner, a sumptuous one featuring broiled steaks, a short musical program was presented by Mr. Leon Hammonds featuring two brilliant vocalists, Miss Gertrude Sandrock and Mr. Irving Zaedman. Miss Sandrock sang "Homing" and responded to the applause with another lilting song. Mr. Ziedman sang "Without A Song," and responded with an encore. Mrs. Eloise Stanhope was the piano accompanist for Miss Sandrock.

Mrs. J. Norman Coon amused the dinner guests with her remarkable dramatic talent. She gave two clever readings and was enthusiastically applauded.

Rev. Father Marsh offered up prayer before the guests departed.

The guests of honor were: Rev: Father John Marsh, Rev. C. S. Cadwallader, Jr., Rev. N. T. Smith, Rev. J. H. Keys, Rev. J. W. Bucher, Rev. Colon P. Coaker, Rev. L. T. Hastings, Rev. A. T. Mitchell, Rev. C. Roger Johnson, Rev. A. O. Wright, Rev. Nickolson, Rev. R. T. Watson, Rev. J. C. Grubbs, Rev. N. Widiger, Rev. W. A. Reeves, Rev. A. M. Serex, Rev. Lea Joyner, Rev. W. H. Giles, Rev. W. C. Mason, Rev. Geo. Pearce, Jr., Rev. I. L. Yeager, Rev. R. A. McCormick, Rev. Ernest D. Holloway, Rev. J. C. Houston, Mayor Stratford.

Members of the advertising and editorial staff present were: Mrs. Irene Reid, Miss Nina Poole, Miss Mildred Smith, Miss Madeline Cannon, Miss Patricia Granger and Miss Eva Bradford.

Others present were Mr. Merton Abbington, Mr. Leon Hammond, Miss Gertrude Sandrock, Mrs. Eloise Stanhope, Mr. Irving Ziedman, and Mrs. J. Norman Coon.

St. Matthew's P.-T. A. Members Hear Address

Dr. B. J. Lacour, graciously responding to the request of the P.-T. A. of St. Matthew's School to give a talk on childrood diseases, gave valuable information concerning children's illnesses with their symptoms, causes, and preventives at a recent meeting of the P.-T. A.

He stated that care must be used in determining whether or not the diseases of infants and children have been transmitted, inherited, caused by injury or infection at birth, or caused by a dietary deficiency. Growths and tumors are responsible for some childhood illnesses and mortalities. Diseases in children are also caused by deficiency in the quality, the type, and the preparation of their food.

Some of the symptoms of the usual childhood diseases were given, but Dr. Lacour brought out the fact that age, constitution, and environment would alter symptoms in individual cases.

One-half of the diseases of children between the ages of five to 12 years are diseases of the respiratory tract.

There are several factors influencing childhood illnesses and death rates. Among them are sex, race, environment, and economic status. The death rate among boys is higher than that among girls. More babies die during the first two weeks of life than during the following five years of life. Death rates decrease in children from the ages of five to 15 years and increase in the 15 to 19 year age group.

The chief cause of deaths in infants is premature birth. Among children from five to nine years of age the leading cause of death are automobile accident, diptheria, pneumonia, and whooping cough. The leading cause of deaths in children from ten to 14 years of age is heart trouble. Tuberculosis is the outstanding cause of deaths in people from the ages of 20 to 24.

It has been noted that people living in the country have more diseases than those living in the city. The one disease that is more prevalent in cities is diptheria.

Dr. Lacour stressed the fact that the diseases and deaths that occur in children during early childhood are preventable. Heart trouble is an exception to this statement as it is not so easily detected and remedied; but deaths caused by auto accidents, diptheria, epidemic diseases, and tuberculosis can and should be guarded against."

OPENING PLAY OF THE LITTLE THEATRE SEASON WILL TAKE PLACE NEXT TUESDAY NIGHT

All the rough edges have been smoothed, the costumes are all ready and the last dash of paint has been added to the beautiful sets for the presentation of "Claudia," the first Little Theatre play of the season at Neville auditorium Tuesday night under the direction of Kay Crandall who has just completed a season as assistant summer director at the Dramatic Playhouse, Long Island, New York. Miss Crandall has a rich background of experience in Little Theatre activities, and board members who have attended the rehearsals of "Claudia," are enthusiastic about the excellence of her work.

Starring in the feminine lead in "Claudia" is Annie Sue Miller, who plays the part of Claudia, child wife of David Norton. Bid Causey plays opposite Miss Miller in the leading male role of David Norton. Elizabeth Whitfield, formerly of Glasgow, Scotland, will be cast in the role of Julia Norton, sister-in-law of David Norton. Jerry Juneman is cast as Daruscha the tempermental opera singer. Paul Duet, back from the ETO, overseas, and a former Little Theatre member will play the part of Jerry Seymour, the Englishman. Frank Breese, another former serviceman in the South Pacific, will portray the part of Fritz. Judy Caraway will play the part of Bertha and Mrs. R. O. Watson will be cast in the role of Mrs. Brown, Claudia's mother.

Members of the production staff, working backstage are: Tom Serwich, stage manager and technical director; Maude Mayo, designer of sets; Jerry Juneman, sound director; Jane McKnight, [illegible]; Armandine Renaud and Jane McKnight, props; Joy Bernhardt and Dixie Madden, makeup; Mr. Pettitt and Mack Ward, lights; sets crew: Vera Dowling, Sara Smith, Jean Mitchell; Oscar McDonald and Marshall McDonald.

The Monroe Little Theatre is entering the post-war season with great enthusiasm. Five plays will be presented this season, under the direction of Miss Crandall, full-time director.

Season tickets may be secured at the door, on the opening nights, Tuesday and Wednesday, at Neville High School auditorium.

Little Theatre board members this year are Joe Kern, president; Rose Serwich, vice-president; Elliot Thompson, second vice-president; Carrie Mae Stephenson, treasurer; Nell Grigsby, secretary. Other members of the board are Scherck Bogen, Eula Davenport, W. B. Inabnet, Tom Serwich, Maude Mayo, Armandine Renaud, Sam Rubin, C. C. Boardman, Elliott Thompson, Fred Fudickar and Lallage Feazel.

Former Monroe Girl Will Wed A Virginian

Of interest to a wide circle of friends in this city is the announcement made by Mr. and Mrs. Leonard Mueller King of New Orleans, formerly of Monroe, of the engagement of their daughter, Audrey Sara, to Mr. Richard Hartman Peery, son of Dr. and Mrs. Gose Perry of Salem, Va.

Mr. Peery received his B. S. degree from Roanoke College, where he was a member of the Kappa Alpha Social Fraternity, Blue Key national honorary fraternity, Who's Who and president of the student body. He served in the United States naval reserve for four and a half years and was recently released as a lieutenant commander.

Miss King attended Arlington Hall Junior College in Washington, D. C., and Newcomb College.

The wedding will take place in December.

Miss Ann Crandall, daughter of Mr and Mrs. C. K. Crandall of this city has been selected for membership in the Belhaven College Dramatic Club at Jackson, Mississippi. Invitations for new members in the organization are issued only after personal tryouts, during which applicants are given opportunity to show their interest and ability in dramatics. Miss Crandall is a member of the freshman class at Belhaven.

Former Monroe Girl Will Wed A Virginian

Of interest to a wide circle of friends in this city is the announcement made by Mr. and Mrs. Leonard Mueller King of New Orleans, formerly of Monroe, of the engagement of their daughter, Audrey Sara, to Mr. Richard Hartman Peery, son of Dr. and Mrs. Gose Perry of Salem, Va.

Mr. Peery received his B. S. degree from Roanoke College, where he was a member of the Kappa Alpha Social Fraternity, Blue Key national honorary fraternity, Who's Who and president of the student body. He served in the United States naval reserve for four and a half years and was recently released as a lieutenant commander.

Miss King attended Arlington Hall Junior College in Washington, D. C., and Newcomb College.

The wedding will take place in December.

Miss Ann Crandall, daughter of Mr. and Mrs. C. K. Crandall of this city, has been selected for membership in the Belhaven College Dramatic Club at Jackson, Mississippi. Invitations for new members in the organization are issued only after personal tryouts, during which applicants are given opportunity to show their interest and ability in dramatics. Miss Crandall is a member of the freshman class at Belhaven.

MRS. T. H. SCOTT EXTENDS GRACIOUS HOSPITALITY TO WELCOME BRANCH BOOK CLUB

"The American Home" was the topic for the afternoon's program, which began the second series of the year's study, "Blue Prints for Tomorrow," when the Welcome Branch of the Twentieth Century Book Club met Wednesday, in the home of Mrs. T. H. Scott, with Mrs. H. V. Collins serving as co-hostess.

Mrs. J. Norman Coon, program chairman, introduced the first speaker of the afternoon, Mrs. H. V. Collins, who discussed ways and means of adding to the attractiveness of the home, through floral decorations. In interesting manner, Mrs. Collins interspersed her talk with demonstrations of various floral arrangements, deftly creating mass and live pictures of beauty. With white chrysanthemums and long needled pine, red radiance roses in a crystal vase, and gladiolus with their natural foliage, after the Japanese. Continuing this informative discussion of "Artistic Flower Arrangements," Mrs. Collins said in part, "In floral arrangements for the home, strive to create pictures of harmonious design, with an idea as to sense of meaning. General principles, in relation to harmony of flowers and container, should be observed. Balance is most important, and emphasis should be placed on the central points of interest. Colors should be selected according to arrangements desired, either simple or elaborate. One color should be used in simple arrangements, with backgrounds carefully considered, in order to avoid clash of color in wall paper backgrounds, and draperies. Mass arrangements are in good taste, as well as live arrangements, according to the occasion, the former being a triumph in color harmony, if it is well executed. Do not make yourself unhappy in a too serious and studied contemplation of effect. Like all other art, flower arrangement is an expression of the individual, and one should derive personal satisfaction from the flower picture," Mrs. Collins concluded. She climaxed her talk with a live arrangement of shaded salmon pink gladioli in a low green fluted bowl, which was received by members with many admiring comments.

A book review "The Friendly Persuasion" by Jessamyn West, typifying a Quaker family living in Indiana, was given by Mrs. A. R. Doughty, in characteristic dramatic style. Mrs Doughty held the undivided attention of her audience in relating this drama of American life in a country household, and gave a complete and intimate understanding of Jess and Eliza, Labe, Mattie, Jane, Stephen, and little Sarah, who died. Mrs. Doughty said in part, "This book, though it has no plot, is made up of several stories complete in themselves. Each story acquaints the reader with the quaint clapboard houses and fruit trees, their wagon, their geese. If one gets no definite sense of the world outside them they do get something as precious, for there results an intimate knowledge of the family's inner life.

"Jess was a nurseryman with the best stock of berries and fruit of any Quaker west of Philadelphia. His wife Eliza was a minister, also a Quaker. To quote Jess, "the best training for a woman, he figured was to put her early in the pulpit. It didn't cut down any on his flow of talk, but it bettered it and relieved the pressure."

"The homely family life of Jess, and his family is depicted throughout the book, with many humorous instances concerning his friends and neighbors, and his children, who wander casually in and out of the stories."

"The book is full of discriptions and phrases that delight the ear, and it never loses its sure feeling for these people, and their unadulterated purity of heart."

During the business period, Mrs. A. S. Gunter, president, presided, who recognized two very special visitors, commenting on their invaluable contributions to club work. They were: Mrs. George Lofton, who while serving as president of the club, in 1935, originated the Cooley Sanitorium Library Project, which has been successfully maintained by Welcome Branch, to the present time, and Mrs. Leola Nixon, past president of Fifth District Louisiana Federated Women's Clubs.

Mrs. F. H. Peterson, chairman of Youth Conservation, in a few brief remarks, complimented the outstanding contribution of the Junior Chamber of Commerce, in sponsoring the teen age project for the youth of the twin cities. She suggested that members offer their individual assistance in this worthy cause, in every way possible.

Three new members were elected, Mrs. Edwin E. Sisson, Mrs. C. T. Shaw, and Mrs. G. J. Durbin.

Refreshments were served to members and guests as follows: Mesdames F. E. Black, H. V. Collins, Henson Coon, J. Norman Coon, A. R. Doughty, C. E. Gibson, A. S. Gunter, M. R. Hausherr, J. G. Hicks, G. D. Holland, H. D. Holmes, C. E. Koonce, E. E. Lawson, J. D. Petty, F. H. Peterson, George Phebus, E. A. Porter, A. J. Speer, Zell Smith, T. H. Scott, L. V. Tarver, W. B. Wheelis, Richard Whitehurst, E. J. Whitman. Guests: Mesdames A. H. Shouse, of Kansas City, Mo.; Lillian Steel and Alice Reed of British Columbia; George Lofton, Clay Albright, and Leola Nixon.

Miss Staples Is The Bride Of Mr. J. R. Hawkins

Claiming widespread interest is the marriage of Miss Norma Lee Staples, daughter of Mr. and Mrs. J. Jake Staples of Calhoun and Mr. John R. Hawkins, Jr., son of Mr. and Mrs. John R. Hawkins, Sr., of Oak Grove on Sunday, October 20th, at 2:30 o'clock at the First Baptist Church, West Monroe, La.

The impressive double ring ceremony was performed by Dr. A. E. Autrey in the presence of only relatives and close friends.

The bride, given in marriage by her brother, Mr. H. B. Staples of Alexandria, wore a handsome aqua wool suit, white blouse with lace yoke. Her shoes and bag were of black patent, black hat and gloves. Her corsage was white orchids and tube roses.

Mrs. Harry J. Gillum of Baton Rouge, the bride's sister was her only attendant wore a smart black wool suit with white accessories and a corsage of white carnations.

Mr. Hawkins was attended by his father, Mr. John R. Hawkins, Sr.

Immediately after ceremony the young couple left on a honeymoon trip to the Ozarks. Upon their return they will make their home in Oak Grove.

⁂

There will be a call meeting of the Ouachita Parish Class Room Teachers' Organization Monday evening at 7 o'clock in the Crosley School auditorium. At this time matters of grave importance will be discussed. They are:

Miss Staples Is The Bride Of Mr. J. R. Hawkins

Claiming widespread interest is the marriage of Miss Norma Lee Staples, daughter of Mr. and Mrs. J. Jake Staples of Calhoun and Mr. John R. Hawkins, Jr., son of Mr. and Mrs. John R. Hawkins, Sr., of Oak Grove on Sunday, October 20th, at 2:30 o'clock at the First Baptist Church, West Monroe, La.

The impressive double ring ceremony was performed by Dr. A. E. Autrey in the presence of only relatives and close friends.

The bride, given in marriage by her brother, Mr. H. B. Staples of Alexandria, wore a handsome aqua wool suit, white blouse with lace yoke. Her shoes and bag were of black patent, black hat and gloves. Her corsage was white orchids and tube roses.

Mrs. Harry J. Gillum of Baton Rouge, the bride's sister was her only attendant wore a smart black wool suit with white accessories and a corsage of white carnations.

Mr. Hawkins was attended by his father, Mr. John R. Hawkins, Sr.

Immediately after ceremony the young couple left on a honeymoon trip to the Ozarks. Upon their return they will make their home in Oak Grove.

⁂

There will be a call meeting of the Ouachita Parish Class Room Teachers' Organization Monday evening at 7 o'clock in the Crosley School auditorium. At this time matters of grave importance will be discussed. They are:

Adoption of the Constitution and By-Laws; reports of the standing committees; district meeting of class room teachers; plans for L. T. A. convention in Shreveport.

NOTED SPEAKER ADDRESSES MEMBERS OF MONROE GARDEN CLUB ON SUBJECT OF INTEREST

Mrs. A. K. Kilpatrick, president of the Monroe Garden club presided with characteristic graciousness over the October meeting in the Cameo room of the Virginia hotel. It was an opening meeting and widely attended by garden club members not only of Monroe but throughout the district.

Mrs. Kilpatrick introduced the brilliant guest speaker, Mr. William Lanier Hunt of Chapel Hill, North Carolina.

This was Mr. Hunt's third lecture in Monroe before the Monroe Garden club and since his last appearance here he has served in the Second World War and has visited many gardens in other parts of the world. He mentioned especially the Kew Gardens of England.

He is a most interesting speaker and said he was always on the lookout for new flowers and especially flowers which would grow in the southern part of the United States.

He talked of the effect of climate on plants and what plants would grow where. He is particularly interested in winter blooming plants and in knowing how much cold a certain plant can stand before it freezes. He said Monroe is on the edge of the palm line which is about as far north as tender plants can grow, the margin of hardiness. He is always on the lookout for new plants with blue blossoms. He advocated strongly the use of blue flowers to achieve this effect of coolness.

He especially emphasized the importance of slow growing plants in this area, ones which put on about an inch of growth each year and do not need much pruning, especially is this true of hedges. he suggested using the upright Plum Yew which grows very slowly and needs no pruning.

He wanted us to know about the California Incense Cedar, a beautiful tree which grows to a height of 75 feet and is very narrow tree.

He told about the Iris Sylosa, a winter blooming iris which is a true blue and very small, but being a prolific bloomer it is very worth while. The real beginning of the modern iris came with the introduction from the eastern Mediterranean countries of new species with huge flowers and tall stems, attaining heights of four feet or more, a stature previously unknown in bearded irises. The first of these was I. amas discovered in the province of Amasia in Asia Minor. While lacking in great height, it first brought huge flowers, and it is in the family background of many modern irises. Then came I. trojana, huge and tall, found near the site of ancient Troy; I. cypriana from the island of Cyprus and I. mesopotamica and its ally, I. [illegible]. The finest of the modern irises contain a mixture of several of these strains.

The blue Mexican salvia is a tender perennial which grows well here and is a happy substitute for the blue delphiniums which will not grow in this climate.

He spoke especially of the lemon-scented gardenia which grows in a temperature of 22 degrees. It has many flowers and makes a fine pot plant for the house.

The Chinese gardenia blooms in mid-summer through fall. He advised the use of the Holly Leaf Cherry— [illegible] and the Plantain Lily which is kin to the day lily and is very hardy. It grows well in the shade and likes a lime soil and bone meal fertilization.

He recommended the flowering quince and told of a new variety— [illegible] Rosea—a pink flowered variety that he found in the Kew Gardens in England.

The acacia can be grown here very successfully. There are two forms of this plant, the acasia boileyana (Australian) and the acasia iongfoiia which is the [illegible] beautiful yellow flower we find at the florists.

The [illegible] from Chili is a gold-flower which blooms profusely in the middle of the summer and is hardy in this climate.

The Arbutus tree (Arbutus Wen[illegible]) has beautiful cinnamon bark and lily of the valley blossoms and should be grown in all southern gardens.

The Eucalyptus—E. Vimmalis and the E. Camalulensis—both grow in temperatures of ten or twelve degrees above zero.

The two varieties of the guava are the pineapple (bears guavas) and the felva which is a new variety.

Mr. Hunt also spoke of the Daikagura Camellia which blossoms early in August and September—it is cross between the Sesangua and the Camellia and belongs to the early blooming Sesangua family.

Among those present were: Mrs. John Breard, Mrs. J. J. Potts, Mrs. W. C. Stevenson, Mrs. Robert Layton, Mrs. R. L. Junod, Mrs. C. H. McHenry, Mrs. J. Q. Graves, Mrs. H. G. When "the frost is on the punkin" and Jack o'lanterns appear on the counters at the 5 and 10s . . . when sugar cane appears in the city markets and every time you turn the dial you hear a college song or football broadcasts then you know that the fall season is racing by. You also know that Christmas isn't so far off when you hear the wild geese overhead in the dead of night.

One of the sure signs that the fall season is here with a rush is the first Little Theatre production of the season. The curtain will go up Tuesday night at Neville auditorium with a most remarkable cast in "Claudia." It's remarkable insofar as the talent is concerned. Elizabeth Whitfield, for instance, is the perfect type for the role of Julia Naughton. She was born in Glasgow, Scotland, and hasn't been in the States long enough to lose her charming English accent. She is tall and slender and blonde . . . the perfect English type and has the most charming mannerisms. You will simply love her work in "Claudia." You will also be charmed with the work of Paul Duet, French instructor at Northeast Junior College. Annie Sue Miller, cast in the role of "Claudia," promises to give one of the most highly professional performances in the history of the Monroe Little Theatre. Take a tip from one who attended a recent rehearsal and get your membership tickets for the season not later than tomorrow.

Joe Marx breezed into town from Texas last week and is resting at the home of his sister, Mrs. Sam Rubin, after a hectic summer. His recent song hit, "My Girl From Houston," was the theme song of the annual Houston Dude-Ranch Jamboree. He conducted a spectacular contest at the Cotton Club in Houston to find the girl whose picture appeared on the sheet music cover. More than 100 girls entered the contest. Mr. Marx informed us that his song will be used in a moving picture captioned "Geronimo Pass."

Easter has its "Easter Parade" and Christmas has its "White Christmas" and Dude-Ranch Jamboree had its "My Gal From Houston," thanks to Joe Marx, formerly of this city.

The staid old public library on Jackson street will resound to weird sounds Thursday night when members of the library board will entertain all children between the ages of 8 and 10 at a typical Halloween party between the hours of 6 and 7. Ghosts will walk, jack o'lanterns will grin and a wicked witch will tell of spooks and goblins before the open fire on the wide hearth. Of course none of these evil spirits really exist . . . they are purely imaginary and all the superstitions are a relic of pagan times. Children who really believe the age-old superstitions are terrorized when the "ghosts commence to walk" on Halloween. Psychologists now tell us that children should be made familiar with the origin of Halloween and their minds cleared from the frightful things that come to scare them when night falls on Halloween.

Motoring through the beautiful countryside next Sunday afternoon to the home of Mr. and Mrs. Joseph Dante of Winnsboro, will be a pleasant experience for friends who accept their invitation to attend open house between the hours of 4 and 6. An invitation is extended through this medium to friends in Monroe and nearby communities to be the guests of Mr. and Mrs. Dante next Sunday.

Mr. and Mrs. George Temple were visitors in the city recently en route from New York to Ruston, their future home. Mr. Temple will complete his studies at Louisiana Tech and Mrs. Temple will continue her study of voice. Mrs. Temple, the former Miss Irvie Lee Humble, of this city, studied voice while in New York under Marjorie McClung. Mr. and Mrs. Temple were members of the Methodist choir of Staten Island, directed by Dr. Emile, professor of voice at Hunter College. Their choir received outstanding praise for their renditions at the World's Fair. Mrs. Temple had the honor of being guest soloist at the closing concert of the season.

ENGAGEMENTS

Mr. and Mrs. H. W. Menge announce the engagement and approaching marriage of their daughter, Virginia, to Mr. James Edward Nethery, son of Mrs. Edith Nethery and the late Mr. Robert E. Nethery of Orange, Texas. The wedding will take place at the home of the bride's parents, this city, November 3, at three o'clock in the afternoon.

Mr. and Mrs. Jasper Newton Hill, Jr., Lake Providence, La., announce the engagement and approaching marriage of their daughter, Betty, to Arthur Imbrie Guenard, son of Mr. and Mrs. R. S. Guenard. The wedding will take place at Grace Episcopal Church, Lake Providence, Saturday, Nov. 16, at 6:30 o'clock in the evening, with Rev. Frank Levy, officiating.

Miss Hill was graduated from the Lake Providence High School class of '45 and attended Gulf Park College, Gulfport, Miss., and Louisiana State University, where she was a pledge of Kappa Kappa Gamma.

Mr. Guenard also graduated from the Lake Providence High School, class of '37, and attended Kentucky Military Institute, Lyndon, Ky., and Louisiana State University where he was pledged to Sigma Nu. He is a veteran of three years service in the naval air corps and after commissioned as ensign was instructor at the Miami Naval Air Base, Miami, Fla.

Mr. and Mrs. F. N. Canning announce the engagement of their daughter, Alma, to Mr. Wayne Christman, son of Mr. and Mrs. E. L. Christman. The wedding will take place November 8 at the Central Baptist Church at 8 o'clock in the evening.

Mr. and Mrs. Ellie Byrd of West Monroe announce the engagement of their daughter, Grace, to Mr. Robert Bell. The wedding will take place November 2 at the West Monroe Methodist Church at 8 p. m. Friends are invited through this medium.

BETROTHAL OF MISS NAIDEN IS REVEALED AT RECEPTION GIVEN BY MRS. EARL NAIDEN

The engagement of Miss Satchie Naiden, daughter of Mrs. Earl LaRue Naiden, to Mr. Charles Robert Finlayson, son of Mr. and Mrs. James Finlayson of Tyler, Texas, was formally announced by Mrs. Naiden at a reception Saturday evening in the home of Miss Naiden's grandparents, Mr. and Mrs. Allan Sholars on Riverside Drive.

The candlelit drawing room adorned with beautiful white chrysanthemums formed a decorative setting for members of the receiving party. Mrs. Naiden wore a lovely semi-evening model of white crepe and gold sequins. Miss Naiden wore a distinctive gown of champagne colored slipper satin fashioned with off-the-shoulder basque ornamented with two beautiful brown and green velvet roses. Miss Charlotte Naiden, who came home from the University of Alabama where she is a student to be present at her sister's announcement party, wore an exquisite evening model of pink net with basque studded with pink sequins. Miss Naiden's aunt, Mrs. Kendrick James of Houston, Texas, and Miss Naiden's fiance and his parents, Mr. and Mrs. Finlayson were also in the receiving line.

Champagne punch and petits fours, ornamentally iced, were served in the dining room. The table, overlaid with handsome lace was florally adorned with superb white chrysanthemums and roses overflowing from an antique silver bowl. White tapers gleamed in silver candelabra placed at either end of the table.

One hundred and fifty guests called during the receiving hours.

Altrurian Book Club Has Meeting

Members of the Altrurian Book Club unanimously agreed to make a donation to the Community Chest fund. Red Cross sewing was distributed among the members by Mrs. D. C. Metcalf and Mrs. J. H. Watkins. Delegates elected to the State Federated Club convention were Mrs. O. J. Ham and Mrs. R. B. Henry. They will accompany Mrs. Thatcher who will attend officially as a club president. Mrs. J. H. Watkins was elected as an alternate delegate.

An interesting part of the program hour was a paper on Current Events presented by Mrs. Alexander Morrice.

"Gumbo Ya Ya," a book of Louisiana folk lore was reviewed by Mrs. J. C. Stewart.

Mrs. Page and Mrs. Cook served a confectionery course and coffee to the following members: Mesdames C. E. Faulk, W. G. Haynes, R. B. Henry, C. T. Johnson, D. C. Metcalf, Alexander Morrice, T. H. Spurlock, J. C. Stewart, E. W. Stinson, Gilbert Stovall, C. H. Tait, F. G. Thatcher, J. H. Watkins, and Jack Willis.

Purely Personal

When "the frost is on the punkin" and Jack o'lanterns appear on the counters at the 5 and 10s . . . when sugar cane appears in the city markets and every time you turn the dial you hear a college song or football broadcasts then you know that the fall season is racing by. You also know that Christmas isn't so far off when you hear the wild geese overhead in the dead of night.

One of the sure signs that the fall season is here with a rush is the first Little Theatre production of the season. The curtain will go up Tuesday night at Neville auditorium with a most remarkable cast in "Claudia." It's remarkable insofar as the talent is concerned. Elizabeth Whitfield, for instance, is the perfect type for the role of Julia Naughton. She was born in Glasgow, Scotland, and hasn't been in the States long enough to lose her charming English accent. She is tall and slender and blonde . . . the perfect English type and has the most charming mannerisms. You will simply love her work in "Claudia." You will also be charmed with the work of Paul Duet, French instructor at Northeast Junior College. Annie Sue Miller, cast in the role of "Claudia," promises to give one of the most highly professional performances in the history of the Monroe Little Theatre. Take a tip from one who attended a recent rehearsal and get your membership tickets for the season not later than tomorrow.

Joe Marx breezed into town from Texas last week and is resting at the home of his sister, Mrs. Sam Rubin, after a hectic summer. His recent song hit, "My Girl From Houston," was the theme song of the annual Houston Dude-Ranch Jamboree. He conducted a spectacular contest at the Cotton Club in Houston to find the girl whose picture appeared on the sheet music cover. More than 100 girls entered the contest. Mr. Marx informed us that his song will be used in a moving picture captioned "Geronimo Pass."

Easter has its "Easter Parade" and Christmas has its "White Christmas" and Dude-Ranch Jamboree had its "My Gal From Houston," thanks to Joe Marx, formerly of this city.

The staid old public library on Jackson street will resound to weird sounds Thursday night when members of the library board will entertain all children between the ages of 8 and 10 at a typical Halloween party between the hours of 6 and 7. Ghosts will walk, jack o'lanterns will grin and a wicked witch will tell of spooks and goblins before the open fire on the wide hearth. Of course none of these evil spirits really exist . . . they are purely imaginary and all the superstitions are a relic of pagan times. Children who really believe the age-old superstitions are terrorized when the "ghosts commence to walk" on Halloween. Psychologists now tell us that children should be made familiar with the origin of Halloween and their minds cleared from the frightful things that come to scare them when night falls on Halloween.

Motoring through the beautiful countryside next Sunday afternoon to the home of Mr. and Mrs. Joseph Dante of Winnsboro, will be a pleasant experience for friends who accept their invitation to attend open house between the hours of 4 and 6. An invitation is extended through this medium to friends in Monroe and nearby communities to be the guests of Mr. and Mrs. Dante next Sunday.

Mr. and Mrs. George Temple were visitors in the city recently en route from New York to Ruston, their future home. Mr. Temple will complete his studies at Louisiana Tech and Mrs. Temple will continue her study of voice. Mrs. Temple, the former Miss Irvie Lee Humble, of this city, studied voice while in New York under Marjorie McClung. Mr. and Mrs. Temple were members of the Methodist choir of Staten Island, directed by Dr. Emile, professor of voice at Hunter College. Their choir received outstanding praise for their renditions at the World's Fair. Mrs. Temple had the honor of being guest soloist at the closing concert of the season.

⁂

ENGAGEMENTS

Mr. and Mrs. H. W. Menge announce the engagement and approaching marriage of their daughter, Virginia, to Mr. James Edward Nethery, son of Mrs. Edith Nethery and the late Mr. Robert E. Nethery of Orange, Texas. The wedding will take place at the home of the bride's parents, this city, November 3, at three o'clock in the afternoon.

Mr. and Mrs. Jasper Newton Hill, Jr., Lake Providence, La., announce the engagement and approaching marriage of their daughter, Betty, to Arthur Imbrie Guenard, son of Mr. and Mrs. R. S. Guenard. The wedding will take place at Grace Episcopal Church, Lake Providence, Saturday, Nov. 16, at 6:30 o'clock in the evening, with Rev. Frank Levy, officiating.

Miss Hill was graduated from the Lake Providence High School class of '45 and attended Gulf Park College, Gulfport, Miss., and Louisiana State University, where she was a pledge of Kappa Kappa Gamma.

Mr. Guenard also graduated from the Lake Providence High School, class of '37, and attended Kentucky Military Institute, Lyndon, Ky., and Louisiana State University where he was pledged to Sigma Nu. He is a veteran of three years service in the naval air corps and after commissioned as ensign was instructor at the Miami Naval Air Base, Miami, Fla.

Mr. and Mrs. F. N. Canning announce the engagement of their daughter, Alma, to Mr. Wayne Christman, son of Mr. and Mrs. E. L. Christman. The wedding will take place November 8 at the Central Baptist Church at 8 o'clock in the evening.

Mr. and Mrs. Ellie Byrd of West Monroe announce the engagement of their daughter, Grace, to Mr. Robert Bell. The wedding will take place November 2 at the West Monroe Methodist Church at 8 p. m. Friends are invited through this medium.

BETROTHAL OF MISS NAIDEN IS REVEALED AT RECEPTION GIVEN BY MRS. EARL NAIDEN

The engagement of Miss Satchie Naiden, daughter of Mrs. Earl LaRue Naiden, to Mr. Charles Robert Finlayson, son of Mr. and Mrs. James Finlayson of Tyler, Texas, was formally announced by Mrs. Naiden at a reception Saturday evening in the home of Miss Naiden's grandparents, Mr. and Mrs. Allan Sholars on Riverside Drive.

The candlelit drawing room adorned with beautiful white chrysanthemums formed a decorative setting for members of the receiving party. Mrs. Naiden wore a lovely semi-evening model of white crepe and gold sequins. Miss Naiden wore a distinctive gown of champagne colored slipper satin fashioned with off-the-shoulder basque ornamented with two beautiful brown and green velvet roses. Miss Charlotte Naiden, who came home from the University of Alabama where she is a student to be present at her sister's announcement party, wore an exquisite evening model of pink net with basque studded with pink sequins. Miss Naiden's aunt, Mrs. Kendrick James of Houston, Texas, and Miss Naiden's fiance and his parents, Mr. and Mrs. Finlayson were also in the receiving line.

Champagne punch and petits fours, ornamentally iced, were served in the dining room. The table, overlaid with handsome lace was florally adorned with superb white chrysanthemums and roses overflowing from an antique silver bowl. White tapers gleamed in silver candelabra placed at either end of the table.

One hundred and fifty guests called during the receiving hours.

THE SHOCKING QUESTION
THE CATHOLIC CHURCH IS ASKING PROTESTANTS!

LATIN AMERICA IS SUBJECT OF PROGRAM PRESENTED BY CURRENT LITERATURE CLUB

A most interesting and entertaining afternoon was enjoyed by the members of the Current Literature Club, when Mrs. J. Leon Dennis entertained on Wednesday afternoon.

Following the general theme of study of Latin America, which the club adopted for the year, Mrs. G. M. Heidenreich gave in detail "To Market in Guatemala," telling of the quaint customs and mannerisms of the shopping life in that city. It was most interesting in view of the current interest in shopping conditions in our own country.

Mrs. Earl Stovall then gave a talk on El Salvador, using as her subject "Coffee is King." She gave the highlights of the planting, cultivating, and harvesting of coffee, told of the quaint customs of these people who grow a very large percent of the most worldwide favorite drink, coffee.

Mrs. R. L. Seiler then talked on life in Cicarafua. She compared life in these South American counties to our own and brought out in an interesting manner just how the muchly discussed "Good Neighbor" policy can benefit these countries and our own homeland as well.

The club was delighted to have as their guest Mrs. Jack Hayes who sang several numbers, accompanied at the piano by Mrs. Alma Woodham. Especially delightful was her rendition of "Estrellita" (My Little Star) written by a South American composer Manuel Ponce. She also sang "Softly as the Morning Sunrise" by Romberg. The club was indeed fortunate to have such talent on the afternoon program.

Delightful refreshments were served by the hostess, during which time Mrs. Woodham played a number of popular songs in her gifted manner.

Members and guests present were: Mrs. Otto Passman, Mrs. W. M. Whitfield, Mrs. R. L. Seiler, Mrs. Earl Stovall, Mrs. Jerome Whitledge, Mrs. G. M. Heidenreich, Mrs. Gene Demmary, Mrs. Jordan Barton, Mrs. W. A. Cotton, Mrs. Dan Dennett, Mrs. Henry Minuet, Mrs. Pat Reeves, Mrs. Allen West, Mrs. W. O. Webb, Mrs. L. M. Frey and the hostess.

Mrs. Stanley Hodges, president of St. Matthew's P.-T. A. presided at the meeting in the school cafeteria when "Father's Night" was observed.

Mrs. Charles Brogan read the minutes of the previous meeting and Mrs. John Spatafora gave the treasurer's report.

After the conclusion of the business meeting the president turned the meeting over to the program chairman, Mrs. Vincent Marsala, who announced that the kindergarten and first grades would be featured in the program, under the direction of Sisters Paula Marie and Christina.

A delightful social hour was enjoyed by the parents present at this time.

The reception suite and dining room of the C. E. McKenzie home on St. John street was fragrant with the perfume of myriad butterfly lilies and thronging with beautifully gowned guests, 200 or more, when Mrs. McKenzie and her three daughters, Mrs. Lea Thompson, Mrs. John Sherrouse, Jr., and Miss Barbara McKenzie entertained during the tea hour for a lovely bride-elect, Miss Emily Anne Royce.

Miss Royce's gown on this occasion was one of black crepe and silver and her mother, Mrs. Carol Royce, who stood in the receiving line, wore a beautiful American Beauty crepe model with silver nail heads. Mrs. McKenzie wore a maroon colored crepe gown trimmed in silver. Mrs. Herbert Marshall, also in the receiving line, wore a black crepe model.

The silver tea and coffee services gracing the refreshment table in the candlelit dining room were presided over by Mrs. John Breard, Mrs. Roy Hale, Mrs. Thomas Munholland and Mrs. D. X. Ellett. The services were placed at either end of the lace covered table.

The table decor was exceedingly artistic with pink tulle mingling with the pink camellias, in effective manner. The flowers were arranged in an oblong plaque with pink and silver tulle forming a deep ruffle.

Silver trays held assorted sandwiches, delicious little rum cakes, pastries and salted nuts.

Plans for the annual Halloween party to be held Monday, October 28, beginning at 6:30 p. m., have been completed by the St. Matthew's P. T. A.

The party will be held in the school and as customery each year there will be hamburgers, hot dogs, coffee and cold drinks served in the cafeteria. Home-made candies, cakes, and pop corn will also be on sale.

Miss Dollie Ticcheli will have charge of the children's games which will include apple bobbing and a prize will be given for the "tackiest" costume for the children.

Bingo will start at 8 o'clock in the auditorium of the school. Mrs. Hodges, president, invites all the friends of the school to attend and promises an evening of fun for the grownups as well as the children.

GET-TOGETHER IS P.-T. A. THEME

Instructive Discussion Marks Meeting At Georgia Tucker

Georgia Tucker's auditorium was filled almost to capacity at the October 24 meeting of the Parent-Teacher Association. The October theme—"Get-Together" — proved most interesting and instructive. Each parent was given the opportunity to go to her child's room, meet the teacher and discuss the curriculum for the year. The teachers reported on the recent health workshop held in Monroe by the state department of health and gave some highlights on how they had been taught to watch for any physical disability in the pupil not readily apparent in the home.

Mrs. Tom Davis, character education chairman, gave an inspiring address and made a direct appeal to the parents for more cooperation on their part. She said: "All resources of the home, community and school should be available to each and every child, as each contributes to the child's spiritual, physical and character development and training. It is necessary for parents not only to be interested, but to be workers with community projects, such as Boy Scouts, Cub Scouts, Girl Scouts, Intermediate Scouts and Brownies, so that these fields may contribute as they should to the training of the child. We are all builders in the development of our child's character. What kind of a builder are you?" she asked.

Miss Myrtle Rodgers, principal of Georgia Tucker, told the plans she had for the education of the children at Georgia Tucker. She said they are not going to place as much stress on the 3 Rs as was done in the past generation. The 3 Rs have their place in education, but primarily Georgia Tucker is striving to fit each and every child, as individuals, to take his or her place in the community. "We want each child to be the very finest physical specimen," said Miss Rodgers. "We want him to be a social being, by that we mean we want the child to develop into a man or woman trained to get along."

The national president's message was given by Mrs. P. G. Rowe. It was heard with great interest, the topic being "Juvenile Delinquency." An appeal was made at this time for more contributors to the National Parent-Teacher magazine.

At the conclusion of this inspirational meeting, refreshments were served and a social hour enjoyed.

SUNSHINE GIRLS TO ATTEND LODGE

There will be an open meeting of Monroe Temple No. 1 Pythian Sisters at the Knights of Pythias Hall at 127 1/2 St. John Street on Monday night, October 28, 1946, at 7:30 p.m. The public is cordially invited to attend. The newly-formed Sunshine Girls council will be the honored guests. The parents of these Sunshine Girls are especially invited.

A Founder's Day program will be the feature of the meeting and Miss Lea Joyner, assistant pastor of the Methodist Church, will make the address. There will be a special drill by the degree team of Monroe Temple No. 1.

A short play "Peace Through His Cross" will be presented. Refreshments will be served.

Friendship Temple No. 3 is specially invited to attend.

LIONS CLUB'S 25TH ANNIVERSARY NOV. 5

The 25th anniversary of the Monroe Lions Club founding will be observed November 5 with a dinner on the Hotel Frances roof that night for 300 members and guests.

Featured speaker will be a former international president of the organization, Roderick Beddow, of Birmingham, Ala., described in the announcement as "one of the leading criminal lawyers of the south and an orator of great magnetism, charm and vigor.

All Lions Clubs of Northeast Louisiana are to be asked to send representatives to participate in the anniversary celebration.

THE NATION TODAY

By James Marlow

WASHINGTON, Oct. 26.—(AP)—The housing picture is all scrambled anyway. But now something else comes into it.

One of those seldom-mentioned things—foreign exchange—was behind President Truman's sudden move on lumber late Friday.

He made lumber—imported into this country for construction use—duty-free.

The reasons, all linked together, go like this:

1. Lumber is needed because there's a housing shortage. We produce a lot ourselves. But we need more.

2. Most of the building lumber we import comes from Canada. We have to encourage Canadians to ship lumber here.

3. A few months ago the Canadian government changed the foreign exchange rate of the dollar.

This would tend to discourage shipping lumber here. Here is why:

Until last July 5 the Canadian dollar was worth ten per cent less than the American dollar. For example:

Jones, a Canadian lumberman, sold his lumber here. For every American dollar he received, he could get $1.10 in Canadian money.

Then the Canadian government changed this. It made the American and Canadian dollars equal. Thus Jones lost an inducement to sell his lumber here.

That, plus the fact that we had a tariff on Canadian lumber shipped here, would make Jones less inclined to sell to us.

(A tariff is a charge or tax we place on goods imported here to put it at some disadvantage in competing with American goods of the same kind.)

To offset the change in the dollar exchange rate, our government decided to make building lumber duty-free.

(We import other kinds of wood from other countries, such as mahogany for cabinet work from central America and Africa.

(The tariff on this apparently will remain since it is not wood used in construction work, such as pine from Canada.

(We also get some building wood from Mexico. This wood, it seems, will be duty-free. Mr. Truman didn't name any country in lifting the duty.)

We expected to get from Canada this year about 1,000,000,000 feet of lumber. That's about as much as we can expect. The Canadians need lumber themselves. Besides, they have to ship to Great Britain and elsewhere.

Generally, we place two kinds of duty on Canadian lumber shipped here:

For every 1,000 feet there is a 50-cent tariff and an additional duty, called an excise tax, of about $1.50, or a total duty of about $2.

(It was assumed here, although it was not so stated in the president's announcement, that he was removing both the tariff and the excise-tax.

(Housing officials intended for him to remove both the tariff and the excise tax.)

In this country we're producing 33,000,000,000 feet of lumber this year.

Of that total about 14,000,000,000 feet are for construction: 9,000,000,000 for housing, and the rest for other kinds of construction.

The 33,000,000,000 feet this year is no record—although last year we turned out only 27,000,000,000—for in 1925 we produced 41,000,000,000 feet.

LATIN AMERICA IS SUBJECT OF PROGRAM PRESENTED BY CURRENT LITERATURE CLUB

A most interesting and entertaining afternoon was enjoyed by the members of the Current Literature Club, when Mrs. J. Leon Dennis entertained on Wednesday afternoon.

Following the general theme of study of Latin America, which the club adopted for the year, Mrs. G. M. Heidenreich gave in detail "To Market in Guatemala," telling of the quaint customs and mannerisms of the shopping life in that city. It was most interesting in view of the current interest in shopping conditions in our own country.

Mrs. Earl Stovall then gave a talk on El Salvador, using as her subject "Coffee is King." She gave the highlights of the planting, cultivating, and harvesting of coffee, told of the quaint customs of these people who grow a very large percent of the most world-wide favorite drink, coffee.

Mrs. R. L. Seiler then talked on life in Cicarafua. She compared life in these South American counties to our own and brought out in an interesting manner just how the muchly discussed "Good Neighbor" policy can benefit these countries and our own homeland as well.

The club was delighted to have as their guest Mrs. Jack Hayes who sang several numbers, accompanied at the piano by Mrs. Alma Woodham. Especially delightful was her rendition of "Estrellita" (My Little Star) written by a South American composer Manuel Ponce. She also sang "Softly as the Morning Sunrise" by Romberg. The club was indeed fortunate to have such talent on the afternoon program.

Delightful refreshments were served by the hostess, during which time Mrs. Woodham played a number of popular songs in her gifted manner.

Members and guests present were: Mrs. Otto Passman, Mrs. W. M. Whitfield, Mrs. R. L. Seiler, Mrs. Earl Stovall, Mrs. Jerome Whitledge, Mrs. G. M. Heidenreich, Mrs. Gene Demmary, Mrs. Jordan Barton, Mrs. W. A. Cotton, Mrs. Dan Dennett, Mrs. Henry Minuet, Mrs. Pat Reeves, Mrs. Allen West, Mrs. W. O. Webb, Mrs. L. M. Frey and the hostess.

⁂

Mrs. Stanley Hodges, president of St. Matthew's P.-T. A. presided at the meeting in the school cafeteria when "Father's Night" was observed.

Mrs. Charles Brogan read the minutes of the previous meeting and Mrs. John Spatafora gave the treasurer's report.

After the conclusion of the business meeting the president turned the meeting over to the program chairman, Mrs. Vincent Marsala, who announced that the kindergarten and first grades would be featured in the program, under the direction of Sisters Paula Marie and Christina.

A delightful social hour was enjoyed by the parents present at this time.

Plans for the annual Halloween party to be held Monday, October 28, beginning at 6:30 p. m., have been completed by the St. Matthew's P. T. A.

The party will be held in the school and as customery each year there will be hamburgers, hot dogs, coffee and cold drinks served in the cafeteria. Home-made candies, cakes, and pop corn will also be on sale.

Miss Dollie Ticcheli will have charge of the children's games which will include apple bobbing and a prize will be given for the "tackiest" costume for the children.

Bingo will start at 8 o'clock in the auditorium of the school. Mrs. Hodges, president, invites all the friends of the school to attend and promises an evening of fun for the grownups as well as the children.

The reception suite and dining room of the C. E. McKenzie home on St. John street was fragrant with the perfume of myriad butterfly lilies and thronging with beautifully gowned guests, 200 or more, when Mrs. McKenzie and her three daughters, Mrs. Lea Thompson, Mrs. John Sherrouse, Jr., and Miss Barbara McKenzie entertained during the tea hour for a lovely bride-elect, Miss Emily Anne Royce.

Miss Royce's gown on this occasion was one of black crepe and silver and her mother, Mrs. Carol Royce, who stood in the receiving line, wore a beautiful American Beauty crepe model with silver nail heads. Mrs. McKenzie wore a maroon colored crepe gown trimmed in silver. Mrs. Herbert Marshall, also in the receiving line, wore a black crepe model.

The silver tea and coffee services gracing the refreshment table in the candlelit dining room were presided over by Mrs. John Breard, Mrs. Roy Hale, Mrs. Thomas Munholland and Mrs. D. X. Ellett. The services were placed at either end of the lace covered table.

The table decor was exceedingly artistic with pink tulle mingling with the pink camellias, in effective manner. The flowers were arranged in an oblong plaque with pink and silver tulle forming a deep ruffle.

Silver trays held assorted sandwiches, delicious little rum cakes, pastries and salted nuts.

Instructive Discussion Marks Meeting At Georgia Tucker

Georgia Tucker's auditorium was filled almost to capacity at the October 24 meeting of the Parent-Teacher Association. The October theme—"Get-Together"—proved most interesting and instructive. Each parent was given the opportunity to go to her child's room, meet the teacher and discuss the curriculum for the year. The teachers reported on the recent health workshop held in Monroe by the state department of health and gave some highlights on how they had been taught to watch for any physical disability in the pupil not readily apparent in the home.

Mrs. Tom Davis, character education chairman, gave an inspiring address and made a direct appeal to the parents for more cooperation on their part. She said: "All resources of the home, community and school should be available to each and every child, as each contributes to the child's spiritual, physical and character development and training. It is necessary for parents not only to be interested, but to be workers with community projects, such as Boy Scouts, Cub Scouts, Girl Scouts, Intermediate Scouts and Brownies, so that these fields may contribute as they should to the training of the child. We are all builders in the development of our child's character. What kind of a builder are you?" she asked.

Miss Myrtle Rodgers, principal of Georgia Tucker, told the plans she had for the education of the children at Georgia Tucker. She said they are not going to place as much stress on the 3 Rs as was done in the past generation. The 3 Rs have their place in education, but primarily Georgia Tucker is striving to fit each and every child, as individuals, to take his or her place in the community. "We want each child to be the very finest physical specimen," said Miss Rodgers. "We want him to be a social being, by that we mean we want the child to develop into a man or woman trained to get along."

The national president's message was given by Mrs. P. G. Rowe. It was heard with great interest, the topic being "Juvenile Delinquency." An appeal was made at this time for more contributors to the National Parent-Teacher magazine.

At the conclusion of this inspirational meeting, refreshments were served and a social hour enjoyed.

SUNSHINE GIRLS TO ATTEND LODGE

There will be an open meeting of Monroe Temple No. 1 Pythian Sisters at the Knights of Pythias Hall at 127 1/2 St. John Street on Monday night, October 28, 1946, at 7:30 p.m. The public is cordially invited to attend. The newly-formed Sunshine Girls council will be the honored guests. The parents of these Sunshine Girls are especially invited.

A Founder's Day program will be the feature of the meeting and Miss Lea Joyner, assistant pastor of the Methodist Church, will make the address. There will be a special drill by the degree team of Monroe Temple No. 1.

A short play "Peace Through His Cross" will be presented. Refreshments will be served.

Friendship Temple No. 3 is specially invited to attend.

THE NATION TODAY

WASHINGTON, Oct. 26.—(AP)—The housing picture is all scrambled anyway. But now something else comes into it.

One of those seldom-mentioned things—foreign exchange—was behind President Truman's sudden move on lumber late Friday.

He made lumber—imported into this country for construction use—duty-free.

The reasons, all linked together, go like this:

1. Lumber is needed because there's a housing shortage. We produce a lot ourselves. But we need more.

2. Most of the building lumber we import comes from Canada. We have to encourage Canadians to ship lumber here.

3. A few months ago the Canadian government changed the foreign exchange rate of the dollar.

This would tend to discourage shipping lumber here. Here is why:

Until last July 5 the Canadian dollar was worth ten per cent less than the American dollar. For example:

Jones, a Canadian lumberman, sold his lumber here. For every American dollar he received, he could get $1.10 in Canadian money.

Then the Canadian government changed this. It made the American and Canadian dollars equal. Thus Jones lost an inducement to sell his lumber here.

That, plus the fact that we had a tariff on Canadian lumber shipped here, would make Jones less inclined to sell to us.

(A tariff is a charge or tax we place on goods imported here to put it at some disadvantage in competing with American goods of the same kind.)

To offset the change in the dollar exchange rate, our government decided to make building lumber duty-free.

(We import other kinds of wood from other countries, such as mahogany for cabinet work from central America and Africa.

(The tariff on this apparently will remain since it is not wood used in construction work, such as pine from Canada.

(We also get some building wood from Mexico. This wood, it seems, will be duty-free. Mr. Truman didn't name any country in lifting the duty.)

We expected to get from Canada this year about 1,000,000,000 feet of lumber. That's about as much as we can expect. The Canadians need lumber themselves. Besides, they have to ship to Great Britain and elsewhere.

Generally, we place two kinds of duty on Canadian lumber shipped here:

For every 1,000 feet there is a 50-cent tariff and an additional duty, called an excise tax, of about $1.50, or a total duty of about $2.

(It was assumed here, although it was not so stated in the president's announcement, that he was removing both the tariff and the excise-tax.

(Housing officials intended for him to remove both the tariff and the excise tax.)

In this country we're producing 33,000,000,000 feet of lumber this year.

Of that total about 14,000,000,000 feet are for construction: 9,000,000,000 for housing, and the rest for other kinds of construction.

The 33,000,000,000 feet this year is no record—although last year we turned out only 27,000,000,000—for in 1925 we produced 41,000,000,000 feet.

In 40 percent of the counties in the United States recognized hospital facilities are lacking to serve about 15,000,000 people.

Women Voters' League Has Discussed Amendment Merits

Each Given Consideration By Local Group In Monroe

The Monroe and the West Monroe Leagues of Women Voters make the following statements and explanations of the 31 amendments the public will be called upon to vote on November 5. The two leagues have made careful separate and joint study of these amendments.

There is no effort on the part of the leagues to influence the public to vote for or against amendments that have not come within the range of their program or platform. Those issues which have been included in the program of the leagues during the past three years are here labeled "good" or "bad." "No statement" following the explanation of an amendment does not mean that the bill is a bad one. It simply means that the subject under which the amendment falls has not been included yet in the league program.

In the state legislature those bills that affect one parish, or one city are termed "local." All legislators vote for local bills when convinced that the city, or parish really desire to have them pass. Many of the 31 amendments are "local." The amendments below are numbered in the order in which they were printed in the supplement of the Ouachita Citizen.

Amendment No. 1—Concerns law suits against the state of Louisiana. The state is immune against law suits except as the legislature gives permission. This amendment serves as a waiver to the state's immunity in certain cases and names the courts that may bring suit. No statement.

Amendment No. 2—Gives freedom to the parishes for assuming the indebtedness of its subdivisions. No statement.

Amendment No. 3—Creates a recreation and park commission for the parish of East Baton Rouge. Local to East Baton Rouge parish.

Amendment No. 4—Will permit inmates of the United States Marine Hospital at Carville, La., to register and vote. Patients in the marine hospital have to remain there for years. The cure for leprosy is slow. Most of the inmates go about a job just as citizens in any community do and should be permitted to vote. This is good.

Amendment No. 5—Creates a city-parish charter commission for the city of Baton Rouge and the parish of East Baton Rouge. It will permit the people to reorganize their governmental units and to zone their industrial area. This is a splendid bill and the leagues would like to see it pass. This is good.

Amendment No. 6—Levies an additional 1c tax per gallon on all motor fuels consumed in Louisiana except tractor fuels. Casinghead and absorption gasoline are excepted from this extra tax when sold for blending purposes. No statement.

Amendment No. 7—Defines uniform procedures for dealing with juvenile court cases throughout the state making children's cases "child welfare" rather than criminal court procedure. This is good.

Amendment No. 8—Provides for the election of all the eleven state school members by the people. At the present time three members are appointed by the governor from the three public service districts of the state—one from each. Under this amendment the three members from the public service districts will be elected by the people making all eleven members elected by the people. This is good.

Amendment No. 9—Provides 25 million dollars for the highways and bridges. This will be done by floating bonds against funds that already exist. There is no longer any need for the funds as originally dedicated, but they cannot be spent until this amendment is passed. No statement.

Amendment No. 10—Provides a retirement fund for aged and incapacitated teachers and other employees of the state public school system. No statement.

Amendment No. 11—Gives more authority to the state marketing commission for the purpose of providing additional facilities for assembling, processing, storing and marketing agricultural and kindred products. No statement.

Amendment No. 12—Enlarges the purchasing power of the state marketing commission for the same purposes as amendment 11 above. No statement.

Amendment No. 13—Gives authority to the fourth drainage district of the parish of Jefferson to issue bonds against the taxes already in force to pay the drainage debts, etc. Local to Jefferson parish.

Amendment No. 14—Adds a new sector to the Pontchartrain levee district and permits a bond issue for further protection against flood waters. Local to the Pontchartrain levee district.

Amendment No. 15—Provides for acreage taxes, with homestead exemptions, to promote the practice of forestry. This is good.

Amendment No. 16—Authorizes cities and parishes to appropriate money, levy special taxes, incur debts and issue bonds for the purpose of developing a balanced economy in the state by encouraging the establishment of commercial, industrial agricultural and manufacturing interprises and to provide ready markets. It is hoped this will encourage more and better industries to come into the state. This is good.

Amendment No. 17—Encourage new industries to come into the state by exempting them from paying taxes for five years. The league holds that this would add another patch to the already conglomerate tax structure of the state. The whole tax structure of Louisiana should be revised. This is bad.

Amendment No. 18—This is another part of the industrial development program. It will exempt from taxation for ten years all aircraft based or operating in the state of Louisiana, together with all hangars, machine shops and equipment used to service said aircraft. See comment on No. 17.

Amendment No. 19—This permits Jefferson parish to incur debt for recreation. Local to Jefferson parish.

Amendment No. 20—Permits the Police Jury of Jefferson parish to zone the parish. Local to Jefferson parish.

Amendment No. 21—Defines the relationship of the state of Louisiana to the New Basin Canal and Shell Road of New Orleans. Local to Orleans Parish.

Amendment No. 22—Declares that revenues from minerals beyond the three-mile limit in the coastal waters of Louisiana shall belong to the state. This is in case the supreme court of the United States does not say that it belongs to the federal government. No statement.

Amendment No. 23—Provides for the continuation of the collecting of parish school taxes from any part of the parish that may be taken into the city limits of the city of Lake Charles. Local to the city of Lake Charles.

Amendment No. 24—Gives the justices of the peace courts concurrent jurisdiction with the district courts in all civil matters when the amount in dispute shall not exceed $100, exclusive of interest. It also gives concurrent jurisdiction in criminal cases not capital or necessarily punishable at hard labor. It also defines the fees. This simply clarifies and enlarges the jurisdiction of the justices of the peace courts. No statement.

Amendment No. 25—Makes the district courts appellate from the decisions of the justice of the peace courts. No statement.

Amendment No. 26—Creates a retirement fund for the aged and incapacitated officers and employees of the state of Louisiana. No statement.

Amendment No. 27—Gives concurrent jurisdiction to all district courts bordering on the Gulf of Mexico to enforce all laws for the protection of fish, game and wild life of the coastal waters of Louisiana. This is good.

Amendment No. 28—Permits homestead exemptions for veterans of World War II of $5,000 for a period of five years beginning with the year 1947. No statement.

Amendment No. 29—Makes the gasoline tax applicable to gasoline sold to the United States government except when delivered in lots of 6,000 gallons or more or delivered to the armed forces of the United States. No statement.

Amendment No. 30—Provides for a bond issue that will loose some of the existing funds dedicated to causes for which there is no longer a need. The released funds will be dedicated principally to the proper care of the chronically and acutely ill, and to the helpless of all types. New facilities will be provided for the purpose. This is a good bill.

Amendment No. 31—Promotes agriculture and immigration, prevents the spread of pests and diseases injurious to plants and domestic animals. This is good.

CRAMER HAAS IS GIVEN CITATION

Popular Monroe Officer Awarded Bronze Star Medal Posthumously

A bronze star medal, awarded posthumously to First Lieut. Arthur Cramer Haas, popular Monroe officer who was killed in action at Leyte on Nov. 12, 1944, has been received by his parents, Mr. and Mrs. Morris W. Haas, together with a citation which describes his bravery in a skirmish with Japanese troops. It was the second award given to Lieut. Haas, the first being a silver star with oak leaf cluster.

The beautiful medal brought a message from Secretary of War Robert Patterson, and the citation is as follows:

"First Lieutenant Arthur C. Haas, 01288892, Infantry, United States Army. For heroic achievement in connection with military operations against the enemy at Breakneck Ridge, Leyte, Philippine Islands from 20 October to 12 November 1944. First Lieutenant Haas, leader of an 81mm Mortar Platoon, was responsible for bringing intense mortar fire to bear on a superior enemy force during several fanatical counter-attacks, inflicting heavy casualties on the Japanese and thereby undoubtedly saving many American lives.

"First Lieutenant Haas, in his desire to place all possible fire power where needed, went forward to observe and personally direct the placing of mortar concentrations on a stubborn enemy. He established his outpost in the foremost emplacement of a rifle company perimeter and proceeded to adjust the fire of his men more than 1600 yards to the rear, to within 20 yards of our troops. With disregard for his own safety, he exposed himself constantly to heavy machine gun, knee mortar and concentrated artillery fire, to further the efforts of the attacking battalion. He successfully halted counterattacks and discouraged the Japanese infiltration.

"First Lieutenant Haas was killed in action - 12 November 1944 while moving forward with rifle troops to attack the Japanese positions ahead of his original outpost. First Lieutenant Haas' action in time of need and his devotion to his mission reflect great credit upon himself and the military service.

Women Voters' League Has Discussed Amendment Merits

Each Given Consideration By Local Group In Monroe

The Monroe and the West Monroe Leagues of Women Voters make the following statements and explanations of the 31 amendments the public will be called upon to vote on November 5. The two leagues have made careful separate and joint study of these amendments.

There is no effort on the part of the leagues to influence the public to vote for or against amendments that have not come within the range of their program or platform. Those issues which have been included in the program of the leagues during the past three years are here labeled "good" or "bad." "No statement" following the explanation of an amendment does not mean that the bill is a bad one. It simply means that the subject under which the amendment falls has not been included yet in the league program.

In the state legislature those bills that affect one parish, or one city are termed "local." All legislators vote for local bills when convinced that the city, or parish really desire to have them pass. Many of the 31 amendments are "local." The amendments below are numbered in the order in which they were printed in the supplement of the Ouachita Citizen.

Amendment No. 1—Concerns law suits against the state of Louisiana. The state is immune against law suits except as the legislature gives permission. This amendment serves as a waiver to the state's immunity in certain cases and names the courts that may bring suit. No statement.

Amendment No. 2—Gives freedom to the parishes for assuming the indebtedness of its subdivisions. No statement.

Amendment No. 3—Creates a recreation and park commission for the parish of East Baton Rouge. Local to East Baton Rouge parish.

Amendment No. 4—Will permit inmates of the United States Marine Hospital at Carville, La., to register and vote. Patients in the marine hospital have to remain there for years. The cure for leprosy is slow. Most of the inmates go about a job just as citizens in any community do and should be permitted to vote. This is good.

Amendment No. 5—Creates a city-parish charter commission for the city of Baton Rouge and the parish of East Baton Rouge. It will permit the people to reorganize their governmental units and to zone their industrial area. This is a splendid bill and the leagues would like to see it pass. This is good.

Amendment No. 6—Levies an additional 1c tax per gallon on all motor fuels consumed in Louisiana except tractor fuels. Casinghead and absorption gasoline are excepted from this extra tax when sold for blending purposes. No statement.

Amendment No. 7—Defines uniform procedures for dealing with juvenile court cases throughout the state making children's cases "child welfare" rather than criminal court procedure. This is good.

Amendment No. 8—Provides for the election of all the eleven state school members by the people. At the present time three members are appointed by the governor from the three public service districts of the state—one from each. Under this amendment the three members from the public service districts will be elected by the people making all eleven members elected by the people. This is good.

Amendment No. 9—Provides 25 million dollars for the highways and bridges. This will be done by floating bonds against funds that already exist. There is no longer any need for the funds as originally dedicated, but they cannot be spent until this amendment is passed. No statement.

Amendment No. 10—Provides a retirement fund for aged and incapacitated teachers and other employees of the state public school system. No statement.

Amendment No. 11—Gives more authority to the state marketing commission for the purpose of providing additional facilities for assembling, processing, storing and marketing agricultural and kindred products. No statement.

Amendment No. 12—Enlarges the purchasing power of the state marketing commission for the same purposes as amendment 11 above. No statement.

Amendment No. 13—Gives authority to the fourth drainage district of the parish of Jefferson to issue bonds against the taxes already in force to pay the drainage debts, etc. Local to Jefferson parish.

Amendment No. 14—Adds a new sector to the Pontchartrain levee district and permits a bond issue for further protection against flood waters. Local to the Pontchartrain levee district.

Amendment No. 15—Provides for acreage taxes, with homestead exemptions, to promote the practice of forestry. This is good.

Amendment No. 16—Authorizes cities and parishes to appropriate money, levy special taxes, incur debts and issue bonds for the purpose of developing a balanced economy in the state by encouraging the establishment of commercial, industrial agricultural and manufacturing interprises and to provide ready markets. It is hoped this will encourage more and better industries to come into the state. This is good.

Amendment No. 17—Encourage new industries to come into the state by exempting them from paying taxes for five years. The league holds that this would add another patch to the already conglomerate tax structure of the state. The whole tax structure of Louisiana should be revised. This is bad.

Amendment No. 18—This is another part of the industrial development program. It will exempt from taxation for ten years all aircraft based or operating in the state of Louisiana, together with all hangars, machine shops and equipment used to service said aircraft. See comment on No. 17.

Amendment No. 19—This permits Jefferson parish to incur debt for recreation. Local to Jefferson parish.

Amendment No. 20—Permits the Police Jury of Jefferson parish to zone the parish. Local to Jefferson parish.

Amendment No. 21—Defines the relationship of the state of Louisiana to the New Basin Canal and Shell Road of New Orleans. Local to Orleans Parish.

Amendment No. 22—Declares that revenues from minerals beyond the three-mile limit in the coastal waters of Louisiana shall belong to the state. This is in case the supreme court of the United States does not say that it belongs to the federal government. No statement.

Amendment No. 23—Provides for the continuation of the collecting of parish school taxes from any part of the parish that may be taken into the city limits of the city of Lake Charles. Local to the city of Lake Charles.

Amendment No. 24—Gives the justices of the peace courts concurrent jurisdiction with the district courts in all civil matters when the amount in dispute shall not exceed $100, exclusive of interest. It also gives concurrent jurisdiction in criminal cases not capital or necessarily punishable at hard labor. It also defines the fees. This simply clarifies and enlarges the jurisdiction of the justices of the peace courts. No statement.

Amendment No. 25—Makes the district courts appellate from the decisions of the justice of the peace courts. No statement.

Amendment No. 26—Creates a retirement fund for the aged and incapacitated officers and employees of the state of Louisiana. No statement.

Amendment No. 27—Gives concurrent jurisdiction to all district courts bordering on the Gulf of Mexico to enforce all laws for the protection of fish, game and wild life of the coastal waters of Louisiana. This is good.

Amendment No. 28—Permits homestead exemptions for veterans of World War II of $5,000 for a period of five years beginning with the year 1947. No statement.

Amendment No. 29—Makes the gasoline tax applicable to gasoline sold to the United States government except when delivered in lots of 6,000 gallons or more or delivered to the armed forces of the United States. No statement.

Amendment No. 30—Provides for a bond issue that will loose some of the existing funds dedicated to causes for which there is no longer a need. The released funds will be dedicated principally to the proper care of the chronically and acutely ill, and to the helpless of all types. New facilities will be provided for the purpose. This is a good bill.

Amendment No. 31—Promotes agriculture and immigration, prevents the spread of pests and diseases injurious to plants and domestic animals. This is good.

COPIAH-LINCOLN DEFEATS N. J. C., 12 TO 6

WOLVES' PASSES DECIDING FACTOR IN TIGHT BATTLE

Johnny Johnson Saves Tribe From Shutout With Score In Last Period

Success with passes proved the margin of difference in a spectacular football game at Brown Field here last night as the Copiah-Lincoln Wolves of Wesson, Miss., overshadowed the Indians of Northeast Junior College, 12 to 6, to hand the Redskins their fourth straight reverse.

The favored Wolves looked for a while like they had met their match as the Tribesmen battled them yard for yard throughout most of the game despite the fact that Co-Lin held the edge in first downs and yards gained.

But it took two passes, one good for a 71-yard gain in the last minute of the first half, to set the Indians back on their heels although the Redskins never gave up and finally punched over a score of their own in the final period when Halfback Johnny Johnson got away through the middle of the Wolf Pack line for a touchdown. Neither team was able to make conversions after the goal-crossings.

There was a whale of a line battle going on all night with Charles "Bud" Cain, Indian left tackle, easily the outstanding performer of the night as far as the Tribe was concerned, and Copiah-Lincoln's forwards being led by Glen Slay, classy right end.

Massey McConnell, Johnny Johnson, J. M. McBeth, Junior Williams, and Talmadge Foreman turned in good work in the Indian backfield while Robert Hodges, Robert Tillman, W. L. Stampley, Taylor Tatum, Curtis Allen, and James Caldwell led the backfield work for the invaders.

Slay and Tatum scored both of Copiah-Lincoln's touchdowns, Slay turning in the long pass gain in the closing seconds of the first half after taking a long heave from Tillman, and Tatum scoring on a short pass from Caldwell, a nephew of Devon Payne, Tallulah High School coach who formerly coached at Ouachita and Neville here.

That first Wolf touchdown should never have been scored, but the visitors got the benefit of a break and pitched the desperation pass purely in an effort to beat the time that was rapidly dwindling away for the first half.

N. J. C. was making a serious touchdown threat a few seconds before after starting a drive from the Wolf 34 where Cain had spilled Hodges as he was taking a punt, causing the Co-Lin back to fumble and N. J. C. recovering. Co-Lin then was penalized five for delaying the game. Jerry

OPEN QUALIFYING FOR GOLF EVENT

Legion Linksmen Have Until November 8 To Post Entry Scores

Qualifying rounds of play for the first annual American Legion Golf Tournament for members of the Monroe and West Monroe posts will be underway during the next two weeks, qualifying ending November 8.

Tournament play will get underway over the Municipal Golf Club's course here November 9 and continue through the following day. The event is to be the featured sporting attraction of the L. B. Faulk Post's Armistice program.

Tournament competition is open only to members of Burnett-Downs Post of West Monroe, and L. B. Faulk of Monroe, but any war veterans are eligible to participate provided they apply for membership with either post in time to get in their qualifying scores.

George Miller, a tournament spokesman, last night declared it was the hope of local Legionnaires to also bring the Louisiana State American Legion Tournament to Monroe next spring, and he urged as many local Legion members as possible to take part in the local tournament so that Monroe and West Monroe could "get a line" on their own golfing talent and prepare their best for the state event with hopes of having a Monroe or West Monroe member bringing home the title in the spring golf show.

The Commander's Cup, offered by the commander of L. B. Faulk post, will be the top trophy in next month's Armistice event. Awards will also go to winners and runners-up in all flights, and consolation winners.

QUAKERS TROUNCE MIDDIES, 32 TO 19

PHILADELPHIA, Oct. 26.—(AP)—Tony Minisi, a halfback of varying allegiance, showed he likewise was quite impartial today as he led the undefeated Penn football team to a 32 to 19 victory over Navy, the team for which he caught a touchdown pass in the last 25 seconds to defeat the Quakers a year ago.

The elusive wingback ran to three touchdowns and passed to another as Penn rolled up its scoring total in the first two periods and then coasted along in a comparatively listless second half which lulled the throng of 78,000 into casual interest.

Minisi, running his consecutive pass completions to 13 before missing and tossing his fourth touchdown pass of the year, retired to a well-earned rest after the first half, and never reappeared.

Penn took command soon after the first kickoff. Charley Bednarik intercepted a Navy pass on the Penn 45 and ran back to the Navy 25. Bob Deuber slashed through right tackle to the four. Minisi hit Art Littleton with a southpaw pass for the score.

Texas, Tennessee, Michigan Among Powerhouses Toppled In Surprises

By Harold Claassen

NEW YORK, Oct. 26.—(AP)—If a centipede crawled over a map of the United States tonight each one of its 100 legs would touch the site of a college football upset.

Here's what the drug-store quarterbacks will have to argue about for at least the coming week:

Rice 18, Texas 13.
Wake Forest 19, Tennessee 6.
Southern Methodist 17, Missouri 0.
Illinois 13, Michigan 9.
Washington 20, California 6.
Virginia Tech 14, North Carolina State 6.
Kings Point 7, Fordham 6.
C. C. N. Y. 27, Wagner 6.
Mississippi 9, Arkansas 7.

And then there were such surprises as Army's relatively difficult 19 to 6 victory over Duke, all the Cadet points being gained through the air when the stubborn Southern line refused to be denied by such stalwarts as Glenn Davis and Doc Blanchard.

Notre Dame's 41 6 verdict over Iowa also came in that category, but only because of the hugeness of the score. The Irish, ahead by a 20 to 6 margin at the half, turned Johnny Lujack loose in the final periods to break the jinx of never having won in the Cornland capital.

Even a superior day by Bobby Layne, Texas' great fullback, couldn't stave off the third consecutive defeat the Rice Owls have pasted onto the Longhorn record. George Walmsley and Windell Williams, a pair too injured to start, engineered the day's biggest upset of the day for Rice.

Dick Brinkley, the fullback-sports writer who publicly blamed himself for Wake Forest's defeat a week ago, was unstoppable today as the Southern Conference Beacons administered the worst home defeat for a Tennessee club since Bob Neyland came there 15 years ago.

A sturdy Illinois line that repulsed a Michigan drive on the five just before the gun, spun 85,938 Wolverine alumni into sadness and ruined virtually all hopes Michigan had for an undisputed Big Nine title.

North Carolina State skidded from the undefeated list when its ground attack was able to grind out but four yards net gained in the Wolfpack's fray with Virginia Tech.

Kings Point, beaten in all six previous starts, humbled Fordham, 7 to 6, while City College of New York, who hadn't won since 1943, got four touchdowns—more points that it had scored the past three years—in bopping Wagner, 27 to 6.

Michigan's defeat lifted Northwestern, a 26 to 13 winner today over Coach A. A. Stagg's College of the Pacific, to the top of the Big Nine heap. Indiana, defending champion, belted Nebraska of the Big Six, 27 to 7, while Ohio State walloped Minnesota, 39 to 9.

Big Six teams spent a wretched afternoon. In addition to the Nebraska loss, Southern Methodist flattened Missouri, 17 to 0, and Tulsa dumped Kansas, 56 to 0. In a family affair Oklahoma thrashed Iowa State, 63 to 0.

Mississippi, starved for a victory, downed Arkansas, 9 to 7, in an interconference affair at Memphis, and Cincinnati, which opened this year of upsets by spilling Indiana, did it again, this time upending Michigan State, 18 to 7.

Below the Mason-Dixon line, Mississippi State combined its aerial attack with a strong enough ground formation to down Tulane, 14 to 7, and Georgia drubbed Furman, 70 to 7. Georgia Tech came through as expected 27 to 6 over Auburn. Alabama, with Harry Gilmer doing the pitching, dumped Kentucky, 21 to 7, and Louisiana State penetrated Vanderbilt's line for the first time this year to win, 14 to 0.

In the Southern Conference Richmond downed Washington and Lee, 20 to 0, and William and Mary kited to a 41 to 0 verdict over Virginia military.

Columbia, humbled by Army a week ago, returned to the victory column with a 53 to 13 Ivy League win over Dartmouth, and Cornell, heralded as a coming powerhouse, barely got by Princeton, 14 to 7. Harvard, unbeaten member of the Big Three, squeezed past Holy Cross, 13 to 6, as Delaware registered its 24th straight with a 52 to 0 conquest of Drexel.

Texas A. and M. registered its expected triumph over Baylor, 17 to 0, in the Southwest loop. Colorado defeated New Mexico 14 to 13, in the Rocky Mountain feature.

U. C. L. A., striving for Rose Bowl honors, remained unbeaten with a 33 to 7 verdict over Santa Clara and Southern California regained some of its prestige with a 28 to 20 victory over Stanford. Oregon State, expected to have an easy time, had to hurry for a 13 to 12 decision at Washington State's expense.

LOUISIANA PREP COACH FLIES TO SCOUT BATTLE

GREENVILLE, Miss., Oct. 26.—(AP)—Football coaches are scouting opposing teams these days with the aid of airplanes to hurry up their trips.

The first mentor to come to Greenville by plane to take a look at his next week's opponent was Coach Stan Galloway of Bogalusa, La., High who winged his way from the Louisiana city to this Delta city late yesterday.

Coach Galloway's Bogalusa team is playing Pascagoula at Pascagoula next Friday. He was anxious to see the coast team in action so he got Pilot E. B. Brown to fly him here. Greenville's Hornets beat Pascagoula 18-0 as the Bogalusa mentor looked on.

After completing his scouting Coach Galloway and Pilot Brown hopped off this morning for Bogalusa.

During World War II, about two-thirds of the total tonnages of all military goods used by U. S. fighting forces were gasoline, fuel oils and petroleum products.

DEMON DEACONS TRIP TENNESSEE BY 19 TO 6 SCORE

Wake Forest Hands Vols Their Worst Defeat At Home In 15 Years

By Escar Thompson

KNOXVILLE, Tenn., Oct. 26.—(AP)—The fighting Demon Deacons from Wake Forest lived up to their name today by completely outclassing Tennessee and rudely dumping the Vols from the nation's ranks of unbeaten and untied football teams, 19 to 6.

A partisan crowd of 25,000 saw the spirited Deacons register one of the season's major upsets and administer the worst licking Coach Bob Neyland has ever suffered before the home folk in 15 years of tutoring at Tennessee. It was also the fifth time a team had ever scored as many as three touchdowns on Neyland in regular-season play.

It was obvious from the opening kickoff that Coach D. C. (Peahead) Walker's big eleven was "up" for this game. The Deacons were superior in every department of play. Tennessee made one quick stab for its score early in the second period to tie the score at 6-all. Thereafter it was virtually all Wake Forest.

Wake Forest scored once in the first quarter and twice in the third. The first Deacon score climaxed a 66-yard drive with Fullback Clay Croom plunging over from the one for the touchdown. Bo Scarinty's kick for the extra point was blocked.

Nick Scarinty engineered the Deacons on the long drive, completing successive passes to Bernie Capps and John O'Quinn which netted 47 yards. Charley Mitchell snagged O'Quinn from behind on the Vol four after he had speared Scarinty's pass on the Tennessee 20 and raced 16 yards.

Tennessee's lone score came with stunning suddeness in the early part of the second stanza. George Kelly, substitute center, intercepted Nick Scarinty's pass on the Deacon 34 and returned it eight yards to the 26. Bob Lund flicked a quick pass to Jim Powell, who grabbed the ball on the 15 and raced over untouched for the score. Mitchell's placement was wide.

With fourth-string Tailback J. B. Proctor, a freshman, in the driver's seat, Tennessee mustered its lone sustained drive late in the second stanza to march 70 yards, but the half-time gun sounded with the ball on Wake Forest's 10.

Wake Forest came back after the intermission with renewed fury, taking the ball on Tennessee's 34 when Walter Slater, usually reliable Tennessee punter, got off a weak four-yard kick out of bounds.

Harry Dowda and Dick Brinkley, star fullback who did not accompany the Deacons due to a "misunderstanding" with an assistant coach but arrived by air in time for the game, drove 21 yards to the Vol 13, on six line plays. Nick Scarinty then fired a beautiful pass to O'Quinn in the end zone for the touchdown. Bo Scarinty converted.

The Deacons' third and final tally came barely two minutes later when Edward Bradley recovered George Balitsaris' fumble on the Vol 34. Bo Scarinty broke off left tackle and raced 30 yards to the four. Brinkley smashed over in two plunges. Bo Scarinty's kick was blocked.

Elated over the surprise victory, Coach Walker heaped praise on his rugged line.

"I thought our line was great. It would be difficult to single out any one player for they were all good. Nick Scarinty was our best back," he declared.

Neyland said Wake Forest played "smart heads-up football and well deserved the victory."

The Deacons picked up 11 first downs to the Vols' 10 and rushed the ball 153 yards to the Vols 86.

GILMER LEADS ALABAMA IN DEFEAT OF KENTUCKY

MONTGOMERY, Ala., Oct. 26.—(AP)—Little Harry Gilmer passed for two touchdowns and scored the other himself today as Alabama continued its long gridiron mastery over the Kentucky Wildcats with a 21-7 victory.

The passing wizard completed 14 of 30 tosses for 177 yards. Gilmer also kept Kentucky backed up with long and accurate quick kicks, and intercepted one Wildcat pass himself.

Alabama asserted its superiority early, smothering the Kentucky running and passing attack until the final period when Tide substitutes were pushed around in two wildcat marches deep into Alabama territory.

By Kris Kreeger

NEW ORLEANS, Oct. 26.—(AP)—Mississippi State's powerful line and a brand new passing attack gave the Maroons a hard earned but well deserved 14 to 7 victory over Tulane's Green Wave here today before an estimated 45,000 spectators, the South's largest football crowd of the day.

Shorty McWilliams' passing and hard running paced the Maroon attack for most of three periods, but then he was carried injured from the field after a five-yard gain near the Tulane goal line.

A 59-yard running and passing attack gave State a touchdown in the first period, and Billy Murphy's passing engineered a 56-yard trip for the other in the final quarter. Tulane scored in the third by catching a Maroon fumble in the air and converting it into a 40-yard touchdown run.

After one first period punt exchange the Maroons drove 59 yards to a touchdown in 14 plays. Shorty McWilliams, Harper Davis and Bob Pillow alternated in carrying the ball through the substantial holes which the big State line men opened in the Green wall.

A 14-yard running pass from Davis to Bill Hildebrand, however, put the ball on the one foot line and Pollow's understudy, Jim Bailey, smacked it over. Ted Shuff place kicked the extra point.

Tulane dominated the second period, marching 63 yards to the State 11 and later 33 yards to the 17. O. J. Key's passes sparked both marches, but they failed the Wave in the clinches.

Early in the third period Davis fumbled circling left end. Tulane's Jim Leierer caught the ball in the air and lateraled to Don Fortier, who outstepped the Maroons on a 40-yard touchdown jaunt. Ed Heider place kicked the extra point.

State drove right back to the Tulane five, where Pillow fumbled and Key recovered. Tulane stopped another Maroon march on the seven after McWilliams had been carried from the game.

Murphy who took over for McWilliams, uncorked a pair of fourth-period passes to Hildebrand and Ken Davis that took the ball from midfield to the Tulane three. A penalty put it on the one, and two plays later Bailey slammed across. Shuff again booted the point.

Tulane rolled down field in the closing minutes with a tricky passing attack but Harper Davis' interception ended it on the game's last play.

The lineups:

M'WILLIAMS OUT

NEW ORLEANS, Oct. 26.—(AP)—A leg injury suffered by Tom "Shorty" McWilliams of Mississippi State in today's football game with Tulane will keep him out of play for at least two weeks, Coach Allyn McKeen said.

"McWilliams strained the ligaments in his left leg, but the doc deesnt' think they are torn or that the knee joint is injured," McKeen said.

"His right leg used to be the bad one. Now he has hurt his left. It'll take at least two weeks to fix him up."

McWilliams was carried from the game in the third quarter. Mississippi State won 14 to 7.

Tailback McWilliams made headlines earlier this season when he resigned from the U. S. military academy to return to Mississippi State, where he had made second All-America in 1944 before entering West Point.

BASTROP ROUTS WINNSBORO, 46-6

High Riding Rams Face Ruston Next Friday In Important 'A' Game

BASTROP, Oct. 26.—(Special)—The Bastrop High School Rams continued their winning trek of the 1946 football season here Friday night by downing the Winnsboro Tigers by a score of 46 to 6 in the Rams' homecoming game.

Marked by outstanding offensive play throughout, and by colorful half-time queen-crowning ceremonies, the game proved far easier than the most ardent Ram supporters had anticipated.

Here is how the scores were made: Early in the first quarter the Rams, on a series of three first downs scored when "Boots" Gladney, colorful Bastrop end, scampered six yards on an end-around play. Bryant and Harp had teamed up to reel off repeated gains to set the ball up in scoring position.

In the second quarter, soon after it started, "Red" Harp ran through the entire Winnsboro team for 59 yards to score standing up. Big Van Lindsey's kick for the extra point was good and the score was 13 to 0 in favor of the Rams.

After Harp set up the touchdown with an 18-yard run, Cole pulled a quarterback sneak for the necessary yard and a score and the count was 20 to 0.

It was at this point that the Winnsboro Tigers made their only score. After several successful plays, Wiggins passed to Merrill for 20 yards and a touchdown.

It took but two plays for the Rams to push over another marker. Charley Keene returned the kick-off 65 yards and a pass from Fragala to Hooper was good for 12 yards and a touchdown.

Just after the half started "Boots" Gladney again came through with a sterling end-around jaunt that netted 49 yards and a touchdown.

Before the end of the third quarter the Rams drew blood again when Cole passed to Brazeale for a 30-yard gain to set up another score that came when Bryant dashed through center for 15 yards to cross the goal line standing up.

In the fourth quarter the Rams, playing with mostly second and third stringers, pushed the ball down the field to a point where Todd passed to Fragala for five yards and the final score of the evening. Fragala kicked for the extra point and the score was 46 to 6.

Outstanding players for the Rams were a dime a dozen, but those who for their stellar play the following must be mentioned:

Pierce Lindsey at tackle, who played the best game of his career, tackling with deadly accuracy and smearing plenty of Tiger onslaughts. "Boots" Gladney, who played a jam-up game at end and scored the only two times he was called on for an end-around jaunt. Charley Bryant, the best back on the field during the tilt, gaining repeatedly and holding up his share and more on the offense Van Lindsey, an all-stater who still carries on as the Rams kicker and stalwart tackler in the line. Charley Keene, in the backfield, whose all-around play was exceptional for a second string man. Hooper, also a back, who played a consistently good game, and Fragala and Cole who played good offensive ball, and sterling quarterbacks, respectively.

For the visitors, Wiggins, Kirkland and Flowers in the backfield turned in good offensive play and made their share of tackles while Faola was their big noise in the line.

First downs were 14 to 9 in favor of the Rams. The Rams tried seven forward passes and completed four while the Tigers attempted 14 and connected for five. Penalties were one for Winnsboro for eight yards (half the distance to the goal line), and the locals drew three 5-yard setbacks.

The Rams tackle what has been described as their toughest competition of the season next Friday night when they take on the highly-touted Ruston eleven.

After that they play Neville and Ouachita High, with Neville being the only conference tilt after Ruston.

ARCADIA HORNETS SHADE WINNFIELD

WINNFIELD, La., Oct. 26.—Special)—Winnfield High School's Crimson Tigers were edged, 7 to 6 by Arcadia's Class B Hornets here Friday night in a non-conference battle.

The Tigers scored first late in the opening period on a 65-yard run by Ralph Sanders, Winnfield halfback. Temple's trial for extra point from placement was ruled wide by the referee on a very close decision.

Arcadia scored in the second quarter, and Young's extra point attempt was good to put the visitors into a 7 to 6 lead, which proved to be the margin of victory.

Winnfield drove relentlessly deep into Arcadia territory but the Hornets held and four Winnfield scoring threats in the last half were stopped within the Arcadia 15-yard line.

On the last play of the game, with Arcadia on the defense, "Swampy" Hendrix, Winnfield tackle, broke through the Hornet's line and wrested the ball from an Arcadia backfield man. He brought the crowd to its feet as he galloped 48 yards to cross the Hornets' goal line, with Arcadians in hot pursuit. However, the play was called back and the referee ruled that forward motion had been stopped before Hendrix obtained the ball.

Winnfield held a slight edge on first downs.

TECH WINS FROM DEMONS, 14 TO 7

Bulldogs Score Twice In First Half, Protect Lead To Win

SHREVEPORT, La., Oct. 26.—(AP)—Scoring twice in the first half and throwing back three determined scoring bids in the second, Louisiana Tech defeated Northwestern Louisiana State, 14-7, in the revived annual Louisiana State Fair classic here today.

Recovering a fumble on the Northwestern 30-yard line in the early minutes of the game set the stage for the first score. With Eddie Harelson doing most of the bucking, the Bulldogs carried down to the seven, and Harelson carried around his own right end for the score. Joe Michael came into the ball game and added the extra point for placement.

Early in the second stanza, Northwestern struck through the air to take the ball down to the three yard line with Tommy Bambrick, 175-pound fullback bucking over the final yards for the score. H. Tinsley tried from placement. It was Bambrick, throwing from his own 40-yard line who pitched the pass to Dusty Rhodes who caught it on the fifteen and ran to the three before Wojecki finally tossed him out of bounds.

Tech received the kickoff, and after Pearce Didier ran the ball for a pair of first downs to carry up to the fifty, he dropped back and laid a perfect pass into the arms of Charlie Newman who ran the remaining 20 yards for the winning touchdown, with Michael again adding the point.

Northwestern ran the ball within the Tech 10-yard line twice in the third quarter and both times were stopped on downs by the stubborn Bulldog. Tech outscored Northwestern 13-8 in first downs.

COPIAH-LINCOLN DEFEATS N. J. C., 12 TO 6

WOLVES' PASSES DECIDING FACTOR IN TIGHT BATTLE

Johnny Johnson Saves Tribe From Shutout With Score In Last Period

Success with passes proved the margin of difference in a spectacular football game at Brown Field here last night as the Copiah-Lincoln Wolves of Wesson, Miss., overshadowed the Indians of Northeast Junior College, 12 to 6, to hand the Redskins their fourth straight reverse.

The favored Wolves looked for a while like they had met their match as the Tribesmen battled them yard for yard throughout most of the game despite the fact that Co-Lin held the edge in first downs and yards gained.

But it took two passes, one good for a 71-yard gain in the last minute of the first half, to set the Indians back on their heels although the Redskins never gave up and finally punched over a score of their own in the final period when Halfback Johnny Johnson got away through the middle of the Wolf Pack line for a touchdown. Neither team was able to make conversions after the goal-crossings.

There was a whale of a line battle going on all night with Charles "Bud" Cain, Indian left tackle, easily the outstanding performer of the night as far as the Tribe was concerned, and Copiah-Lincoln's forwards being led by Glen Slay, classy right end.

Massey McConnell, Johnny Johnson, J. M. McBeth, Junior Williams, and Talmadge Foreman turned in good work in the Indian backfield while Robert Hodges, Robert Tillman, W. L. Stampley, Taylor Tatum, Curtis Allen, and James Caldwell led the backfield work for the invaders.

Slay and Tatum scored both of Copiah-Lincoln's touchdowns, Slay turning in the long pass gain in the closing seconds of the first half after taking a long heave from Tillman, and Tatum scoring on a short pass from Caldwell, a nephew of Devon Payne, Tallulah High School coach who formerly coached at Ouachita and Neville here.

That first Wolf touchdown should never have been scored, but the visitors got the benefit of a break and pitched the desperation pass purely in an effort to beat the time that was rapidly dwindling away for the first half.

N. J. C. was making a serious touchdown threat a few seconds before after starting a drive from the Wolf 34 where Cain had spilled Hodges as he was taking a punt, causing the Co-Lin back to fumble and N. J. C. recovering. Co-Lin then was penalized five for delaying the game. Jerry

Texas, Tennessee, Michigan Among Powerhouses Toppled In Surprises

By Harold Claassen

NEW YORK, Oct. 26.—(AP)—If a centipede crawled over a map of the United States tonight each one of its 100 legs would touch the site of a college football upset.

Here's what the drug-store quarterbacks will have to argue about for at least the coming week:

Rice 18, Texas 13.
Wake Forest 19, Tennessee 6.
Southern Methodist 17, Missouri 0.
Illinois 13, Michigan 9.
Washington 20, California 6.
Virginia Tech 14, North Carolina State 6.
Kings Point 7, Fordham 6.
C. C. N. Y. 27, Wagner 6.
Mississippi 9, Arkansas 7.

And then there were such surprises as Army's relatively difficult 19 to 0 victory over Duke, all the Cadet points being gained through the air when the stubborn Southern line refused to be denied by such stalwarts as Glenn Davis and Doc Blanchard.

Notre Dame's 41 6 verdict over Iowa also came in that category, but only because of the hugeness of the score. The Irish, ahead by a 20 to 6 margin at the half, turned Johnny Lujack loose in the final periods to break the jinx of never having won in the Cornland capital.

Even a superior day by Bobby Layne, Texas' great fullback, couldn't stave off the third consecutive defeat the Rice Owls have pasted onto the Longhorn record. George Walmsley and Windell Williams, a pair too injured to start, engineered the day's biggest upset of the day for Rice.

Dick Brinkley, the fullback-sports writer who publicly blamed himself for Wake Forest's defeat a week ago, was unstoppable today as the Southern Conference Beacons administered the worst home defeat for a Tennessee club since Bob Neyland came there 15 years ago.

A sturdy Illinois line, that repulsed a Michigan drive on the five just before the gun, spun 85,938 Wolverine alumni into sadness and ruined virtually all hopes Michigan had for an undisputed Big Nine title.

North Carolina State skidded from the undefeated list when its ground attack was able to grind out but four yards net gained in the Wolfpack's fray with Virginia Tech.

Kings Point, beaten in all six previous starts, humbled Fordham, 7 to 6, while City College of New York, who hadn't won since 1943, got four touchdowns—more points that it had scored the past three years—in bopping Wagner, 27 to 6.

Michigan's defeat lifted Northwestern, a 26 to 13 winner today over Coach A. A. Stagg's College of the Pacific, to the top of the Big Nine heap. Indiana, defending champion, belted Nebraska of the Big Six, 27 to 7, while Ohio State walloped Minnesota, 39 to 9.

Big Six teams spent a wretched afternoon. In addition to the Nebraska loss, Southern Methodist flattened Missouri, 17 to 0, and Tulsa dumped Kansas, 56 to 0. In a family affair Oklahoma thrashed Iowa State, 63 to 0.

Mississippi, starved for a victory, downed Arkansas, 9 to 7, in an inter-conference affair at Memphis, and Cincinnati, which opened this year of upsets by spilling Indiana, did it again, this time upending Michigan State, 18 to 7.

Below the Mason-Dixon line, Mississippi State combined its aerial attack with a strong enough ground formation to down Tulane, 14 to 7, and Georgia drubbed Furman, 70 to 7. Georgia Tech came through as expected 27 to 6 over Auburn. Alabama, with Harry Gilmer doing the pitching, dumped Kentucky, 21 to 7, and Louisiana State penetrated Vanderbilt's line for the first time this year to win, 14 to 0.

In the Southern Conference Richmond downed Washington and Lee, 20 to 0, and William and Mary kited to a 41 to 0 verdict over Virginia military.

Columbia, humbled by Army a week ago, returned to the victory column with a 53 to 13 Ivy League win over Dartmouth, and Cornell, heralded as a coming powerhouse, barely got by Princeton, 14 to 7. Harvard, unbeaten member of the Big Three, squeezed past Holy Cross, 13 to 6, as Delaware registered its 24th straight with a 52 to 0 conquest of Drexel.

Texas A. and M. registered its expected triumph over Baylor, 17 to 0, in the Southwest loop. Colorado defeated New Mexico 14 to 13, in the Rocky Mountain feature.

U. C. L. A., striving for Rose Bowl honors, remained unbeaten with a 33 to 7 verdict over Santa Clara and Southern California regained some of its prestige with a 28 to 20 victory over Stanford. Oregon State, expected to have an easy time, had to hurry for a 13 to 12 decision at Washington State's expense.

OPEN QUALIFYING FOR GOLF EVENT

Legion Linksmen Have Until November 8 To Post Entry Scores

Qualifying rounds of play for the first annual American Legion Golf Tournament for members of the Monroe and West Monroe posts will be underway during the next two weeks, qualifying ending November 8.

Tournament play will get underway over the Municipal Golf Club's course here November 9 and continue through the following day. The event is to be the featured sporting attraction of the L. B. Faulk Post's Armistice program.

Tournament competition is open only to members of Burnett-Downs Post of West Monroe, and L. B. Faulk of Monroe, but any war veterans are eligible to participate provided they apply for membership with either post in time to get in their qualifying scores.

George Miller, a tournament spokesman, last night declared it was the hope of local Legionnaires to also bring the Louisiana State American Legion Tournament to Monroe next spring, and he urged as many local Legion members as possible to take part in the local tournament so that Monroe and West Monroe could "get a line" on their own golfing talent and prepare their best for the state event with hopes of having a Monroe or West Monroe member bringing home the title in the spring golf show.

The Commander's Cup, offered by the commander of L. B. Faulk post, will be the top trophy in next month's Armistice event. Awards will also go to winners and runners-up in all flights, and consolation winners.

QUAKERS TROUNCE MIDDIES, 32 TO 19

PHILADELPHIA, Oct. 26.—(AP)—Tony Minisi, a halfback of varying allegiance, showed he likewise was quite impartial today as he led the undefeated Penn football team to a 32 to 19 victory over Navy, the team for which he caught a touchdown pass in the last 25 seconds to defeat the Quakers a year ago.

The elusive wingback ran to three touchdowns and passed to another as Penn rolled up its scoring total in the first two periods and then coasted along in a comparatively listless second half which lulled the throng of 78,000 into casual interest.

Minisi, running his consecutive pass completions to 13 before missing and tossing his fourth touchdown pass of the year, retired to a well-earned rest after the first half, and never reappeared.

Penn took command soon after the first kickoff. Charley Bednarik intercepted a Navy pass on the Penn 45 and ran back to the Navy 25. Bob Deuber slashed through right tackle to the four. Minisi hit Art Littleton with a southpaw pass for the score.

LOUISIANA PREP COACH FLIES TO SCOUT BATTLE

GREENVILLE, Miss., Oct. 26.—(AP)—Football coaches are scouting opposing teams these days with the aid of airplanes to hurry up their trips.

The first mentor to come to Greenville by plane to take a look at his next week's opponent was Coach Stan Galloway of Bogalusa, La., High who winged his way from the Louisiana city to this Delta city late yesterday.

Coach Galloway's Bogalusa team is playing Pascagoula at Pascagoula next Friday. He was anxious to see the coast team in action so he got Pilot E. B. Brown to fly him here. Greenville's Hornets beat Pascagoula 18-0 as the Bogalusa mentor looked on.

After completing his scouting Coach Galloway and Pilot Brown hopped off this morning for Bogalusa.

DEMON DEACONS TRIP TENNESSEE BY 19 TO 6 SCORE

Wake Forest Hands Vols Their Worst Defeat At Home In 15 Years

By Escar Thompson

KNOXVILLE, Tenn., Oct. 26.—(AP)—The fighting Demon Deacons from Wake Forest lived up to their name today by completely outclassing Tennessee and rudely dumping the Vols from the nation's ranks of unbeaten and untied football teams, 19 to 6.

A partisan crowd of 25,000 saw the spirited Deacons register one of the season's major upsets and administer the worst licking Coach Bob Neyland has ever suffered before the home folk in 15 years of tutoring at Tennessee. It was also the fifth time a team had ever scored as many as three touchdowns on Neyland in regular-season play.

It was obvious from the opening kickoff that Coach D. C. (Peahead) Walker's big eleven was "up" for this game. The Deacons were superior in every department of play. Tennessee made one quick stab for its score early in the second period to tie the score at 6-all. Thereafter it was virtually all Wake Forest.

Wake Forest scored once in the first quarter and twice in the third. The first Deacon score climaxed a 66-yard drive with Fullback Clay Croom plunging over from the one for the touchdown. Bo Scarinty's kick for the extra point was blocked.

Nick Scarinty engineered the Deacons on the long drive, completing successive passes to Bernie Capps and John O'Quinn which netted 47 yards. Charley Mitchell snagged O'Quinn from behind on the Vol four after he had speared Scarinty's pass on the Tennessee 20 and raced 16 yards.

Tennessee's lone score came with stunning suddeness in the early part of the second stanza. George Kelly, substitute center, intercepted Nick Scarinty's pass on the Deacon 34 and returned it eight yards to the 26. Bob Lund flicked a quick pass to Jim Powell, who grabbed the ball on the 15 and raced over untouched for the score. Mitchell's placement was wide.

With fourth-string Tailback J. B. Proctor, a freshman, in the driver's seat, Tennessee mustered its lone sustained drive late in the second stanza to march 70 yards, but the half-time gun sounded with the ball on Wake Forest's 10.

Wake Forest came back after the intermission with renewed fury, taking the ball on Tennessee's 34 when Walter Slater, usually reliable Tennessee punter, got off a weak four-yard kick out of bounds.

Harry Dowda and Dick Brinkley, star fullback who did not accompany the Deacons due to a "misunderstanding" with an assistant coach but arrived by air in time for the game, drove 21 yards to the Vol 13, on six line plays. Nick Scarinty then fired a beautiful pass to O'Quinn in the end zone for the touchdown. Bo Scarinty converted.

The Deacons' third and final tally came barely two minutes later when Edward Bradley recovered George Balitsaris' fumble on the Vol 34. Bo Scarinty broke off left tackle and raced 30 yards to the four. Brinkley smashed over in two plunges. Bo Scarinty's kick was blocked.

Elated over the surprise victory, Coach Walker heaped praise on his rugged line.

"I thought our line was great. It would be difficult to single out any one player for they were all good. Nick Scarinty was our best back," he declared.

Neyland said Wake Forest played "smart heads-up football and well deserved the victory."

The Deacons picked up 11 first downs to the Vols' 10 and rushed the ball 153 yards to the Vols 86.

GILMER LEADS ALABAMA IN DEFEAT OF KENTUCKY

MONTGOMERY, Ala., Oct. 26.—(AP)—Little Harry Gilmer passed for two touchdowns and scored the other himself today as Alabama continued its long gridiron mastery over the Kentucky Wildcats with a 21-7 victory.

The passing wizard completed 14 of 30 tosses for 177 yards. Gilmer also kept Kentucky backed up with long and accurate quick kicks, and intercepted one Wildcat pass himself.

Alabama asserted its superiority early, smothering the Kentucky running and passing attack until the final period when Tide substitutes were pushed around in two wildcat marches deep into Alabama territory.

M'WILLIAMS OUT

NEW ORLEANS, Oct. 26.—(AP)—A leg injury suffered by Tom "Shorty" McWilliams of Mississippi State in today's football game with Tulane will keep him out of play for at least two weeks, Coach Allyn McKeen said.

"McWilliams strained the ligaments in his left leg, but the doc doesnt' think they are torn or that the knee joint is injured," McKeen said.

"His right leg used to be the bad one. Now he has hurt his left. It'll take at least two weeks to fix him up."

McWilliams was carried from the game in the third quarter. Mississippi State won 14 to 7.

Tailback McWilliams made headlines earlier this season when he resigned from the U. S. military academy to return to Mississippi State, where he had made second All-America in 1944 before entering West Point.

estimated 45,000 spectators, the South's largest football crowd of the day.

Shorty McWilliams' passing and hard running paced the Maroon attack for most of three periods, but then he was carried injured from the field after a five-yard gain near the Tulane goal line.

A 59-yard running and passing attack gave State a touchdown in the first period, and Billy Murphy's passing engineered a 56-yard trip for the other in the final quarter. Tulane scored in the third by catching a Maroon fumble in the air and converting it into a 40-yard touchdown run.

After one first period punt exchange the Maroons drove 59 yards to a touchdown in 14 plays. Shorty McWilliams, Harper Davis and Bob Pillow alternated in carrying the ball through the substantial holes which the big State line men opened in the Green wall.

A 14-yard running pass from Davis to Bill Hildebrand, however, put the ball on the one foot line and Pollow's understudy, Jim Bailey, smacked it over. Ted Shuff place kicked the extra point.

Tulane dominated the second period, marching 63 yards to the State 11 and later 33 yards to the 17. O. J. Key's passes sparked both marches, but they failed the Wave in the clinches.

Early in the third period Davis fumbled circling left end. Tulane's Jim Leierer caught the ball in the air and lateraled to Don Fortier, who outstepped the Maroons on a 40-yard touchdown jaunt. Ed Heider place kicked the extra point.

State drove right back to the Tulane five, where Pillow fumbled and Key recovered. Tulane stopped another Maroon march on the seven after McWilliams had been carried from the game.

Murphy who took over for McWilliams, uncorked a pair of fourth-period passes to Hildebrand and Ken Davis that took the ball from midfield to the Tulane three. A penalty put it on the one, and two plays later Bailey slammed across. Shuff again booted the point.

Tulane rolled down field in the closing minutes with a tricky passing attack but Harper Davis' interception ended it on the game's last play.

BASTROP ROUTS WINNSBORO, 46-6

High Riding Rams Face Ruston Next Friday In Important 'A' Game

BASTROP, Oct. 26.—(Special)—The Bastrop High School Rams continued their winning trek of the 1946 football season here Friday night by downing the Winnsboro Tigers by a score of 46 to 6 in the Rams' homecoming game.

Marked by outstanding offensive play throughout, and by colorful half-time queen-crowning ceremonies, the game proved far easier than the most ardent Ram supporters had anticipated.

Here is how the scores were made:

Early in the first quarter the Rams, on a series of three first downs scored when "Boots" Gladney, colorful Bastrop end, scampered six yards on an end-around play. Bryant and Harp had teamed up to reel off repeated gains to set the ball up in scoring position.

In the second quarter, soon after it started, "Red" Harp ran through the entire Winnsboro team for 59 yards to score standing up. Big Van Lindsey's kick for the extra point was good and the score was 13 to 0 in favor of the Rams.

After Harp set up the touchdown with an 18-yard run, Cole pulled a quarterback sneak for the necessary yard and a score and the count was 20 to 0.

It was at this point that the Winnsboro Tigers made their only score. After several successful plays, Wiggins passed to Merrill for 20 yards and a touchdown.

It took but two plays for the Rams to push over another marker. Charley Keene returned the kick-off 65 yards and a pass from Fragala to Hooper was good for 12 yards and a touchdown.

Just after the half started "Boots" Gladney again came through with a sterling end-around jaunt that netted 49 yards and a touchdown.

Before the end of the third quarter the Rams drew blood again when Cole passed to Brazeale for a 30-yard gain to set up another score that came when Bryant dashed through center for 15 yards to cross the goal line standing up.

In the fourth quarter the Rams, playing with mostly second and third stringers, pushed the ball down the field to a point where Todd passed to Fragala for five yards and the final score of the evening. Fragala kicked for the extra point and the score was 46 to 6.

Outstanding players for the Rams were a dime a dozen, but those who for their stellar play the following must be mentioned:

Pierce Lindsey at tackle, who played the best game of his career, tackling with deadly accuracy and smearing plenty of Tiger onslaughts. "Boots" Gladney, who played a jam-up game at end and scored the only two times he was called on for an end-around jaunt. Charley Bryant, the best back on the field during the tilt, gaining repeatedly and holding up his share and more on the offense Van Lindsey, an all-stater who still carries on as the Rams kicker and stalwart tackler in the line. Charley Keene, in the backfield, whose all-around play was exceptional for a second string man. Hooper, also a back, who played a consistently good game, and Fragala and Cole who played good offensive ball, and sterling quarterbacks, respectively.

For the visitors, Wiggins, Kirkland and Flowers in the backfield turned in good offensive play and made their share of tackles while Faola was their big noise in the line.

First downs were 14 to 9 in favor of the Rams. The Rams tried seven forward passes and completed four while the Tigers attempted 14 and connected for five. Penalties were one for Winnsboro for eight yards (half the distance to the goal line), and the locals drew three 5-yard setbacks.

The Rams tackle what has been described as their toughest competition of the season next Friday night when they take on the highly-touted Ruston eleven.

After that they play Neville and Ouachita High, with Neville being the only conference tilt after Ruston.

ARCADIA HORNETS SHADE WINNFIELD

WINNFIELD, La., Oct. 26.—Special)—Winnfield High School's Crimson Tigers were edged, 7 to 6 by Arcadia's Class B Hornets here Friday night in a non-conference battle.

The Tigers scored first late in the opening period on a 65-yard run by Ralph Sanders, Winnfield halfback. Temple's trial for extra point from placement was ruled wide by the referee on a very close decision.

Arcadia scored in the second quarter, and Young's extra point attempt was good to put the visitors into a 7 to 6 lead, which proved to be the margin of victory.

Winnfield drove relentlessly deep into Arcadia territory but the Hornets held and four Winnfield scoring threats in the last half were stopped within the Arcadia 15-yard line.

On the last play of the game, with Arcadia on the defense, "Swampy" Hendrix, Winnfield tackle, broke through the Hornet's line and wrested the ball from an Arcadia backfield man. He brought the crowd to its feet as he galloped 48 yards to cross the Hornets' goal line, with Arcadians in hot pursuit. However, the play was called back and the referee ruled that forward motion had been stopped before Hendrix obtained the ball.

Winnfield held a slight edge on first downs.

TECH WINS FROM DEMONS, 14 TO 7

Bulldogs Score Twice In First Half, Protect Lead To Win

SHREVEPORT, La., Oct. 26.—(AP)—Scoring twice in the first half and throwing back three determined scoring bids in the second, Louisiana Tech defeated Northwestern Louisiana State, 14-7, in the revived annual Louisiana State Fair classic here today.

Recovering a fumble on the Northwestern 30-yard line in the early minutes of the game set the stage for the first score. With Eddie Harelson doing most of the bucking, the Bulldogs carried down to the seven, and Harelson carried around his own right end for the score. Joe Michael came into the ball game and added the extra point for placement.

Early in the second stanza, Northwestern struck through the air to take the ball down to the three yard line with Tommy Bambrick, 175-pound fullback bucking over the final yards for the score. H. Tinsley tried from placement. It was Bambrick, throwing from his own 40-yard line who pitched the pass to Dusty Rhodes who caught it on the fifteen and ran to the three before Wojecki finally tossed him out of bounds.

Tech received the kickoff, and after Pearce Didier ran the ball for a pair of first downs to carry up to the fifty, he dropped back and laid a perfect pass into the arms of Charlie Newman who ran the remaining 20 yards for the winning touchdown, with Michael again adding the point.

Northwestern ran the ball within the Tech 10-yard line twice in the third quarter and both times were stopped on downs by the stubborn Bulldog. Tech outscored Northwestern 13-8 in first downs.

SIX-MAN BATTLE ROYAL FEATURES WRESTLING CARD

Aguaya, Hickson, Segura, Harrell, Barney, Kallio Billed For Mass Brawl

A six-man battle royal will be the feature attraction at Wednesday night's weekly wrestling show at Gus Kallio's Arena here, and Promoter Kallio, former world's middleweight champion, announced that he would take part in the big brawl along with the other ring warriors.

Heading the cast of visitors for the mass scramble are Francisco Aguaya of Mexico City; Billy Hickson of Knoxville, Tenn.; Bobby Segura of Monterey, Mex., and Henry Harrell of Memphis, Tenn. Joining in the fuss in addition to Kallio will be Bill Barney, West Monroe automobile mechanic and former amateur and naval wrestler who has been serving as referee at [illegible] matches.

Never before [illegible] a card calling for [illegible] in the ring at the same time [illegible] has had five-man battle royals, but never six, and when the referee joins the crowd in the ring Wednesday night there's due to be quite a lot of excitement. In fact how one referee is going to be able to handle such a match efficiently looms as an imposibility, and if Promoter Kallio should try to squeeze in another referee there might not be room left in the ring for any of the free wheeling the wrestlers enjoy.

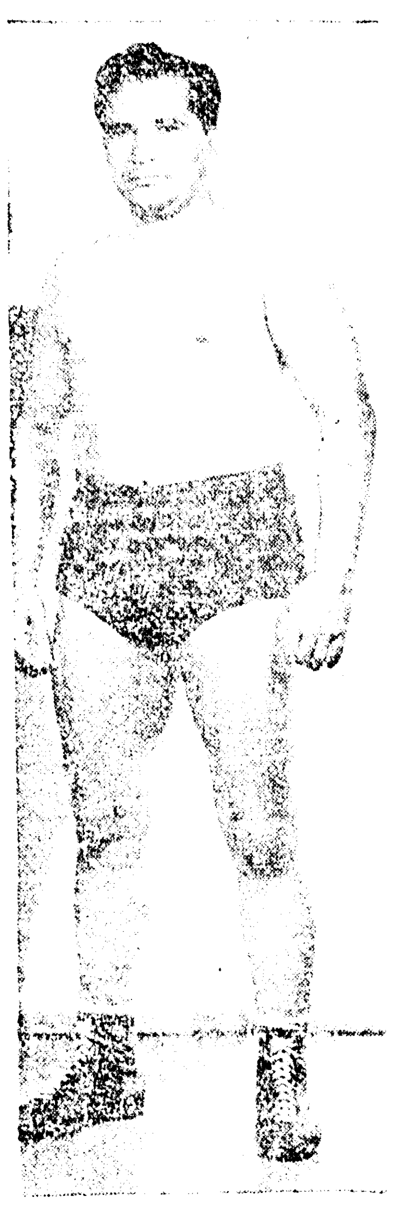
The battle royal will be the opening event on the program scheduled to begin at 8 o'clock.

The first two losers in the mass mayhem will be through for the night. The next pair of losers will be matched to return for a semi-final mixup, and the two remaining on the mat after the first four bow out will wait to settle their duel in the main event.

There's no time limit on the battle royal, but the semi-final will have an hour time limit, and the main event will go over a 90-minute time limit distance.

Segura and Harrell will be returning to Monroe for the first time in many months. Aguaya is a relatively new wrestler in these parts although he has been shown before local fans for the past month, and Hickson, once a great favorite here, will be returning for the second time since his discharge from military service.

RETURNING



Bobby Segura (above), Monterey, Mex., absent from wrestling rings of this area for more than a year, comes back to Monroe Wednesday night to appear as one of the principals in a six-man battle royal that includes Francisco Aguaya, a fellow Mexican, and Billy Hickson, Henry Harrell, Bill Barney, and Gus Kallio.

MURRELL JONES GIVEN AIR MEDAL FOR NAVAL SERVICE AGAINST JAPS

Lt. (jg) James Murrell Jones, 25, USNR, of Monroe, husband of Mrs. Jessie E. Jones, formerly of Epps, has been awarded the Air Medal for service in aerial flight against Japanese forces in the Philippine Islands Nov. 14, 1944.

Lt. Jones, pilot of a navy fighter plane in Fighting Squadron 3 operating from the aircraft carrier USS Yorktown, participating in a strike against Japanese installations and shipping, was credited with downing a Japanese fighter plane during the attack.

Lt. Jones is the former professional baseball player for the Monroe club of the Cotton States League, Shreveport club of the Texas League, and currently property of the Chicago White Sox.

Text of the citation is as follows:

"For meritorious achievement in aerial flight as pilot of a fighter plane in Fighting Squadron 3, attached to the USS Yorktown, during action against Japanese forces in the Philippine Islands area on Nov. 14, 1944. Participating in a strike against enemy installations and shipping, Lt. (jg) Jones performed his assignment as wingman for the air group commander with exceptional skill and courage, shooting down an enemy fighter plane during the attack and contributing to the success of the mission. By his expert airmanship, resolute courage and loyal devotion to duty, Lt. (jg) Jones upheld the highest traditions of the U. S. Naval Service."

The Monroe athlete was injured early in the baseball season with the Chicago White Sox, suffering an arm injury in a base path collision that forced him to keep out of baseball for the rest of the season. He returned to Monroe to enter into a partnership in the operation of Turner Field, airport north of here near Sterlington.

PASSES PUT ARMY PAST DEVILS, 19-0

Duke Forced Cadets To Take To Air To Keep Their Slate Clean

By Gayle Talbot

NEW YORK, Oct. 26.—(AP)—Arnold Tucker, Army's rifle-armed quarterback from Miami, Fla., spared the Cadets some serious embarrassment today by firing three touchdown passes to beat an aggressive, hard-tackling Duke University eleven that refused to yield on the ground.

For the first time since they began their record of 24 straight victories, the West Pointers had to take to the air to score all the points of their 19-0 triumph over the Blue Devils. Two of Tucker's scoring pitches were to All-American Glenn Davis, the third to big Barney Poole, the end.

Both Davis and his brilliant running mate, Felix (Doc) Blanchard, played almost all of the bruising contest, coming out only after Army had scored its third touchdown three minutes and 15 seconds before the game ended. Both contributed some dazzling runs to the Cadets' long touchdown jaunts, but neither, for the first time in three seasons, could fight his way across the enemy's goal line.

In Duke, the capacity crowd of 59,031 banked in the Polo Grounds saw a persistent, ever-dangerous team that added new laurels to the coaching reputation of Wallace Wade. Twice in the third period the Blue Devils crackled down to Army's 20-yard line. Never at any time until the closing minutes were Army's supporters able to breathe easily.

The Blue Devils, 20-point underdogs, made the Black Knights fight for every inch of ground they gained. In their first 80-yard touchdown march that started mid-way of the first quarter, for instance, the Cadets used up 17 plays and six first downs before Tucker climaxed it with a 30-yard peg to Davis in the end zone.

Throughout the second period the Army team looked like a man fighting a feather pillow. It did almost all the gaining, but in its own end of the field, and every time it appeared to be getting started the Dukes came back and smothered the effort.

The Cadets looked more like their championship selves when, the first time they got the ball in the third quarter, they slammed 48 yards for a second score. Blanchard and Davis virtually alternated it banging it down to the 13-yard line, whence, on first down, Tucker shot one into Poole's arms on the goal line. This time Ray's kick was blocked by the charging Duke line, making it 12-0. Up to this time the Blue Devils had not made a single first down with their single-wing attack, but they suddenly came to life and, through the remainder of the third period and until midway of the fourth, roundly outplayed the champs.

The Cadets began their final scoring driving from their own 25, actually from their 18 as they were set back to that point by a penalty. Davis faded back and hurled a long pass to Substitute End Jim Rawers for 36 yards, and then Tucker hit Rawers with another good for 28 yards, taking the ball down to Duke's 18.

Blanchard in two tries bulled a first down on the seven, but then Davis was tossed back to the 13 on an attempt pass. On the next play Davis gathered in a Tucker toss on about the five-yard line and sprinted across. Ray made good on his third try at the point. Only then did Coach Earl Blaik let Davis and Blanchard leave the field, two tried young future officers.

Blanchard in 21 cracks at the Duke line, both from halfback and fullback, netted 122 yards; Davis in 16 runs netted only 70.

STYMIE CAPTURES JAMAICA FEATURE

Bargain-Baby's Earnings Boosted Beyond Half Million Mark

NEW YORK, Oct. 26.—(AP)—Bargain-baby Stymie skyrocketed into the fabulous half-million dollar set in money earnings at Jamaica today.

The greatest bargain in turf history—claimed for $1,500 by Hirsch Jacobs just four years ago—came from next to last to win by three lengths, and in track record time at that, in the mile and five eights Gallant Fox handicap, the east's richest handicap race.

With the $59,050 he picked up, he not only became the second horse ever to go over the half-million dollar mark as he boosted his earnings to $516,285, but was within $44,876 of Whirlaway's $561,161 bankroll at the head of the parade.

All of the year's big leaguers—all but one of the top candidates for horse-of-the-year honors—were on hand today. The only one missing, the mighty Armed, is retired from the year away.

There was Lucky Draw, the record-wrecker, odds on in the betting today off his seven wins in eight starts, the last five in a row. There was the clubfoot Comet from Texas, Assault, triple-crown champ of the three year olds; Pavot, highgeared but inconsistent winner of nearly $400,000, and the Argentine rhumba - runner, Rico Monte.

Stymie was just about the biggest leaguer of them all as he came home swinging on the bit, with Rico Monte charging up to take second place from Assault by two lengths. Pavot dropped to sixth, and Lucky Draw, leading contender up to now for the horse-of-the-year bauble, faded badly to eighth in the field of 11 after taking a brief lead at the end of a mile.

A large portion of the 38,419 cash customers "burned up" $252,473 on Lucky Draw in the mutuels—$172,449 in the win pool—to make him a 3 to 4 favorite. As a result, Stymie got away at $12.50 for $2.

Basil James, from Sunnyside, Wash., rode Stymie to the wire in 2:42 4-5, knocking one fifth of a second off the Jamaica standard.

SPORTS ROUND UP

By Hugh Fullerton, Jr.

NEW YORK, Oct. 26.—(AP)—Approximately 120,000 football fans are due to see two games at the Polo Grounds this week-end. Today's Army-Duke tussle was a sellout of more than 59,000 seats and the Giants and Bears expect to beat 60,000 tomorrow if the fire department will let them sell enough standing room. . . . Incidentally, no team coached by Wallace Wade ever was beaten by more than 23 points. . . . And the last time the Bears played here Sid Luckman tossed seven touchdown passes, a record which the Giants hope he won't threaten tomorrow.

Square Shooter

A North Carolina sportswriter offered the Duke coach a sure fire method of stopping Army. "Just take a double barrel shotgun," he said, "and get Blanchard with one barrel and Davis with the other." . . . "No," Wade replied thoughtfully. "I'd need an automatic. I'd have to have another shell for Arnold Tucker." . . . Yeah, and he'd have to shoot them on the wing, too.

One-Minute Sports Page

One of the season's prize baseball stories concerns the North Atlantic League manager who traded a player for three dozen baseballs—and probably got the best of the deal. . . . John (Greek) Maskas, VPI guard who specializes in blocking punts, played with Army's Barney Poole at North Carolina a couple of years ago. . . . Manny Seamon, who trains Joe Louis, has signed up heavyweight Chet Szymanski, who fought as Chet Simms before the war . . . "Fish" Ellis and Johnnie Grinnell, who'll be masterminding from opposite benches in today's Tufts-Northeastern game, were next-door neighbors as boys; both went to Bridgton academy, where Ellis coached Grinnell, and to Tufts college. And they're both first-year coaches at their respective schools.

Oh, Yeah Dept.

Statement by Ned Irish: "There will be eight more nights of college basketball in the Garden this winter because of increased student enrollment."

Weak-End Items

Ray Peterson, Utah U. fullback, has placekicked 15 consecutive conversions this season and when Pete has been out of the lineup his subs also have had a perfect record. . . . Yale is worried about Eli Jackson's left shoulder, which keeps giving him trouble despite the strong brace he wears. It's the same sort of injury that bothered Clint Frank when he was starring for old Eli. . . . Bill Brenzel, who had a successful first year as manager of the Pocatello, Idaho, Cardinals, will move a step higher in the Cards' chain to Decatur, Ill., next season.

MITTMEN PREP FOR NEXT CARD

Local Amateurs Rest This Week, But Program Slated For Nov. 4

There is no amateur boxing card lined up here for tomorrow, but the Illinois Central Service club, sponsor of local fistic shows, is using the lull to get its most promising talent ready for another program here on Monday week, November 4, Matchmaker Mickey Head said last night.

Several boxers are being groomed for the next card, but about the only match that already appears fixed is a return scrap between Harold Cornett, Monroe, and "Stick" Atkins, Bastrop, a pair of 135-pounders who fought to a draw here two weeks ago in the I. C. club's opening show. Both Cornett and Atkins are reported anxious for a return match to decide their draw.

Other than the Cornett-Atkins setto, no other bouts have been arranged but among the fighters being given attention this week will be the following:

Travis Hudson, 155-pounder, who fought a draw in his opening match, chiefly because he was not in his best condition but expects to be in top shape for his next outing.

Norris Ray, 148, Bastrop, who was beaten by June Wood his first time out. But Ray, former welterweight champion of the Admiralty Islands during his stay in military service is a classy scrapper and capable of giving anybody a good match.

Wig Reily, 140, Bastrop, who decisioned Aubrey Young in the club's first program. He's an ex-marine who was chosen the "outstanding athlete" with the marines at Panama during the war.

June Wood, 140, West Monroe, a winner his first time out here. He has lost only one of his last 27 amateur bouts, most of them while he was in service.

Bobby Rawls, 80, the Bastrop mite, who holds two stright wins on I. C. cards. Rawls is one of the most promising of the younger mittmen fighting with the locals.

Joe Cappo, 135, Monroe, also won his first two fights the last two weeks. Right now he's bothered with a cold, but hopes to be ready Monday week.

Cordell Houston, 112, who has also appeared twice with the local club getting one victory and a draw.

WOLVES

(Continued from Fifteenth Page)

Gregg pitched a pass to Talmadge Foreman for a first down on the Co-Lin 11. Then, with the Tribe also trying to beat the clock, Gregg tossed three incomplete passes in a vain effort to score.

On fourth down the Indian backs evidently had a misunderstanding about who was to take the ball from center, and the oval went past them back down the field, and it was the Wolves ball on the Indian 27 when, without the break for the visitors, it should have been somewhere about the ten, thus almost forcing Co-Lin to punt out and give the Tribe the ball again.

But instead the Wolves had it on their own 27. A line play got only two yards, and then Tillman got away a long pass that was gathered in by Slay in midfield and the big end raced the remaining distance to hit paydirt first. Melvin Williams' kick for the point was no good.

Shortly after the opening of the second half Albert Watson intercepted a short Indian pass directly over the line of scrimmage and was hauled down on his 46, stopping an Indian drive, but setting up the start of another touchdown drive for the Wolves.

Hodges got six at right tackle, and Allen hit the middle for a first on the Indian 42. N. J. C. was penalized five for offsides. Allen got four through the middle, and Caldwell circled left end for a first on the 32. A fumble lost two, but Caldwell passed to Mickey DeCell for six. Caldwell went off right tackle for a first on the 16. Tatum got one at right guard, and Caldwell passed to Don Gibson for a first on the four. Caldwell was held for no gain at left tackle. Bill Edgar smashed through the line to toss Allen for a four yard loss, but on the next play Caldwell passed to Tatum on about the three and Tatum fell across the line with tacklers hanging on him for the touchdown. Williams' kick for the point again was bad.

The Indians finally started rolling when Cain tackled Hodges so hard as he was gathering in a punt that the star Co-Lin back fumbled, and N. J. C. recovered on the Wolves' 32.

Junior Williams circled left end for nine and he went off right tackle for a first on the 20. McConnell picked up two around left end, Williams was held for no gain at right guard, and Gregg passed to McConnell who was run out of bounds on the Wolf 12, two yards short of a first and fourth down coming up.

Johnny Johnson, who had been slicing through left guard for three or four yards when first downs were needed and only a yard or two to go, was then handed the ball in hopes that he would make the first down.

But Johnson didn't stop with a first, but kept right on plugging away after passing the line of scrimmage, slipping through the grasping fingers of tacklers to score. Tommy Hines' kick for the point was blocked.

N. J. C. played on even terms with the Wolves in yards gained rushing, making 129 yards against 161 for the visitors, but the Wolves supremacy showed in the air where they gained a total of 129 yards on passes against 13 for the Tribe.

GRID PROS REACH MIDSEASON TODAY

Three Undefeated Elevens, Bears, Redskins, Browns, Put Records On Line

NEW YORK, Oct. 26.—(AP)—Three teams, the Chicago Bears and Washington Redskins of the National Football League and the Cleveland Browns of the All-America Conference, place their unbeaten records on the block tomorrow as the two professional loops approach the season's halfway mark.

The Browns, pacing the western section of the newly organized circuit, have racked up 180 points while yielding only 34 in winning seven straight. And in Cleveland tomorrow they meet the San Francisco Forty-Niners, the only club not yet on their victory string.

The Bears, with only a tie with the Los Angeles Rams to mar an otherwise spotless four-game record, invade the Polo Grounds for the first time in three years to play the New York Giants. The Giants, two-touchdown underdog, will be strengthened by the return of Backs Frank Reagan, Dave Brown and Phil Ragazzom, who have been on the injured list.

The Redskins, also owning a record of three victories and a tie in four games will be host to the Philadelphia Eagles, who must win in order to remain in the running for the eastern half title. The Eagles have divided four games.

Other games include the Rams and Cards in Chicago, the Packers and Detroit Lions in Green Bay and the Pittsburgh Steelers and Yanks in Boston.

The Brooklyn Dodgers, who lost a coach yesterday when Dr. Mal Stevens announced his resignation, went into their All-America Conference game with the Miami Seahawks at Brooklyn last night under the direction of Assistant Coach Tom Scott and drubbed the Seahawks 30-7. It was their second win against four losses and one tie and kept alive their eastern half playoff hopes. Glenn Dobbs, Dodger halfback, established a conference record with a 78-yard punt return for a touchdown.

Fred Linehan, assistant under Stevens at Yale and New York University, will take over the Dodger head coaching job before the next game.

Stevens' resignation was the fourth of the young conference's first year. Sam Cordovano quit the Buffalo Bisons before the season started. Then Dick Hanley resigned as pilot of the Chicago Rockets, and only this week the Seahawks lost their mentor when Jack Meagher stepped down.

Besides the Cleveland-San Francisco contest, other Sunday conference games bring together the Chicago Rockets and the Bisons in Buffalo and the New York Yankees and the Dons in Los Angeles.

IN MOVIELAND

By Bob Thomas

HOLLYWOOD, Oct. 26.—(AP)—If you see Tarzan, alias Johnny Weissmuller, climbing up a tree to grab a bunch of bananas, it's not an act. He's hungry.

It takes a lot of food to fill that big frame of Johnny's and the way food prices rise today as compared with his bankroll—well, they just don't jibe.

Surprised to hear that the muscle man is not in the million dollar class? Well, frankly, I was too. Johnny has been flexing his muscles and letting his hair grow for the cameras since 1932. He just missed out on the days when you could bank a lot of that big salary. A Tarzan film brings Jane's protector $50,000. And he makes one a year. But Weissmuller sees very little of this comfortable sum.

Tarzan, or rather Johnny, has found that wives are expensive items. His marriages to Bobbe Arnst and Lupe Velez cost him a tidy sum. At present he is in the throes of getting unhitched from Beryl Scott.

As a result of his wives, (and the income tax department), Weissmuller finds himself on a very strict financial diet set by his business manager. Johnny gets all of $50 a week for himself.

Such a financial situation might drive some of Hollywood's more temperamental stars to all sorts of strange pastimes. But Johnny just keeps making "Tarzans."

When I visited him on the set of his latest opus, "Tarzan and the Huntress," I found him sitting in the shade, clad in his trusty lion cloth, playing gin rummy with one of his jungle cohorts. Very disillusioning, but I drew closer to kibitz in my best jungle fashion.

Stopping the game momentarily, Johnny told me about his status. "Yup, it's true," he laughed, "I get $50 a week from my pay check. So I have to go out and play golf to make some money." (Apparently his gin rummy isn't too successful.)

I suggested he might make more money in pursuits other than Tarzan. "Nah," he said, "I have too much fun making these. Besides, I like having to stay in good shape for them."

Opponent fumbles recovered	3	1
Yards lost by penalties	35	20

NASHVILLE, Tenn., Oct. 26.—(AP)—Louisiana State University, generating the first payoff punches of the season through Vanderbilt's rugged line, scored two land-borne touchdowns today to defeat the Commodores 14 to 0.

Two and a half minutes after the starting whistle, Tiger Fullback Rec Knight, All-Conference fullback last season, sprinted 36 yards across the Commodore goal. Holley Heard added the point from placement.

After Knight's score, Commodore Halfback Moore, took the L. S. U. kick and raced 55 to the Tiger 40 to set up a short-lived Vanderbilt threat. He fumbled, however, and the ball went over on downs.

An L. S. U. fumble gave Vanderbilt the ball on the Bayou Boys' 30 in the second period but this opportunity was annulled by another butterfingered fumble.

Backfielder Rip Collins, Baton Rouge flash, loped around left end 31 yards midway of the third quarter to set up L. S. U.'s second touchdown. Collins was hauled down on Vanderbilt's 11 and Y. A. Tittle crashed through the middle rest of the way.

NOTRE DAME EASILY BEATS IOWA, 41-6

IOWA CITY, Iowa, Oct. 26.—(AP)—Proud Notre Dame tossed football thunderbolts at Iowa to crack a jinx that long had rankled Irish hearts.

The irresistible Irish, with Johnny Lujack as their guiding genius, ran up a 41 to 6 score on an Iowa team that had hoped to emulate the performances of 1921 and 1939 Hawkeye team to keep a perfect record at home against Notre Dame.

But Lujack, whose cunning off the "T" formation was downright chicanery, and his mates were out to avenge previous Irish downfalls. They did that and more.

The all-conquering Irish, running their winning streak to four games, wasted no time in going out front.

Lujack and Halfback Terry Brennan did the business, the Notre Dame quarterback tossing to Brennan from the 34 to the Hawks' 2 and the receiver merely stepping over the goal line.

Iowa shot into the scoring column with less than a minute to play in the second quarter. The Hawks had tossed away another possibility midway in the first period when Hoerner's fumble was recovered by Russell Ashbaugh on the Irish 8.

AIR RATE TO RUN AT NEW ORLEANS

Star 2-Year-Old Of Last Season Leads Wyse String To Fair Grounds

NEW ORLEANS, Oct. 26.—(Special)—Air Rate, unbeaten two-year-old stakes winner during 1945, and a recent winner of the Governor's Handicap at Narragansett Park, will head the large division of racers which Fred V. Wyse, of Houston, will ship to the Fair Grounds for the winter meeting which opens November 28.

The son of Deliberator from Air Pocket made his debut on New Year's Day at the Fair Grounds and went through his entire juvenile season without a loss.

In addition to Air Rate, Fred Wyse will campaign a number of yearlings purchased in Kentucky during the summer sales. Among them is a half-sister to Air Rate, a maid by Fenelon from Air Pocket.

Harry Saladin, veteran conditioner, is readying the Wyse yearlings for the Fair Grounds meet.

South Dakota, Al Smitha's four-year-old, is expected to again add a lot of zest to the 75-day race meeting.

Smitha purchased the son of Omaha-New Pin at the Lexington sales in 1943 for a paltry $350. Now Al says it would take almost as much money as England has borrowed from the United States to buy him.

Omaha was regarded as pretty much of a bust as a sire until South Dakota came along. Smitha's gray horse has hung up the following records:

World's record of 1:40 for one mile and seventy yards set at River Downs, Aug. 4, 1945.

Record for the mile and three-sixteenths over the turf course at Washington Park.

Last year, he set a six-furlong track record at Randall Park.

Three track records at Beulah, including his recent 1:36 4/5 for a mile.

SIX-MAN BATTLE ROYAL FEATURES WRESTLING CARD

Aguaya, Hickson, Segura, Harrell, Barney, Kallio Billed For Mass Brawl

A six-man battle royal will be the feature attraction at Wednesday night's weekly wrestling show at Gus Kallio's Arena here, and Promoter Kallio, former world's middleweight champion, announced that he would take part in the big brawl along with the other ring warriors.

Heading the cast of visitors for the mass scramble are Francisco Aguaya of Mexico City; Billy Hickson of Knoxville, Tenn.; Bobby Segura of Monterey, Mex., and Henry Harrell of Memphis, Tenn. Joining in the fuss in addition to Kallio will be Bill Barney, West Monroe automobile mechanic and former amateur and naval wrestler who has been serving as referee at local matches.

Never before [illegible] a card calling for so [illegible] in the ring at the same time [illegible] has had five-man battle royals, but never six, and when the referee joins the crowd in the ring Wednesday night there's due to be quite a lot of excitement. In fact how one referee is going to be able to handle such a match efficiently looms as an imposibility, and if Promoter Kallio should try to squeeze in another referee there might not be room left in the ring for any of the free wheeling the wrestlers enjoy.

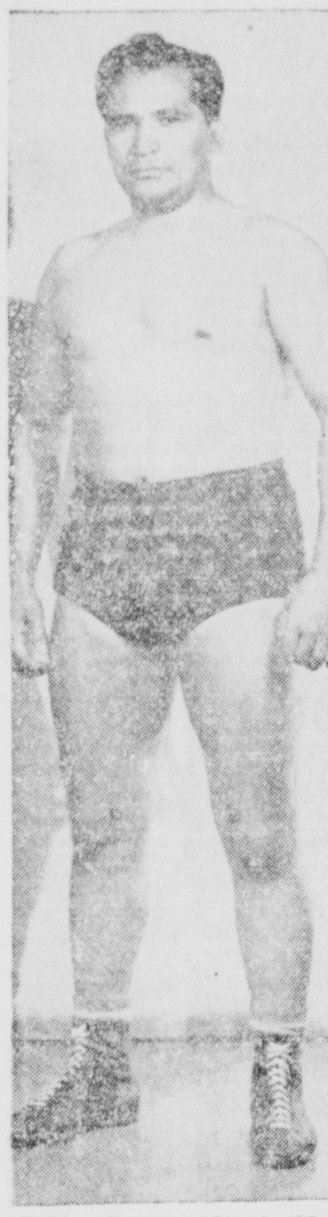
The battle royal will be the opening event on the program scheduled to begin at 8 o'clock.

The first two losers in the mass mayhem will be through for the night. The next pair of losers will be matched to return for a semi-final mixup, and the two remaining on the mat after the first four bow out will wait to settle their duel in the main event.

There's no time limit on the battle royal, but the semi-final will have an hour time limit, and the main event will go over a 90-minute time limit distance.

Segura and Harrell will be returning to Monroe for the first time in many months. Aguaya is a relatively new wrestler in these parts although he has been shown before local fans for the past month, and Hickson, once a great favorite here, will be returning for the second time since his discharge from military service.

RETURNING



Bobby Segura (above), Monterey, Mex., absent from wrestling rings of this area for more than a year, comes back to Monroe Wednesday night to appear as one of the principals in a six-man battle royal that includes Francisco Aguaya, a fellow Mexican, and Billy Hickson, Henry Harrell, Bill Barney, and Gus Kallio.

MURRELL JONES GIVEN AIR MEDAL FOR NAVAL SERVICE AGAINST JAPS

Lt. (jg) James Murrell Jones, 25, USNR, of Monroe, husband of Mrs. Jessie E. Jones, formerly of Epps, has been awarded the Air Medal for service in aerial flight against Japanese forces in the Philippine Islands Nov. 14, 1944.

Lt. Jones, pilot of a navy fighter plane in Fighting Squadron 3 operating from the aircraft carrier USS Yorktown, participating in a strike against Japanese installations and shipping, was credited with downing a Japanese fighter plane during the attack.

Lt. Jones is the former professional baseball player for the Monroe club of the Cotton States League, Shreveport club of the Texas League, and currently property of the Chicago White Sox.

Text of the citation is as follows:

"For meritorious achievement in aerial flight as pilot of a fighter plane in Fighting Squadron 3, attached to the USS Yorktown, during action against Japanese forces in the Philippine Islands area on Nov. 14, 1944. Participating in a strike against enemy installations and shipping, Lt. (jg) Jones performed his assignment as wingman for the air group commander with exceptional skill and courage, shooting down an enemy fighter plane during the attack and contributing to the success of the mission. By his expert airmanship, resolute courage and loyal devotion to duty, Lt. (jg) Jones upheld the highest traditions of the U. S. Naval Service."

The Monroe athlete was injured early in the baseball season with the Chicago White Sox, suffering an arm injury in a base path collision that forced him to keep out of baseball for the rest of the season. He returned to Monroe to enter into a partnership in the operation of Turner Field, airport north of here near Sterlington.

PASSES PUT ARMY PAST DEVILS, 19-0

Duke Forced Cadets To Take To Air To Keep Their Slate Clean

By Gayle Talbot

NEW YORK, Oct. 26.—(AP)—Arnoid Tucker, Army's rifle-armed quarterback from Miami, Fla., spared the Cadets some serious embarrassment today by firing three touchdown passes to beat an aggressive, hard-tackling Duke University eleven that refused to yield on the ground.

For the first time since they began their record of 24 straight victories, the West Pointers had to take to the air to score all the points of their 19-0 triumph over the Blue Devils. Two of Tucker's scoring pitches were to All-American Glenn Davis, the third to big Barney Poole, the end.

Both Davis and his brilliant running mate, Felix (Doc) Blanchard, played almost all of the bruising contest, coming out only after Army had scored its third touchdown three minutes and 15 seconds before the game ended. Both contributed some dazzling runs to the Cadets' long touchdown jaunts, but neither, for the first time in three seasons, could fight his way across the enemy's goal line.

In Duke, the capacity crowd of 59,031 banked in the Polo Grounds saw a persistent, ever-dangerous team that added new laurels to the coaching reputation of Wallace Wade. Twice in the third period the Blue Devils crackled down to Army's 20-yard line. Never at any time until the closing minutes were Army's supporters able to breathe easily.

The Blue Devils, 20-point underdogs, made the Black Knights fight for every inch of ground they gained. In their first 80-yard touchdown march that started mid-way of the first quarter, for instance, the Cadets used up 17 plays and six first downs before Tucker climaxed it with a 30-yard peg to Davis in the end zone.

Throughout the second period the Army team looked like a man fighting a feather pillow. It did almost all the gaining, but in its own end of the field, and every time it appeared to be getting started the Dukes came back and smothered the effort.

The Cadets looked more like their championship selves when, the first time they got the ball in the third quarter, they slammed 48 yards for a second score. Blanchard and Davis virtually alternated it banging it down to the 13-yard line, whence, on first down, Tucker shot one into Poole's arms on the goal line. This time Ray's kick was blocked by the charging Duke line, making it 12-0. Up to this time the Blue Devils had not made a single first down with their single-wing attack, but they suddenly came to life and, through the remainder of the third period and until midway of the fourth, roundly outplayed the champs.

The Cadets began their final scoring driving from their own 25, actually from their 18 as they were set back to that point by a penalty. Davis faded back and hurled a long pass to Substitute End Jim Rawers for 36 yards, and then Tucker hit Rawers with another good for 28 yards, taking the ball down to Duke's 18.

Blanchard in two tries bulled a first down on the seven, but then Davis was tossed back to the 13 on an attempt pass. On the next play Davis gathered in a Tucker toss on about the five-yard line and sprinted across. Ray made good on his third try at the point. Only then did Coach Earl Blaik let Davis and Blanchard leave the field, two tried young future officers.

Blanchard in 21 cracks at the Duke line, both from halfback and fullback, netted 122 yards; Davis in 16 runs netted only 70.

STYMIE CAPTURES JAMAICA FEATURE

Bargain-Baby's Earnings Boosted Beyond Half Million Mark

NEW YORK, Oct. 26.—(AP)—Bargain-baby Stymie skyrocketed into the fabulous half-million dollar set in money earnings at Jamaica today.

The greatest bargain in turf history—claimed for $1,500 by Hirsch Jacobs just four years ago—came from next to last to win by three lengths, and in track record time at that, in the mile and five eights Gallant Fox handicap, the east's richest handicap race.

With the $59,050 he picked up, he not only became the second horse ever to go over the half-million dollar mark as he boosted his earnings to $516,285, but was within $44,876 of Whirlaway's $561,161 bankroll at the head of the parade.

All of the year's big leaguers—all but one of the top candidates for horse-of-the-year honors—were on hand today. The only one missing, the mighty Armed, is retired from the year away.

There was Lucky Draw, the record-wrecker, odds on in the betting today off his seven wins in eight starts, the last five in a row. There was the clubfoot Comet from Texas, Assault, triple-crown champ of the three year olds; Pavot, highgeared but inconsistent winner of nearly $400,000, and the Argentine rhumba - runner, Rico Monte.

Stymie was just about the biggest leaguer of them all as he came home swinging on the bit, with Rico Monte charging up to take second place from Assault by two lengths. Pavot dropped to sixth, and Lucky Draw, leading contender up to now for the horse-of-the-year bauble, faded badly to eighth in the field of 11 after taking a brief lead at the end of a mile.

A large portion of the 38,419 cash customers "burned up" $252,473 on Lucky Draw in the mutuels—$172,449 in the win pool—to make him a 3 to 4 favorite. As a result, Stymie got away at $12.30 for $2.

Basil James, from Sunnyside, Wash., rode Stymie to the wire in 2:42 4/5, knocking one fifth of a second off the Jamaica standard.

SPORTS ROUND UP

By Hugh Fullerton, Jr.

NEW YORK, Oct. 26.—(AP)—Approximately 120,000 football fans are due to see two games at the Polo Grounds this week-end. Today's Army-Duke tussle was a sellout of more than 59,000 seats and the Giants and Bears expect to beat 60,000 tomorrow if the fire department will let them sell enough standing room. . . . Incidentally, no team coached by Wallace Wade ever was beaten by more than 23 points. . . . And the last time the Bears played here Sid Luckman tossed seven touchdown passes, a record which the Giants hope he won't threaten tomorrow.

Square Shooter

A North Carolina sportswriter offered the Duke coach a sure fire method of stopping Army. "Just take a double barrel shotgun," he said, "and get Blanchard with one barrel and Davis with the other." . . . "No," Wade replied thoughtfully. "I'd need an automatic. I'd have to have another shell for Arnold Tucker." . . . Yeah, and he'd have to shoot them on the wing, too.

One-Minute Sports Page

One of the season's prize baseball stories concerns the North Atlantic League manager who traded a player for three dozen baseballs—and probably got the best of the deal. . . . John (Greek) Maskas, VPI guard who specializes in blocking punts, played with Army's Barney Poole at North Carolina a couple of years ago. . . . Manny Seamon, who trains Joe Louis, has signed up heavyweight Chet Szymanski, who fought as Chet Simms before the war. . . . "Fish" Ellis and Johnnie Grinnell, who'll be masterminding from opposite benches in today's Tufts-Northeastern game, were next-door neighbors as boys; both went to Bridgton academy, where Ellis coached Grinnell, and to Tufts college. And they're both first-year coaches at their respective schools.

Oh, Yeah Dept.

Statement by Ned Irish: "There will be eight more nights of college basketball in the Garden this winter because of increased student enrollment."

Weak-End Items

Ray Peterson, Utah U. fullback, has placekicked 15 consecutive conversions this season and when Pete has been out of the lineup his subs also have had a perfect record. . . . Yale is worried about Eli Jackson's left shoulder, which keeps giving him trouble despite the strong brace he wears. It's the same sort of injury that bothered Clint Frank when he was starring for old Eli. . . . Bill Brenzel, who had a successful first year as manager of the Pocatello, Idaho, Cardinals, will move a step higher in the Cards' chain to Decatur, Ill., next season.

MITTMEN PREP FOR NEXT CARD

Local Amateurs Rest This Week, But Program Slated For Nov. 4

There is no amateur boxing card lined up here for tomorrow, but the Illinois Central Service club, sponsor of local fistic shows, is using the lull to get its most promising talent ready for another program here on Monday week, November 4, Matchmaker Mickey Head said last night.

Several boxers are being groomed for the next card, but about the only match that already appears fixed is a return scrap between Harold Cornett, Monroe, and "Stick" Atkins, Bastrop, a pair of 135-pounders who fought to a draw here two weeks ago in the I. C. club's opening show. Both Cornett and Atkins are reported anxious for a return match to decide their draw.

Other than the Cornett-Atkins setto, no other bouts have been arranged but among the fighters being given attention this week will be the following:

Travis Hudson, 155-pounder, who fought a draw in his opening match, chiefly because he was not in his best condition but expects to be in top shape for his next outing.

Norris Ray, 148, Bastrop, who was beaten by June Wood his first time out. But Ray, former welterweight champion of the Admiralty Islands during his stay in military service is a classy scrapper and capable of giving anybody a good match.

Wig Reily, 140, Bastrop, who decisioned Aubrey Young in the club's first program. He's an ex-marine who was chosen the "outstanding athlete" with the marines at Panama during the war.

June Wood, 140, West Monroe, a winner his first time out here. He has lost only one of his last 27 amateur bouts, most of them while he was in service.

Bobby Rawls, 80, the Bastrop mite, who holds two stright wins on I. C. cards. Rawls is one of the most promising of the younger mittmen fighting with the locals.

Joe Cappo, 135, Monroe, also won his first two fights the last two weeks. Right now he's bothered with a cold, but hopes to be ready Monday week.

Cordell Houston, 112, who has also appeared twice with the local club getting one victory and a draw.

WOLVES

(Continued from Fifteenth Page)

Gregg pitched a pass to Talmadge Foreman for a first down on the Co-Lin 11. Then, with the Tribe also trying to beat the clock, Gregg tossed three incomplete passes in a vain effort to score.

On fourth down the Indian backs evidently had a misunderstanding about who was to take the ball from center, and the oval went past them back down the field, and it was the Wolves ball on the Indian 27 when, without the break for the visitors, it should have been somewhere about the ten, thus almost forcing Co-Lin to punt out and give the Tribe the ball again.

But instead the Wolves had it on their own 27. A line play got only two yards, and then Tillman got away a long pass that was gathered in by Slay in midfield and the big end raced the remaining distance to hit paydirt first. Melvin Williams' kick for the point was no good.

Shortly after the opening of the second half Albert Watson intercepted a short Indian pass directly over the line of scrimmage and was hauled down on his 46, stopping an Indian drive, but setting up the start of another touchdown drive for the Wolves.

Hodges got six at right tackle, and Allen hit the middle for a first on the Indian 42. N. J. C. was penalized five for offsides. Allen got four through the middle, and Caldwell circled left end for a first on the 32. A fumble lost two, but Caldwell passed to Mickey DeCell for six. Caldwell went off right tackle for a first on the 16. Tatum got one at right guard, and Caldwell passed to Don Gibson for a first on the four. Caldwell was held for no gain at left tackle. Bill Edgar smashed through the line to toss Allen for a four yard loss, but on the next play Caldwell passed to Tatum on about the three and Tatum fell across the line with tacklers hanging on him for the touchdown. Williams' kick for the point again was bad.

The Indians finally started rolling when Cain tackled Hodges so hard as he was gathering in a punt that the star Co-Lin back fumbled, and N. J. C. recovered on the Wolves' 32.

Junior Williams circled left end for nine and he went off right tackle for a first on the 20. McConnell picked up two around left end, Williams was held for no gain at right guard, and Gregg passed to McConnell who was run out of bounds on the Wolf 12, two yards short of a first and fourth down coming up.

Johnny Johnson, who had been slicing through left guard for three or four yards when first downs were needed and only a yard or two to go, was then handed the ball in hopes that he would make the first down.

But Johnson didn't stop with a first, but kept right on plugging away after passing the line of scrimmage, slipping through the grasping fingers of tacklers to score. Tommy Hines' kick for the point was blocked.

N. J. C. played on even terms with the Wolves in yards gained rushing, making 129 yards against 161 for the visitors, but the Wolves supremacy showed in the air where they gained a total of 129 yards on passes against 13 for the Tribe.

GRID PROS REACH MIDSEASON TODAY

Three Undefeated Elevens, Bears, Redskins, Browns, Put Records On Line

NEW YORK, Oct. 26.—(AP)—Three teams, the Chicago Bears and Washington Redskins of the National Football League and the Cleveland Browns of the All-America Conference, place their unbeaten records on the block tomorrow as the two professional loops approach the season's halfway mark.

The Browns, pacing the western section of the newly organized circuit, have racked up 180 points while yielding only 34 in winning seven straight. And in Cleveland tomorrow they meet the San Francisco Forty-Niners, the only club not yet on their victory string.

The Bears, with only a tie with the Los Angeles Rams to mar an otherwise spotless four-game record, invade the Polo Grounds for the first time in three years to play the New York Giants. The Giants, two-touchdown underdog, will be strengthened by the return of Backs Frank Reagan, Dave Brown and Phil Ragazzom, who have been on the injured list.

The Redskins, also owning a record of three victories and a tie in four games will be host to the Philadelphia Eagles, who must win in order to remain in the running for the eastern half title. The Eagles have divided four games.

Other games include the Rams and Cards in Chicago, the Packers and Detroit Lions in Green Bay and the Pittsburgh Steelers and Yanks in Boston.

The Brooklyn Dodgers, who lost a coach yesterday when Dr. Mal Stevens announced his resignation, went into their All-America Conference game with the Miami Seahawks at Brooklyn last night under the direction of Assistant Coach Tom Scott and drubbed the Seahawks 30-7. It was their second win against four losses and one tie and kept alive their eastern half playoff hopes. Glenn Dobbs, Dodger halfback, established a conference record with a 78-yard punt return for a touchdown.

Fred Linehan, assistant under Stevens at Yale and New York University, will take over the Dodger head coaching job before the next game.

Stevens' resignation was the fourth of the young conference's first year. Sam Cordovano quit the Buffalo Bisons before the season started. Then Dick Hanley resigned as pilot of the Chicago Rockets, and only this week the Seahawks lost their mentor when Jack Meagher stepped down.

Besides the Cleveland-San Francisco contest, other Sunday conference games bring together the Chicago Rockets and the Bisons in Buffalo and the New York Yankees and the Dons in Los Angeles.

IN MOVIELAND

By Bob Thomas

HOLLYWOOD, Oct. 26.—(AP)—If you see Tarzan, alias Johnny Weissmuller, climbing up a tree to grab a bunch of bananas, it's not an act. He's hungry.

It takes a lot of food to fill that big frame of Johnny's and the way food prices rise today as compared with his bankroll—well, they just don't jibe.

Surprised to hear that the muscle man is not in the million dollar class? Well, frankly, I was too. Johnny has been flexing his muscles and letting his hair grow for the cameras since 1932. He just missed out on the days when you could bank a lot of that big salary. A Tarzan film brings Jane's protector $50,000. And he makes one a year. But Weissmuller sees very little of this comfortable sum.

Tarzan, or rather Johnny, has found that wives are expensive items. His marriages to Bobbe Arnst and Lupe Velez cost him a tidy sum. At present he is in the throes of getting unhitched from Beryl Scott.

As a result of his wives, (and the income tax department), Weissmuller finds himself on a very strict financial diet set by his business manager. Johnny gets all of $50 a week for himself.

Such a financial situation might drive some of Hollywood's more temperamental stars to all sorts of strange pastimes. But Johnny just keeps making "Tarzans."

When I visited him on the set of his latest opus, "Tarzan and the Huntress," I found him sitting in the shade, clad in his trusty lion cloth, playing gin rummy with one of his jungle cohorts. Very disillusioning, but I drew closer to kibitz in my best jungle fashion.

Stopping the game momentarily, Johnny told me about his status. "Yup, it's true," he laughed, "I get $50 a week from my pay check. So I have to go out and play golf to make some money." (Apparently his gin rummy isn't too successful.)

I suggested he might make more money in pursuits other than Tarzan. "Nah," he said, "I have too much fun making these. Besides, I like having to stay in good shape for them."

NASHVILLE, Tenn., Oct. 26.—(AP)—Louisiana State University, generating the first payoff punches of the season through Vanderbilt's rugged line, scored two land-borne touchdowns today to defeat the Commodores 14 to 0.

Two and a half minutes after the starting whistle, Tiger Fullback Rec Knight, All-Conference fullback last season, sprinted 36 yards across the Commodore goal. Holley Heard added the point from placement.

After Knight's score, Commodore Halfback Moore, took the L. S. U. kick and raced 55 to the Tiger 40 to set up a short-lived Vanderbilt threat. He fumbled, however, and the ball went over on downs.

An L. S. U. fumble gave Vanderbilt the ball on the Bayou Boys' 30 in the second period but this opportunity was annulled by another butterfingered fumble.

Backfielder Rip Collins, Baton Rouge flash, loped around left end 31 yards midway of the third quarter to set up L. S. U.'s second touchdown. Collins was hauled down on Vanderbilt's 11 and Y. A. Tittle crashed through the middle rest of the way.

NOTRE DAME EASILY BEATS IOWA, 41-6

IOWA CITY, Iowa, Oct. 26.—(AP)—Proud Notre Dame tossed football thunderbolts at Iowa to crack a jinx that long had rankled Irish hearts.

The irresistible Irish, with Johnny Lujack as their guiding genius, ran up a 41 to 6 score on an Iowa team that had hoped to emulate the performances of 1921 and 1939 Hawkeye team to keep a perfect record at home against Notre Dame.

But Lujack, whose cunning off the "T" formation was downright chicanery, and his mates were out to avenge previous Irish downfalls. They did that and more.

The all-conquering Irish, running their winning streak to four games, wasted no time in going out front.

Lujack and Halfback Terry Brennan did the business, the Notre Dame quarterback tossing to Brennan from the 34 to the Hawks' 2 and the receiver merely stepping over the goal line.

Iowa shot into the scoring column with less than a minute to play in the second quarter. The Hawks had tossed away another possibility midway in the first period when Hoerner's fumble was recovered by Russell Ashbaugh on the Irish 8.

AIR RATE TO RUN AT NEW ORLEANS

Star 2-Year-Old Of Last Season Leads Wyse String To Fair Grounds

NEW ORLEANS, Oct. 26.—(Special)—Air Rate, unbeaten two-year-old stakes winner during 1945, and a recent winner of the Governor's Handicap at Narragansett Park, will head the large division of racers which Fred V. Wyse, of Houston, will ship to the Fair Grounds for the winter meeting which opens November 28.

The son of Deliberator from Air Pocket made his debut on New Year's Day at the Fair Grounds and went through his entire juvenile season without a loss.

In addition to Air Rate, Fred Wyse will campaign a number of yearlings purchased in Kentucky during the summer sales. Among them is a half-sister to Air Rate, a maid by Fenelon from Air Pocket.

Harry Saladin, veteran conditioner, is readying the Wyse yearlings for the Fair Grounds meet.

South Dakota, Al Smitha's four-year-old, is expected to again add a lot of zest to the 75-day race meeting.

Smitha purchased the son of Omaha-New Pin at the Lexington sales in 1943 for a paltry $350. Now Al says it would take almost as much money as England has borrowed from the United States to buy him.

Omaha was regarded as pretty much of a bust as a sire until South Dakota came along. Smitha's gray horse has hung up the following records:

World's record of 1:40 for one mile and seventy yards set at River Downs, Aug. 4, 1945.

Record for the mile and three-sixteenths over the turf course at Washington Park.

Last year, he set a six-furlong track record at Randall Park.

Three track records at Beulah, including his recent 1:36 4/5 for a mile.

MEMPHIS, Tenn., Oct. 26.—(AP)—Little Mississippi, bullied all season, got mad today and rose up from the pit of four defeats to trounce heavily favored University of Arkansas, 9 to 7, in a bruising thrilling contest played before 25,000.

The Razorbacks, beaten only by mighty Texas, were favored by four touchdowns but Coach Red Drew's charges from deep in the Delta didn't read the morning papers.

The Rebels played the powerful Arkansas line off its feet, checked the Razorbacks' feet-happy backs in their brogans and then staged a beautiful last quarter rally to take the game in which they weren't conceded a chance.

After a scoreless first half, Arkansas reached pay dirt first in the third period when wee Kenny Holland, one of the Southwest Conference's ranking offensive stars, hit End Alton Baldwin with a 28-yard pass. Baldwin caught the ball on the ten and bulled across.

Holland kicked the point and 25,000 fans seemed to murmur: "Ole Miss put up a good fight but this is it."

Again the boys from the Delta were not impressed.

With Clarksdale's Charley Conerly at the throttle . . . passing and running . . . the Rebels whipped back to Arkansas' four yard line where their threat died against Arkansas' rocky line.

On the next play Mississippi's Farley Salmon nailed Arkansas' Howard Hughes in the Porker end zone for an Ole Miss safety. Arkansas still led 7 to 2.

But there was no denying the Mississippians this day. The Rebels charged back under a full head of steam, smashed 48 yards to the Arkansas 4. This time Conerly hit End Everett Harper between the eyes in the end zone for the marker. Bobby Oswalt converted and there was one of the day's major reversals of form.

Statistically, it was Ole Miss all the way. The Rebels had 22 first downs to three for Arkansas and gained 119 yards on the ground to 49.

Ole Miss—thanks to Conerly's slingshot arm—completed 15 of 27 passes for 100 yards. Arkansas succeeded in only one pass of 11—and that one was the touchdown toss.

The lineups:

PELS SCORE EARLY TO BEAT BENGALS

JONESBORO, La., Oct. 26.—(Special)—Scoring in the first five minutes of play, the Homer High School Pelicans went on to edge the Jonesboro-Hodge Tigers, 6 to 0, in a football battle here last night.

Ed Mickel raced 25 yards for the winning touchdown after George Meadows had ran the ball 60 yards from his own 15 to setup the ball for Mickel's sprint. Mickel's kick for the point was no good.

The Pels went on to hold the edge during the rest of the first half, but Jonesboro's defense tightened as its offense improved, and the last half was the Bengals' although they failed to score.

It was homecoming for Jonesboro-Hodge, and Miss Patsy Ruth McKinney was crowned queen of the occasion by Garland Allison, former Bengal athlete.

Coach Jack Jaggers' locals have an open date next weekend, although the local "B" team and the Tiger peewees will play a double header here Tuesday night against similar teams from Neville High School of Monroe.

NEW YORK STOCKS

NEW YORK, Oct. 26.—(AP)—Scattered stock market favorites made a little further progress today although numerous leaders maintained a lower drift in another of the slowest Saturday sessions of the past two years.

Customers generally held to the cautious side, brokers said, because of apprehension over growing labor disputes including a threatened coal strike and the move of automotive unions to reopen wage contracts in that field.

The ticker tape loafed. There was a sprinkling of gains and losses running to a point or so but fractional variations ruled near the close. A wide assortment of pivotals was unchanged. Transfers of around 300,000 shares was about in line with the aggregate of the previous short stretch.

Bonds, on the whole, failed to make headway. Grains were uneven. Trading in cotton futures was suspended for the day in order to give commission houses a "breathing spell" after the past week's heavy transactions.

RICE SHATTERS TEXAS' DREAMS

Owls' 18-13 Victory Knocks Longhorns From Unbeaten Ranks

HOUSTON, Tex., Oct. 26.—(AP)—Rice's battering boys in blue tore down Texas' castle of dreams today with a well-earned 18-13 victory that removed the Longhorns from the nation's unbeaten ranks and shot the Owls into a favored position in the Southwest Conference football race.

It was a thriller—a game that saw Texas' Bobby Layne at his best—but even the great fullback couldn't offset the hard-running, mighty-charging Owls who tore the Longhorn defense to tatters.

A couple of cripples—Little George Walmsley, who had played only five minutes in three weeks, and Windell Williams, who couldn't start the game because of an injured leg—figured greatly for the Owls in their upset triumph. It was the third time in three years that Rice has beaten Texas.

It was Williams who took two touchdown passes, both from the trusty arm of big Virgil Eikenberg, Rice quarterback. Walmsley combined with Carl Russ and Don Anderson in whipping through the Texas line for 232 yards.

Statistics gave Rice the edge. The Owls made 20 first downs to 15 for Texas, gained 293 yards rushing and passing to 277 for the Longhorns.

Layne was the individual star. Not only did he fling 22 passes and connect with 12 for 144 yards, but he raced to 51 yards on the ground.

YANKEES SIGN DRESSEN; CAPACITY NOT CERTAIN

NEW YORK, Oct. 26.—(AP)—Charlie Dressen, who resigned as coach of the Brooklyn baseball Dodgers two days ago, signed up with the New York Yankees and will start work for his new club immediately, President Larry MacPhail announced today.

MacPhail said Dressen's capacity for 1947 has not yet been determined.

In a press conference yesterday, MacPhail told reporters he did not intend to name any coaches. "When our manager is announced—and I hope it will be soon—he will name his coaches."

Branch Rickey, president of the Dodgers, said yesterday he "knew that Dressen would not be the Yankee manager."

By Will Grinsley

MEMPHIS, Tenn., Oct. 26.—(AP)—Little Mississippi, bullied all season, got mad today and rose up from the pit of four defeats to trounce heavily favored University of Arkansas, 9 to 7, in a bruising thrilling contest played before 25,000.

The Razorbacks, beaten only by mighty Texas, were favored by four touchdowns but Coach Red Drew's charges from deep in the Delta didn't read the morning papers.

The Rebels played the powerful Arkansas line off its feet, checked the Razorbacks' feet-happy backs in their brogans and then staged a beautiful last quarter rally to take the game in which they weren't conceded a chance.

After a scoreless first half, Arkansas reached pay dirt first in the third period when wee Kenny Holland, one of the Southwest Conference's ranking offensive stars, hit End Alton Baldwin with a 28-yard pass. Baldwin caught the ball on the ten and bulled across.

Holland kicked the point and 25,000 fans seemed to murmur: "Ole Miss put up a good fight but this is it."

Again the boys from the Delta were not impressed.

With Clarksdale's Charley Conerly at the throttle . . . passing and running . . . the Rebels whipped back to Arkansas' four yard line where their threat died against Arkansas' rocky line.

On the next play Mississippi's Farley Salmon nailed Arkansas' Howard Hughes in the Porker end zone for an Ole Miss safety. Arkansas still led, 7 to 2.

But there was no denying the Mississippians this day. The Rebels charged back under a full head of steam, smashed 48 yards to the Arkansas 4. This time Conerly hit End Everett Harper between the eyes in the end zone for the marker. Bobby Oswalt converted and there was one of the day's major reversals of form.

Statistically, it was Ole Miss all the way. The Rebels had 22 first downs to three for Arkansas and gained 119 yards on the ground to 49.

Ole Miss—thanks to Conerly's slingshot arm—completed 15 of 27 passes for 100 yards. Arkansas succeeded in only one pass of 11—and that one was the touchdown toss.

The lineups:

Arkansas	Pos.	Mississippi
Baldwin	LE	R. Poole
Lively	LT	Erickson
Counce	LG	Blackwell
Thomas	C	Davis
Franklin	RG	Brown
Minor	RT	Hamley
Hamilton	RE	Smith
Ripkin	QB	Bowen
Fowler	LH	Conerly
Scott	RH	Salmon
Shaddex	FB	Jenkins

Score by quarters:

Arkansas	0	0	7	0	7
Mississippi	0	0	0	9	9

Arkansas scoring: Touchdowns, Baldwin. Points after touchdown, Holland (for Scott).

Mississippi scoring: Touchdowns, Harper (for Poole). Points after touchdown, Oswalt (for Baldwin). Safety, Hughes (tackled by Salmon).

Substitutions: Arkansas—Ends, McGaha, Canada, McGehee. Tackles, Hager, Thornton, guards, Roberts, Ford, White. Center, Carter. Backs, Davis, Troxel, Lane, Hoffinan, Campbell, Hughes, Mazzanti, Holland.

Mississippi—Ends, Galey, Stribling, Smith. Tackles, Mann, O. Poole, guards, Fuerst, P. Poole, Crawford. Center, Bridges. Backs, Majure, Blount, Mustin, Curland, Oswalt, Tibler, Harper.

PELS SCORE EARLY TO BEAT BENGALS

JONESBORO, La., Oct. 26.—(Special)—Scoring in the first five minutes of play, the Homer High School Pelicans went on to edge the Jonesboro-Hodge Tigers, 6 to 0, in a football battle here last night.

Ed Mickel raced 25 yards for the winning touchdown after George Meadows had ran the ball 60 yards from his own 15 to setup the ball for Mickel's sprint. Mickel's kick for the point was no good.

The Pels went on to hold the edge during the rest of the first half, but Jonesboro's defense tightened as its offense improved, and the last half was the Bengals' although they failed to score.

It was homecoming for Jonesboro-Hodge, and Miss Patsy Ruth McKinney was crowned queen of the occasion by Garland Allison, former Bengal athlete.

Coach Jack Jaggers' locals have an open date next weekend, although the local "B" team and the Tiger Peewees will play a double header here Tuesday night against similar teams from Neville High School of Monroe.

Hogs: Nominally steady; quotable top $24.00.
Cattle: Nominally steady.

CHICAGO GRAIN

CHICAGO, Oct. 26.—(AP)—Grains moved within a narrow range today and trading was on a reduced level. Corn was under moderate pressure most of the session, reflecting fairly liberal arrivals in cars and in expansion of offerings by the country.

Wheat closed unchanged to a cent higher, January $2.02, corn was 3/8 lower to 5/8 higher, January $1.36 5/8-3/4, and oats were 1/4 lower to 1 cent higher, November 82 1/2-5/8.

Wheat: Jan. 2.02; Mar. 1.93 1/4; May 1.87 1/2.

Corn: Jan. 1.36 5/8-3/4; Mar. 1.33 1/4; May 1.31 3/8-1/2.

Oats: Nov. 82 1/2-5/8; Dec. 77 1/8-1/4; Mar. 70 1/4-3/8; May 68 1/8-68.

NEW YORK STOCKS

NEW YORK, Oct. 26.—(AP)—Scattered stock market favorites made a little further progress today although numerous leaders maintained a lower drift in another of the slowest Saturday sessions of the past two years.

Customers generally held to the cautious side, brokers said, because of apprehension over growing labor disputes including a threatened coal strike and the move of automotive unions to reopen wage contracts in that field.

The ticker tape loafed. There was a sprinkling of gains and losses running to a point or so but fractional variations ruled near the close. A wide assortment of pivotals was unchanged. Transfers of around 300,000 shares was about in line with the aggregate of the previous short stretch.

Bonds, on the whole, failed to make headway. Grains were uneven. Trading in cotton futures was suspended for the day in order to give commission houses a "breathing spell" after the past week's heavy transactions.

RICE SHATTERS TEXAS' DREAMS

Owls' 18-13 Victory Knocks Longhorns From Unbeaten Ranks

HOUSTON, Tex., Oct. 26.—(AP)—Rice's battering boys in blue tore down Texas' castle of dreams today with a well-earned 18-13 victory that removed the Longhorns from the nation's unbeaten ranks and shot the Owls into a favored position in the Southwest Conference football race.

It was a thriller—a game that saw Texas' Bobby Layne at his best—but even the great fullback couldn't offset the hard-running, mighty-charging Owls who tore the Longhorn defense to tatters.

A couple of cripples—Little George Walmsley, who had played only five minutes in three weeks, and Windell Williams, who couldn't start the game because of an injured leg—figured greatly for the Owls in their upset triumph. It was the third time in three years that Rice has beaten Texas.

It was Williams who took two touchdown passes, both from the trusty arm of big Virgil Eikenberg, Rice quarterback. Walmsley combined with Carl Russ and Don Anderson in whipping through the Texas line for 232 yards.

Statistics gave Rice the edge. The Owls made 20 first downs to 15 for Texas, gained 293 yards rushing and passing to 277 for the Longhorns.

Layne was the individual star. Not only did he fling 22 passes and connect with 12 for 144 yards, but he raced to 51 yards on the ground.

YANKEES SIGN DRESSEN; CAPACITY NOT CERTAIN

NEW YORK, Oct. 26.—(AP)—Charlie Dressen, who resigned as coach of the Brooklyn baseball Dodgers two days ago, signed up with the New York Yankees and will start work for his new club immediately, President Larry MacPhail announced today.

MacPhail said Dressen's capacity for 1947 has not yet been determined.

In a press conference yesterday, MacPhail told reporters he did not intend to name any coaches. "When our manager is announced—and I hope it will be soon—he will name his coaches."

Branch Rickey, president of the Dodgers, said yesterday he "knew that Dressen would not be the Yankee manager."

Arab fishermen and sailors live in the coastal villages of Iran—date farmers inhabit the plain that lies behind the coast.

HOMECOMING AT N. J. C. PLANNED

Will Be Held Here For Alumni On Friday, November 8

Festivities will honor former students and alumni of Northeast Junior College when they are welcomed back to the campus for the Homecoming celebration November 8. The invitation to alumni to participate in the events marking this special occasion is being stressed more than ever before, Dean Rodney Cline said. It will be in the nature of a victory homecoming with many N J C alumni returning from military service.

Events for the day are being planned by a special committee headed by Miss Hazel Mitchell, chairman of the college committee on student affairs.

Features already on the calendar include a parade from the college through the business section of the city, an open house in the social room of the Students Center from 5 to 7 p. m., the football game between the Northeast Junior College Indians and Arkansas A. & M., followed by a dance in the gymnasium. The student Council, under direction of President Robert Powell, is sponsoring the dance for N. J. C. students and alumni.

Pre-game ceremonies will be highlighted by the crowning of the Homecoming queen and the presentation of members of the royal court. Between halves the audience is to be entertained by the band and Indianettes under direction of Harry Lemert. These organizations are busy in rehearsal of special formations, and they hope to offer several additional features.

Reigning over the day's festivities will be Miss Pauline Deerman, who was chosen queen by vote of the football squad. In Tuesday's election under direction of the Student Council, N J C students will vote for six maids from the following nominees:

Misses Rose Marie West, Dorotny Addison, Joyce Toler, Barbara Runyan, Milred Roy, Naomi Harris, Libby Steele, Ann Martin, Maxine Jones, Kay McHenry and Kiki Gatzoulas. These six members of the royal court are to choose their escorts who will accompany them across the football field to the platform in front of the stadium where they will sit with the queen.

Serving with Miss Hazel Mitchell as a steering committee for homecoming are Mrs. Harry Lemert, Miss Helen Hayes, Miss Opal Pickett, B. S. Hamner and James Malone, all of the college faculty, Fred Coon, Jr., alumnus, and Robert Powell, of the Student Council.

GIRL SCOUTS TO CELEBRATE WEEK

Observance Of Anniversary Of Organization Gets Under Way

Girl Scout Week, which is being ushered in today, will be filled with a variety of activities for Brownies and Scouts of the Twin Cities. The period between October 27 and November 2 has been proclaimed Girl Scout Week in observance of the birthday anniversary of Juliette Low, founder of the organization.

Local Scouts are asked to wear their uniforms to the morning church service of their choice. The afternoon will feature an inspirational program in the Ouachita Parish High School auditorium at 3 o'clock. Dr. Mary Mims, extension sociologist of Louisiana State University, will be the principal speaker. The meeting is open to the public, with a special invitation being extended to young people. There will be no admission charge, announced Mrs. Rodney Cline, chairman of the Ouachita Parish Girl Scout program committee.

Dr. Mims is widely known for her work in rural communities throughout the state. Her service has been so extensive in isolated regions that she is more frequently referred to as a state community worker than as a rural sociologist. Her particular interest in organizing isolated communities into units of economic and social cooperation has attracted attention throughout the country.

Since youth, "Our Mary," as she is called in Louisiana, has worked, studied and lived her cooperative and community ideals. Today, through her efforts, thousands of men and women, boys and girls are working together, under her leadership and that of her helpers, for the improvement not only of their individual communities but of the entire state.

After years of experience in helping to solve community problems in this country, Dr. Mims visited Denmark, Norway, Germany, Austria, Scotland, Italy, France, England and Switzerland. And in all of these countries no idea escaped her that could be put to work in her native state.

WOODMAN CIRCLE HOLDS MEETINGS

The Service Club of the Supreme Forest Woodman Circle held their regular meeting at the home of Mrs. Ella Hogge, Clayton Street, West Monroe.

The meeting was called to order by the president, Mrs. Inez Shockey. Plans for the next monthly meeting, to be held November 25, at the W. O. W. hall, were discussed during the business session. This meeting will be a covered dish, and all members are urged to attend.

A social hour followed the close of the business meeting. During this interlude, a delicious salad course was served to the following guests:

Mesdames Grace Guilroy, Rosetta Thompson, Nancy Neyland, Abbie Hawthorn, Clara Edney, Edythe Kirk, Clara Benoit, Grace Haynes, Inez Shockey, Sybil George, Cloteal Jones, W. L. Jones, Laconia Gonzales, Tempie Hagwood, Mildred Humphrey, Isabel Gibbs, Tommye Baker and Eloise Simpson.

Mrs. Hogge was assisted in serving by Grace Guillory, Rosetta Thompson and Tommye Baker.

Parlor City Grove No. 288, Supreme Forest Woodman Circle, met Thursday night with Mrs. Tempie Hagwood presiding in the absence of the guardian, Mrs. Marjorie Hartman. A social hour was enjoyed at the close and refreshments were served. The next meeting will be held on the night of November 14, when a large class will be initiated.

A MESSAGE OF INTEREST
to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule —even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't encouraging at this time.

It is true that *Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946,* despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak production of new Chevrolets —even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING
Meanwhile, *the most important car of all to you is the car you are driving now.* May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on *old cars.* Please see us for a complete check-up today. . . . And, again, *thank you!*

CHEER'O, LEE! SO GOOD TO SEE YOU AGAIN!
THIS ISN'T QUITE AS MELODRAMATIC AS IT APPEARS...THE BANK FOR WHICH I WORK REPRESENTS MR. CRISPIN'S HONGKONG FIRM... HE WANTED TO MAKE A QUICK TRIP INTO INDO-CHINA TO PICK UP SOME FAIRLY BULKY SHIPPING CASES..
...BUT WITHOUT EXCITING THE CONCERN OF RIVAL FIRMS INTERESTED IN THE SAME MATERIAL!.. I ARRANGED TO CHARTER THIS AIR CATHAY AIRPLANE...MR. CRISPIN LEFT HONGKONG, OSTENSIBLY ON OTHER BUSINESS IN THIS VICINITY... WE WENT OUT OF THE BANK AS IF TO GO TO LUNCH —AND HERE WE ARE!
THEN WE'RE CLEARED TO FLY OVER THE BORDER FROM CHINA TO INDO-CHINA?
QUITE, LEE! JANE—AH— MISS ALLEN IS A TOP HOLE DIPLOMAT!
...FOR ANYONE WHO EVER WANGLED A THREE-DAY PASS OUT OF MY WAC C.O., THIS WAS EASY...
ROGER... THEN I'LL GET BACK TO THE OFFICE...
WELL, AH, RIGHT'O, LEE...
I SAY, JANE, LEE SEEMS A BIT PREOCCUPIED... I REMEMBER HIM AS A JOLLY SORT... ANYTHING WRONG?
I DON'T KNOW, MR. CRISPIN...I DON'T QUITE GET IT...
10-27
IT'S NATURAL THAT SHE CAN'T FORGET SNAKE TUMBLIN, BUT WHERE DOES THAT CRISPIN GET OFF CALLING HER 'JANE' SO CASUALLY? IS IT JUST BECAUSE HIS OLD MAN IS RICH? I WONDER WHAT DARLING DEETH DID IN THE WAR? OH, NUTS!
WELL, CHIEF, DO WE DRIVE AROUND THE PARK A FEW TIMES—OR SHALL WE FIND AN ALL-NIGHT RESTAURANT AND CALL IT AN EVENING?

THEMESONG! WHAT'S WRONG?
QUICK, MR. TRACY, IN THIS ICE CREAM CONE, UNDER THE ICE CREAM.
THEY'RE PHOTO NEGATIVES I SMUGGLED 'EM OUT OF THE DRUG-STORE IN MY CONE, RIGHT UNDER THE NOSE OF OUR ROOMER.
YOUR ROOMER?
AFTER SEEING THOSE MOUTHWASH BOTTLES AND HEARING YOU MENTION A GUY WHO GARGLES, MA GOT SUSPICIOUS OF OUR ROOMER.
SHE DECIDED TO BRING THE PICTURES TO YOU, BUT WHEN WE WENT TO GET THEM, THE ROOMER FOLLOWED US.
HE STUCK UP MA AND THE DRUGGIST WITH A GUN, BUT WHILE THEY TALKED I PUT THESE UNDER THE ICE CREAM IN MY CONE, AND RAN.
WHERE IS THIS DRUGSTORE, KID? QUICK, THE ADDRESS.
TEN MINUTES LATER.
YOU'RE SURE THIS IS THE PLACE?
CERTAINLY! SEE THE WINDOW?—AND THE LITTLE GUY WHO CAME OUT A WHILE AGO SAID HE WAS EXPECTING US.
DRUGS
HE MUST BE HAVING A LOT OF TROUBLE—THE COPS JUST WENT IN THERE.
AND INSIDE, BEHIND THE PRESCRIPTION CASE.
YE GODS! BOTH DEAD!
POOR THEMESONG'S MOTHER!
THE PLACE HAS BEEN RANSACKED! FILMS AND PHOTO PRINTS ALL OVER.
WHAT A RAT!
WHAT HAPPENED TO THAT GUY? I WANT HIM TO SIGN FOR THIS GLASS AFTER IT'S IN.
TE GLASS
THE COPS DIDN'T SEE ME. NOBODY SAW ME!

TERRY AND THE PIRATES
by MILTON CANIFF
AIR CATHAY
I DON'T KNOW WHAT THE JOB IS, HOTSHOT—EXCEPT THAT IT SEEMS TO BE VERY SECRET! —WE'RE TO STAND BY WITH FULL TANKS AND A FLIGHT PLAN FILED TO A LITTLE TOWN ON THE INDO-CHINA BORDER...
AH-HA! THERE'S THE INEVITABLE BLACK AND MYSTERIOUS CAR! LOOK, TERRY, THAT'S JANE ALLEN!
YEAH—AND PIPE THE BIG SIKH GUARDS! HEY! DON'T I KNOW THE GUY WITH JANE?
EXPLANATION COMING UP AFTER WE'RE AIRBORNE, TERRY... OKAY?
OKAY, JANE—I GUESS...
SPOOKY STUFF, TERRY! I FEEL LIKE A BALL CARRIER WHO DOESN'T KNOW WHICH IS HIS GOAL!
TAKE IT, CHAZZ! I'LL EASE BACK AND ASK THE LADY WHERE SHE WANTS TO GO BEFORE I THROW THE FLAG ON THE TAXI METER!
OH, TERRY, THANKS SO MUCH FOR GOING ALONG WITH THE COPS AND ROBBERS BUSINESS... I THINK YOU AND MR. CRISPIN HAVE MET!
DEETH CRISPIN! FROM HONGKONG, LONG BEFORE THE WAR—OF COURSE!

I INSIST YOU GO DOWN AND INVESTIGATE
A HUSBAND CERTAINLY IS A CONVENIENT THING FOR A WIFE TO HAVE
BLONDIE HELP IT REALLY IS A BURGLAR
I SAW HIM SILHOUETTED IN THE MOONLIGHT --I THREW THE PORTIERS OVER HIM
WE'LL TIE THIS CLOTHES LINE AROUND HIM
MY POP DID IT ALL BY HIMSELF!
THIS IS THE WAY WE LIKE TO TAKE THEM IN-- ALL WRAPPED UP IN A PACKAGE
CONGRATULATIONS, MR. BUMSTEAD
YOU'RE A HERO, POP
WE'RE ALL SO PROUD OF YOU
I SURPRISED MYSELF--I DIDN'T KNOW I HAD IT IN ME
I DID--I'VE ALWAYS KNOWN YOU WERE WONDERFUL
OH, MY GOODNESS! I JUST HAPPENED TO REMEMBER SOMETHING
WHAT IS IT?
I GAVE THE BOSS OUR FRONT DOOR KEY AND TOLD HIM HE COULD SLEEP HERE ANYTIME HIS WIFE LOCKED HIM OUT
YOU'D BETTER RUSH TO THE POLICE STATION!
ARE YOU MAD AT ME, MR. DITHERS?

OH-TUT TUT, KAYO. WE WILL BUY YOU A JACK-O-LANTERN IN TOWN.
WHY SPEND MONEY WHEN THAT WHOLE PATCH OF PUMPKINS IS PRACTICALLY GOIN' TO WASTE, WILLIE?
LISTEN, FRIEND- I WILL GLADLY PAY YOU FOR THIS PUMPKIN, IF YOU WILL LEND ME A BUCK OR TWO.
NO! GET OFF OF MY PLACE!
THAT WAS OLD B.P. DOUGH, TH' MULTIMILLIONAIRE. AND I WOULDN'T BE LIKE THE OLD CRAB FOR A MILLION BUCKS.
WOULDJA FOR TWO MILLION?
NO-NOT EVEN FOR FIVE MILLION
HOW ABOUT TEN MILLION?
WELL, NOW, KAYO- YOU'RE TALKIN' BIG DOUGH.
KERASH!
HELLO- WOT'S THAT?
TH' OLD GEEZER'S RUN HIS ROADSTER OFF TH' BRIDGE.
HELP!
YOU WASN'T SO ANXIOUS TO DO ME A FAVOR A MOMENT AGO, MR. DOUGH.
WELL, THIS WATER'S COLD! I'LL GIVE YOU $1000 TO DO ME ONE NOW.
OKAY- SINCE YOU PUT IT THAT WAY, PAL.
BR-R-RR-ANYHOW IT AIN'T EVERYBODY WHICH GETS A CHECK FOR $1,000 FROM A BONI-FIDE MULTI-MILLIONAIRE.
GEE! LEMME SEE IT, UNCLE WILLIE.
10-27
WOTTA YOU MEAN, MAMIE, YOU COULDA WROTE A CHECK LIKE THAT FOR A MILLION?
THEY AIN'T ANY SIGNATURE ON IT.

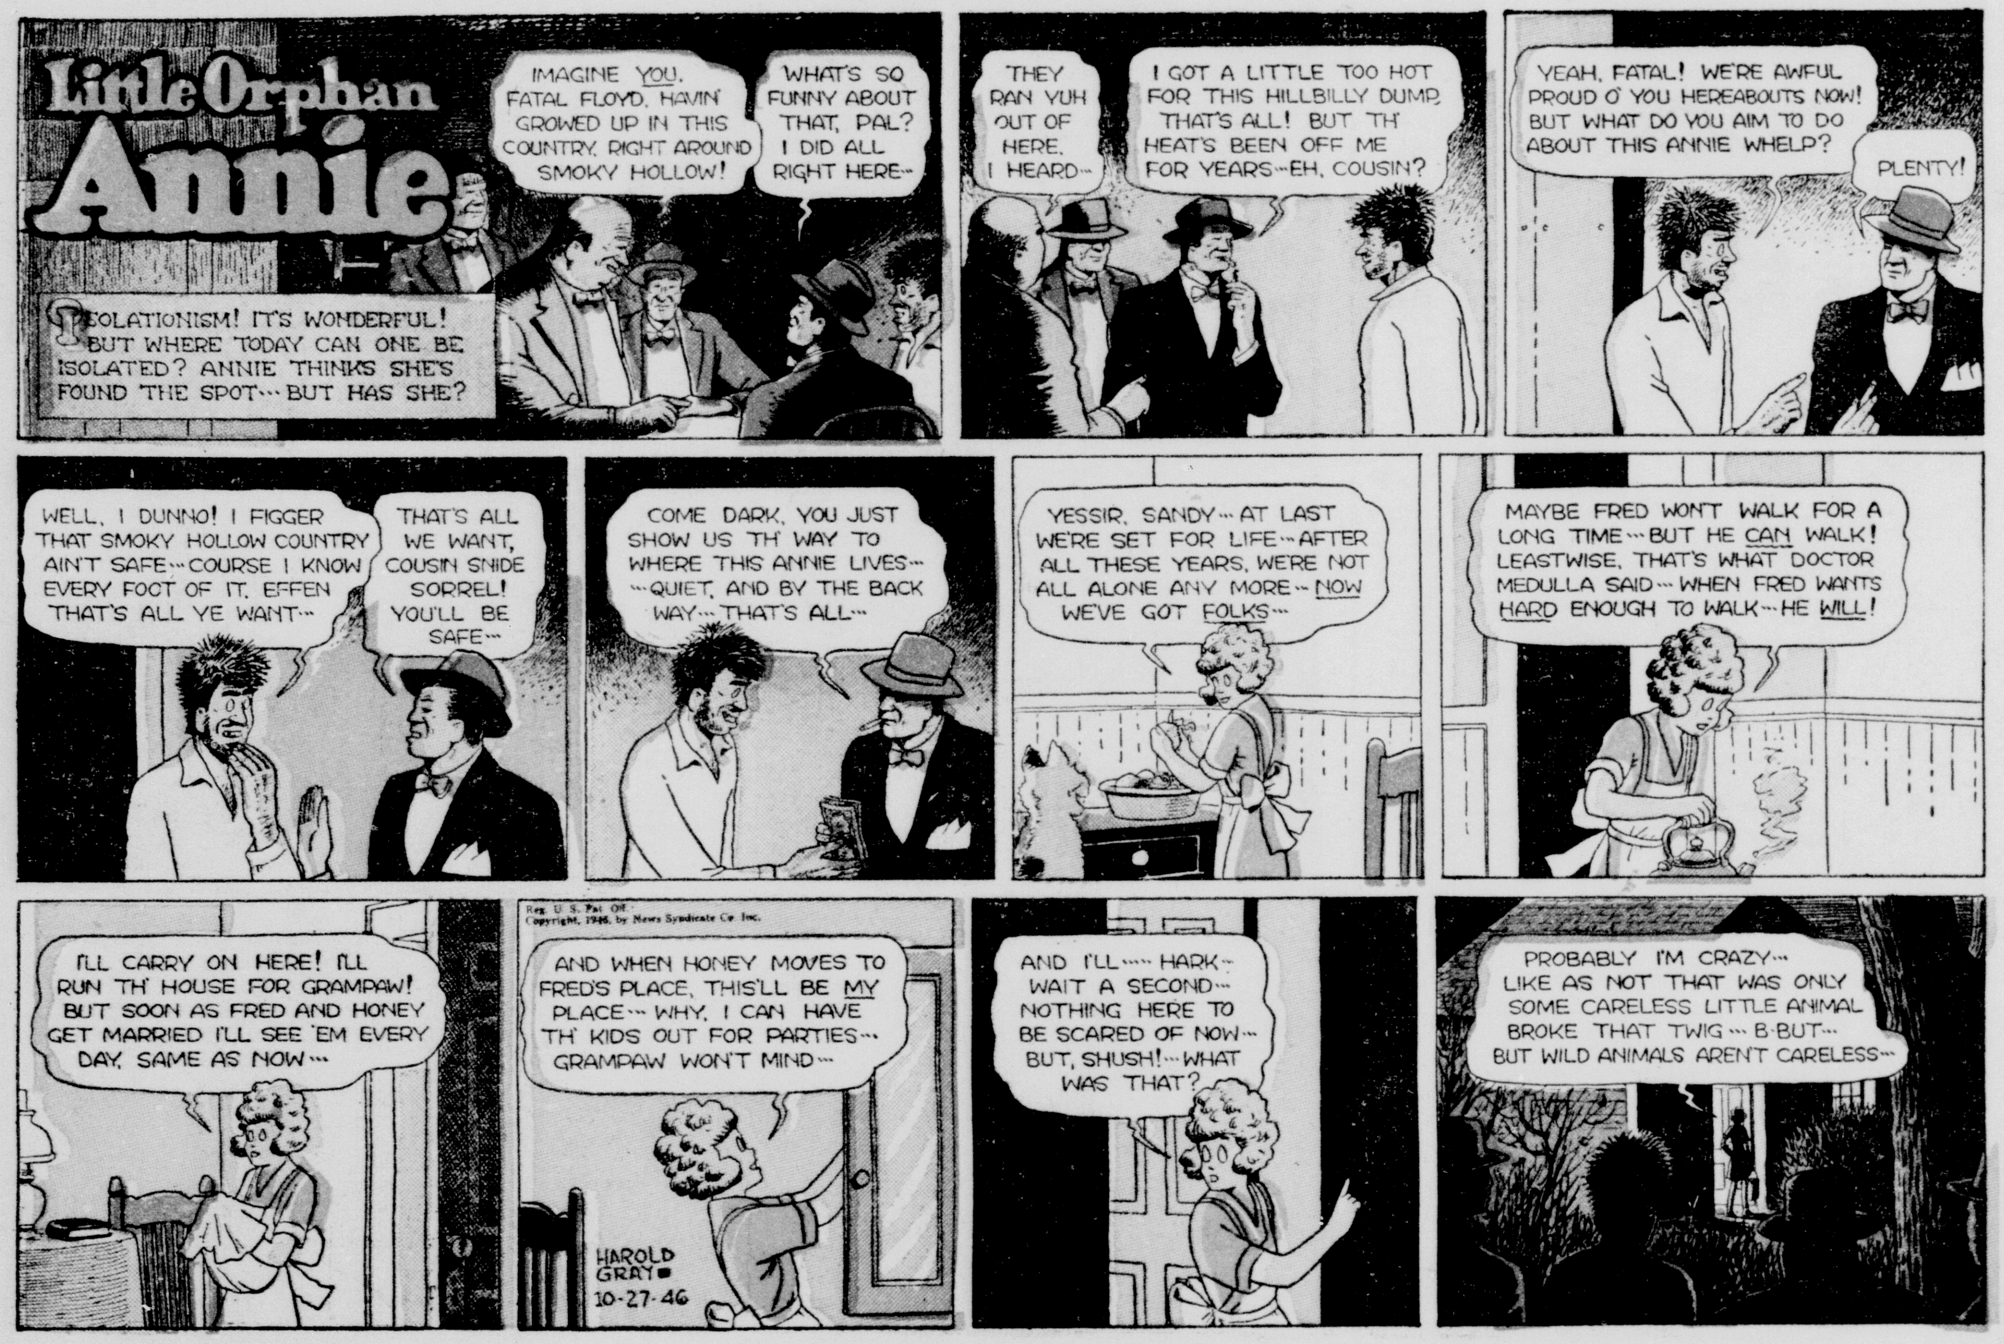
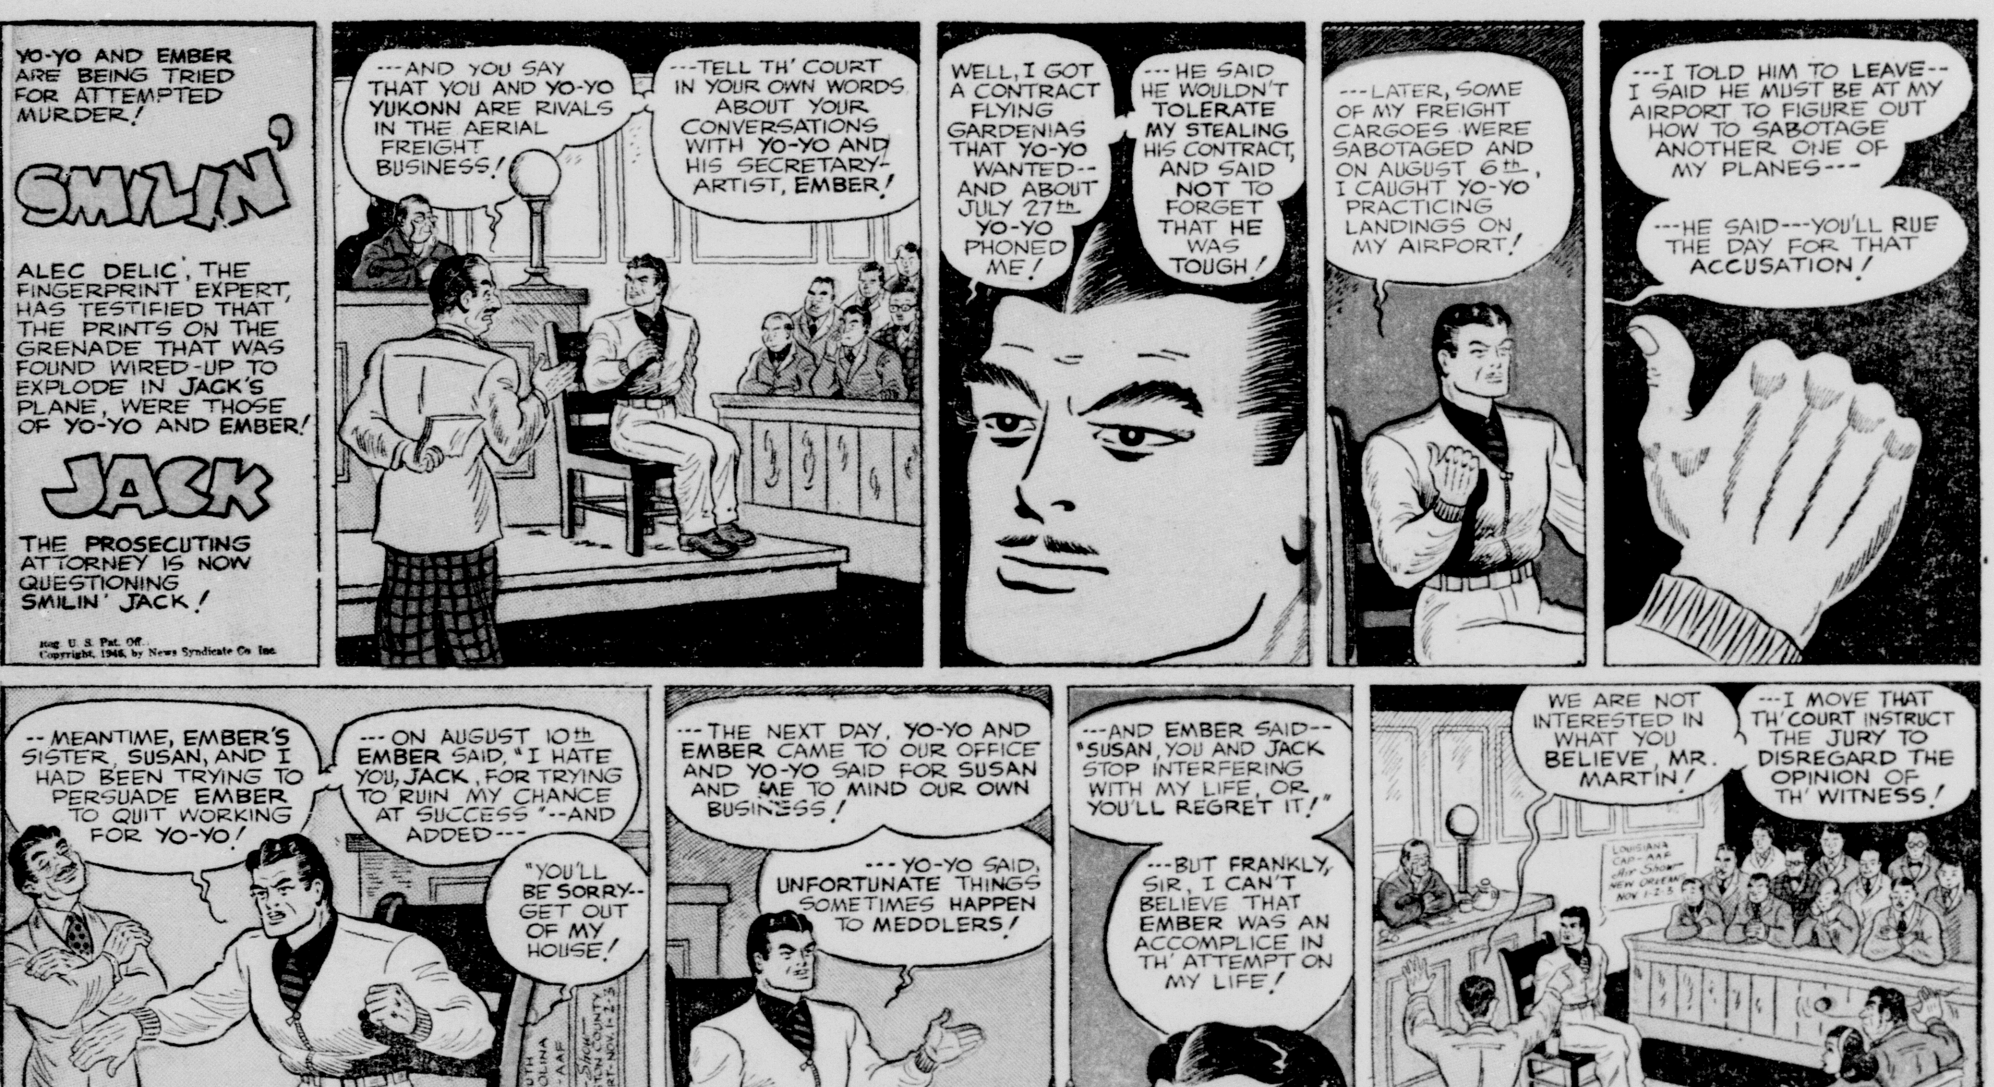
JUST ACT UNCONCERNED-
OH -- GOOD AFTERNOON!
HOW DO YOU DO? ARE YOU GENTLEMEN PROGRESSING FAVORABLY?
JUST FINE - JUST FINE, MY FRIEND!
WE HOPE --
NEXT DAY
SEEMS TOO GOOD TO BE TRUE, DR. MOTA! THAT POLICEMAN DIDN'T HEAR US-AFTER ALL-
I HOPE NOT- BY NOW. THE DICTATOR AND HIS GANG HAVE MY INVITATION TO THE GAMMA RAY MACHINE DEMONSTRATION!
WHEN IS THE DEMONSTRATION?
TONIGHT - IF HE! ACCEPTS! ---- SH-H- HERE COMES ONE OF THOSE INFERNAL POLICEMEN!
THE GOVERNOR THANKS YOU FOR THE INVITATION TO VIEW YOUR NEW RAY MACHINE - HE AND HIS STAFF WILL BE IN THE AUDITORIUM AT EIGHT TONIGHT -
T-THANK YOU-
THIS IS IT, DR. MOTA- EXTERMINATION NIGHT! TURN ON THE MACHINE AND THOSE RATS'LL BE NOTHING BUT A BAD MEMORY-
I PERFER TO CALL IT LIBERATION NIGHT— BUT COME- WE HAVE MUCH TO DO!
LATER...
THIS DELICATE MACHINE MUST BE SET UP JUST RIGHT- WE CANNOT AFFORD TO FAIL!
HURRY, DR. MOTA- THEY'RE ARRIVING NOW!
WH!-- OUR CHILDREN! WE'RE S-SUNK!



Little Orphan Annie
ISOLATIONISM! IT'S WONDERFUL! BUT WHERE TODAY CAN ONE BE ISOLATED? ANNIE THINKS SHE'S FOUND THE SPOT··· BUT HAS SHE?
IMAGINE YOU, FATAL FLOYD, HAVIN' GROWED UP IN THIS COUNTRY, RIGHT AROUND SMOKY HOLLOW!
WHAT'S SO FUNNY ABOUT THAT, PAL? I DID ALL RIGHT HERE···
THEY RAN YUH OUT OF HERE, I HEARD···
I GOT A LITTLE TOO HOT FOR THIS HILLBILLY DUMP, THAT'S ALL! BUT TH' HEAT'S BEEN OFF ME FOR YEARS···EH, COUSIN?
YEAH, FATAL! WE'RE AWFUL PROUD O' YOU HEREABOUTS NOW! BUT WHAT DO YOU AIM TO DO ABOUT THIS ANNIE WHELP?
PLENTY!
WELL, I DUNNO! I FIGGER THAT SMOKY HOLLOW COUNTRY AIN'T SAFE···COURSE I KNOW EVERY FOOT OF IT. EFFEN THAT'S ALL YE WANT···
THAT'S ALL WE WANT, COUSIN SNIDE SORREL! YOU'LL BE SAFE···
COME DARK, YOU JUST SHOW US TH' WAY TO WHERE THIS ANNIE LIVES··· ···QUIET, AND BY THE BACK WAY···THAT'S ALL···
YESSIR, SANDY···AT LAST WE'RE SET FOR LIFE···AFTER ALL THESE YEARS, WE'RE NOT ALL ALONE ANY MORE···NOW WE'VE GOT FOLKS···
MAYBE FRED WON'T WALK FOR A LONG TIME···BUT HE CAN WALK! LEASTWISE, THAT'S WHAT DOCTOR MEDULLA SAID···WHEN FRED WANTS HARD ENOUGH TO WALK···HE WILL!
I'LL CARRY ON HERE! I'LL RUN TH' HOUSE FOR GRAMPAW! BUT SOON AS FRED AND HONEY GET MARRIED I'LL SEE 'EM EVERY DAY, SAME AS NOW···
Reg. U. S. Pat. Off. Copyright, 1946, by News Syndicate Co. Inc.
AND WHEN HONEY MOVES TO FRED'S PLACE, THIS'LL BE MY PLACE···WHY, I CAN HAVE TH' KIDS OUT FOR PARTIES··· GRAMPAW WON'T MIND···
HAROLD GRAY
10-27-46
AND I'LL····HARK··· WAIT A SECOND··· NOTHING HERE TO BE SCARED OF NOW··· BUT, SHUSH!···WHAT WAS THAT?
PROBABLY I'M CRAZY··· LIKE AS NOT THAT WAS ONLY SOME CARELESS LITTLE ANIMAL BROKE THAT TWIG···B-BUT··· BUT WILD ANIMALS AREN'T CARELESS···



YO-YO AND EMBER ARE BEING TRIED FOR ATTEMPTED MURDER!
SMILIN' JACK
ALEC DELIC, THE FINGERPRINT EXPERT, HAS TESTIFIED THAT THE PRINTS ON THE GRENADE THAT WAS FOUND WIRED-UP TO EXPLODE IN JACK'S PLANE, WERE THOSE OF YO-YO AND EMBER!
THE PROSECUTING ATTORNEY IS NOW QUESTIONING SMILIN' JACK!

---AND YOU SAY THAT YOU AND YO-YO YUKONN ARE RIVALS IN THE AERIAL FREIGHT BUSINESS!
---TELL TH' COURT IN YOUR OWN WORDS ABOUT YOUR CONVERSATIONS WITH YO-YO AND HIS SECRETARY-ARTIST, EMBER!
WELL, I GOT A CONTRACT FLYING GARDENIAS THAT YO-YO WANTED--AND ABOUT JULY 27th YO-YO PHONED ME!
---HE SAID HE WOULDN'T TOLERATE MY STEALING HIS CONTRACT, AND SAID NOT TO FORGET THAT HE WAS TOUGH!
---LATER, SOME OF MY FREIGHT CARGOES WERE SABOTAGED AND ON AUGUST 6th, I CAUGHT YO-YO PRACTICING LANDINGS ON MY AIRPORT!
---I TOLD HIM TO LEAVE--I SAID HE MUST BE AT MY AIRPORT TO FIGURE OUT HOW TO SABOTAGE ANOTHER ONE OF MY PLANES---
---HE SAID---YOU'LL RUE THE DAY FOR THAT ACCUSATION!
--MEANTIME, EMBER'S SISTER, SUSAN, AND I HAD BEEN TRYING TO PERSUADE EMBER TO QUIT WORKING FOR YO-YO!
---ON AUGUST 10th EMBER SAID, "I HATE YOU, JACK, FOR TRYING TO RUIN MY CHANCE AT SUCCESS"--AND ADDED---
"YOU'LL BE SORRY--GET OUT OF MY HOUSE!
